West 'Big 2' Drops Plans Of Kennedy

Check On Secret Soviet Atom Tests Held Impractical

GENEVA (AP) — The United States and Britain were reported today to have dropped proposals by President Kennedy for a sweeping international inspection system to safeguard against secret Soviet preparations for nuclear weapon tests.

A high Western source said U.S. and British experts had advised Secretary of State Dean Rusk and British Foreign Secretary Lord Home that the President's proposal was impractical because of continued Russian opposition to widespread foreign inspection behind the Soviet frontiers.

Rusk and Home were reported to believe the best they can hope to negotiate is an agreement providing for some sort of spot checks in known testing areas.

Kennedy recently cited the need for safeguards against secret test preparations because the West was taken in by the Russians last year. The Soviet Union began a surprise series of nuclear tests while still negotiating in Geneva for a test ban treaty.

Informants said the Russians, in informal talks going on here in preparation for the 17-nation disarmament conference opening Wednesday, stood firm on their old position that on-the-spot inspection is no longer necessary to detect nuclear blasts. They contend that detection instruments are now so highly developed they can detect nuclear explosions anywhere.

The Russians released a rehash of Soviet disarmament proposals Monday which Soviet Foreign Minister Andrei Gromyko is expected to put before the disarmament conference.

Replying to questionnaires from acting U.N. Secretary-General U Thant, Gromyko called for an international convention banning the use of nuclear weapons; a pledge by the United States, Britain, France and the Soviet Union not to turn over nuclear weapons or information on how to produce them to other countries; a pledge by the non-nuclear countries not to produce or acquire nuclear weapons or allow their stationing on their territory, and the designation of Africa and central Europe as atom-free zones from which nuclear weapons would be barred.

Gromyko's letters as usual said nothing about measures to enforce such nuclear bans.

West German Foreign Minister Gerhard Schroeder joined the roster of Western statesmen meeting informally today with Gromyko to discuss major conflicts between East and West.

West Germany will not attend the disarmament conference, but from his hotel in nearby Lausanne Schroeder has been holding a busy round of talks with Western leaders to keep the viewpoint of Chancellor Konrad Adenauer's government before them.

The Berlin dispute dominated Rusk's talks with Gromyko Monday. One official said much of the discussion dwelt on the Communist harrassment in the Berlin air corridors and in the city itself.

Truce Accord Due Today In Algerian War

Both Sides Cast Doubt On Reports Being Circulated

EVIAN, France (AP)—Persistent reports circulated that the French and the Algerian rebels would sign a cease-fire agreement today. But informants on both sides cast doubt on the reports.

The semi-official French News Agency reported that the end of the 7½-year war in Algeria would be announced today. An informant close to the French delegation said, "I would not like to make a guess like that."

A source in the Algerian delegation said there were still several points to be ironed out.

The Algerian source said agreement still had not been reached on the makeup of the interim provisional regime to govern Algeria until the self-determination referendum which is expected to make the North African territory independent.

The French Ministry of Information in a communique Monday night said no date had yet been fixed for signing of an agreement.

The nine-man Algerian rebel delegation and the 12-man French delegation negotiated for nearly nine hours Monday. The session ran about three hours longer than the previous meetings, and word immediately spread that a final accord had been reached.

India Affair Honors Wife Of President

NEW DELHI, India (AP)—Jacqueline Kennedy rested today from her hard trip from Washington and after 12 hours of sleep drove off bareheaded to a glittering luncheon given by Indian President Rajendra Prasad.

Tired out after the excitement of her arrival in India Monday and only 3½ hours of sleep on her flight from Rome, the U.S. president's wife slept late this morning and did not appear in public until she went to the sprawling presidential palace for lunch.

Prasad invited 79 guests, including top government officials and their wives, to meet Mrs. Kennedy and her sister, Princess Lee Radziwill.

The ailing, 77-year-old president sat on the sidelines while Prime Minister Nehru escorted Mrs. Kennedy around the horseshoe-shaped line of guests.

Mrs. Kennedy shook hands with everyone. She wore a cool green, sleeveless linen dress by her official designer, Oleg Cassini, three strands of pearls and beige shoes. A white linen bow was pinned in the back of her hair.

Princess Radziwill also wore green, a sleeveless silk print.

1,000 To Seek Posts On Party Committees

About 1,000 petitions were received by the deadline Monday at 4 p. m. at the Beaver County Bureau of Elections of those seeking election in the May 15 primary as Republican and Democrat committeemen and committeewomen.

The bureau said it started work today compiling the names. They may be announced about Friday.

There are 244 Democrats and 244 Republicans to be elected as committee members, including one woman and one man from each of the county's 122 precincts for each party.

A roll-off for ballot places is scheduled for Friday at 1 p. m. in the Assembly Room of the Courthouse at Beaver.

Operation Successful On Kennedy's Mother

BOSTON (AP)—Mrs. Joseph P. Kennedy, 71, mother of the President, today underwent a successful operation for relief of a pelvic hernia. At the conclusion, her doctor said her condition was "excellent."

Mrs. Kennedy was on the operating table for an hour and five minutes.

The operation was performed by Dr. Roy J. Heffernan, a gynecologist, at St. Elizabeth's Hospital starting at 8 a.m. Mrs. Kennedy was taken to a recovery room shortly after 9 a.m.

8 Tentatively On Panel For Murder Trial

Jury In Boyd Case May Not Be Seated At Session Today

Laborious selection of a first degree murder trial jury continued today at Lisbon for William P. Boyd Jr., 22-year-old city handyman charged with the slaying of his estranged teen-aged wife in November.

Only eight prospective jurors had been seated by 11 a. m. as the questioning of the venire continued, and there was some doubt if the panel would be completed today.

Each prospective juror is being questioned closely by Atty. Robert Kapp and Atty. Ben Berman, counsel for Boyd, and by County Prosecutor G. William Brokaw.

Six women and two men have been picked tentatively for the jury, and once 12 panel members are seated, then the defense and prosecution is entitled to six peremptory challenges each.

Seated this morning were Edward Taylor and Mildred Larcombe of East Liverpool; Rachel McCauley, Frank Vermillion and Jolen Peller of Wellsville; Alice L. Crawford of Lisbon and Avon Heltman and Jeanette Kells of Salem.

Questions to the venire have been made in connection with their knowledge of the case and opinions concerning intoxication, marital infidelity and capital punishment.

Kennedy Submits $4.8 Billion Aid Plan To Congress

Held Vital To Combat Red Threat

President Draws Line Against Cut; Hearings To Open

WASHINGTON (AP)—President Kennedy formally submitted a $4,878,500,000 foreign aid program to Congress today. He insisted every dollar is vitally needed to combat threats of communism, chaos and tyranny in other lands.

Kennedy drew a line against cutting the appropriation in a special message to Capitol Hill. Members of Congress always are inclined to cut the vast program —and show little inclination to break the habit this time.

Some of the appropriations require authorizing legislation. Hearings get under way Wednesday before the House Foreign Affairs Committee.

Except for fresh words of persuasion, the presidential message generally follows in all essentials previews of the aid program for the 1963 fiscal year already presented in Kennedy's budget and State of the Union message.

The President proposed $3,378,500,000 of appropriations for economic help and $1,500,000,000 for military assistance, to make up the $4,878,500,000 total.

Last year he asked for a total of $4,806,000,000 and got only $3,914,500,000 — a reduction of $891,500,000. Congress provided $2,314,500,000 for economic and $1,600,000,000 for military aid.

Expenditures, which always trail behind appropriations, would go up from an expected $1,935,000,000 to $2,235,000,000 for economic assistance for the 1962 and 1963 fiscal years. Those for military aid would remain unchanged at $1.4 billion for each year.

Kennedy said his recommendations are based on careful examination or urgent needs. The amounts in every category, he said, are essential to achieving the goal of strengthening developing countries to meet the stress of rapid change and to "repel Communist efforts to exploit such stress."

Contending that slashes by Congress would be hazardous, the chief executive said: "We should know by now that where weakness and dependence are not transformed into strength and self-reliance, we can expect only chaos, and then tyranny, to follow."

Aims At Driving Bill Through Congress

White House Coordinates Effort For Medical Care

WASHINGTON (AP) — The White House is coordinating a massive grass roots effort aimed at driving President Kennedy's medical care program through Congress.

Administration sources point to Kennedy's engagement to address a rally boosting his program in New York's Madison Square Garden May 20 as an example of how much energy will go into the effort.

Kennedy accepted an invitation Monday to appear at the Madison Square Garden rally sponsored by an organization called the National Council of Senior Citizens and the Golden Ring Clubs of New York. White House press secretary Pierre Salinger said later the White House would welcome requests from networks interested in putting the event on television and radio.

Richard Maguire, a White House assistant, is understood to be coordinating and counseling outside organizations which back Kennedy's program to finance medical care for the aged through Social Security.

The purpose is to whip up broad public support for the administration plan and to direct that support toward influencing members of Congress to adopt it against vigorous opposition of the American Medical Association and insurance groups.

The Democratic National Committee also intends to print and distribute material promoting the Social Security approach to care of the aged.

The National Council of Senior Citizens is one of the major vehicles for pushing the campaign. The council was launched only last year but already claims the backing of a half million men and women around the country, many of them associated with local Golden Age clubs and other organizations of senior citizens.

The council is an outgrowth of Senior Citizens for Kennedy. Former Rep. Aime Forand, D-R.I., headed that unit in the 1960 presidential campaign and is chairman of the revived council. Forand was an ardent advocate of a broad scale plan to defray costs of caring for older citizens while he served in Congress.

Secretary of Welfare Abraham Ribicoff has been speaking frequently around the country in support of the Social Security method and attacking the AMA for its opposition.

Castro Says Major Issues Facing Cuba

Bares Rationing Of Food; Blames U.S. 'Brutal Blockade'

HAVANA (AP)—Prime Minister Fidel Castro, admitting his 3-year-old revolution faces serious problems, announced drastic rationing of food and other staples Monday night and declared: "We are ashamed of not fulfilling the promises made."

Castro blamed the current hardships on counter-revolutionary elements and "the brutal economic blockade"—the U.S. embargo President Kennedy ordered last month on shipments to Cuba of nearly all American goods except medical supplies.

The bearded prime minister also admitted that his regime had made serious blunders in planning "because we made subjective analyses."

"The most serious problem of the revolution is that of supplies," he told the Cuban people in a radio-television speech. "This problem will put to the test the capacity of the revolution and the revolutionaries. There are thorns in the path."

Castro was unsmiling and his tone was often bitter as he reneged on his promise last July that food rationing in Cuba would end toward the middle of the year.

He said nationwide rationing of rice and all types of beans—basic items in the Cuban diet—and of lard and cooking oils will begin next Monday.

Every Cuban will be limited to

Police Locate Stolen Truck; Cargo's Gone

With a cargo of stolen scrap metal missing, a truck taken from a River Rd. junk yard Saturday night or Sunday was found abandoned in Beaver County Monday afternoon by officers of the Pennsylvania State Police barracks at Beaver Falls.

The 1956 model half-ton pickup was taken by burglars who removed scrap metal valued at approximately $900 from the Caplan Junk Yard, operated by Nathan Caplan.

The state police found it abandoned on Route 168 in South Beaver Township, about a mile south of the intersection with Route 251. State police released the truck to the owner about 3:30 yesterday.

The burglars used the truck to haul away mercury, copper wire and scrap auto radiators. Other miscellaneous items that were taken raised the total value of the loot to approximately $1,000, police said.

In addition, the intruders vandalized a large set of scales at the scrap yard, causing $1,000 damage.

The burglary was discovered Sunday morning. Police said the

Board To Cut Staff With 334 Students Changing Schools

The Midland Board of Education Monday night adopted a resolution to furlough three teachers for the 1962-1963 term due to an expected decrease in the number of high school students.

The board also received a letter from Miss Margaret Hogan, elementary supervising principal, which announced her retirement at the end of the current school year. She was hired as a teacher in 1915.

The three teachers slated for layoffs next term, and until their services are required, are Phillip Tridico, Miss Monica Shone and Charles Mershimer.

The Western Beaver County Board of Education has recalled about 350 tuition paying students, including 334 from Midland, as the new Western Beaver junior-senior high school will be opened next fall.

7 Dead Of Salt-Laden Formula

Specialist Joins Experts In Bid To Save 4 Babies

BINGHAMTON, N.Y. (AP)—A Johns Hopkins specialist joined teams of experts today in the battle to save four critically ill babies fed a salt-laden formula at Binghamton General Hospital, where seven infants have died since Friday.

Dr. Lawrence Finberg of the Johns Hopkins Medical School faculty, flew from Baltimore to aid in the round-the-clock effort.

Ten babies who were given the formula, including the four in critical condition, still were in the city-owned hospital.

The seven deaths—three Friday, three Saturday and one Monday—were being investigated by state, local and hospital authorities.

Dr. Jason K. Moyer, hospital medical director, said one of the babies who died had not been fed the salt formula.

He said 17 other infants who drank the formula since have been discharged.

"We are not sure whether sodium intoxication (salt poisoning) was responsible for these deaths," Moyer told a news conference Monday night.

The cause of the deaths, he said, will not be known definitely until autopsies and laboratory tests are completed.

Finberg is an expert in dialysis, restoring chemical balance to the body. He joined Dr. John E. Kiley of Albany Medical College in directing the teams attempting to save the four. The treatment consists of removal and replacement of the infants' blood by transfusion.

Dr. John Ford, chief pediatrician at the hospital, said reports were more favorable that the infants would survive.

Ford said two of the infants were down to normal sodium (salt) levels and the salt levels

Charles Schmitt Named Midland Chamber's Head

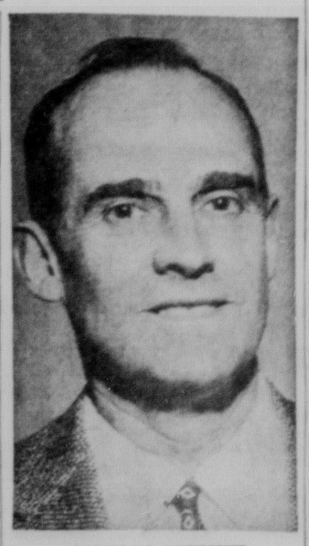

Charles R. Schmitt, who represents the Midland Works of the Crucible Steel Co. on the Board of Directors of the Midland Chamber of Commerce, was elected president at a meeting Monday evening.

He succeeds Charles L. Finley. Others elected at the annual reorganization are Paul McGeehan, vice president, and Miss Margaret Boston, one of five new directors, as treasurer. All terms are for one year, effective Feb. 1.

O. N. Carter is the executive secretary hired by the Chamber. The reorganization followed the recent balloting by mail when seven directors were re-elected and five newly elected.

Gunman Robs Steubenville Finance Firm

STEUBENVILLE, Ohio (AP)—A masked man robbed the downtown office of the Republic Finance Co. of an undetermined amount of money Monday night while holding six employes and four customers at gunpoint.

Manager Charles Margos said the man gave an employe a bag and told him to fill it with money. The robber then got up on a chair and told everyone to be quiet, Margos said.

The gunman disappeared in a crowd of shoppers.

Acts In Own Defense

Salesman's 'Legal Point' Poses Puzzle For Judge

Acting in his own defense, a door-to-door salesman for a Steubenville furnace company raised a legal question today in Municipal Court that brought the wheels of justice to a halt while Acting Judge Donald D. Shay delved into the law for aid in arriving at a decision.

The point was raised by Charles Edward Bane, arrested Monday afternoon on a charge of offering "certain goods" for sale in East Liverpool without first obtaining a license from the mayor's office.

His co-defendant is William E. Houchin, also of Steubenville. Both are representatives of the Holland Furnace Co. at Steubenville. Houchin was cited at 2:45 on Ohio Ave. and Bane was taken into custody at 3 in Peach Alley, police said. Both arrests were made by Patrolmen William A. Devon and Floyd K. Heddleston.

The two pleaded "no contest" when arraigned before the acting judge. Then Bane asked an opportunity to study the section of the City Code under which the charges were drawn. He pointed out it requires a license for sale of "goods, wares or other articles of value."

Bane told the court he feels the ordinance does not apply to the cases of the two salesmen because they were offering "only service." He said in their door-to-door calls the men offered "free safety inspections" of householder's furnaces. But he asserted that labor is not a commodity as defined in the ordinance requiring a salesman's license.

"We were not selling goods or merchandise, we were only offering service for burners or grates," Bane told the court. "I was solicit-

7 Dead Of Salt-Laden Formula

Specialist Joins Experts In Bid To Save 4 Babies

BINGHAMTON, N.Y. (AP)—A Johns Hopkins specialist joined teams of experts today in the battle to save four critically ill babies fed a salt-laden formula at Binghamton General Hospital, where seven infants have died since Friday.

Dr. Lawrence Finberg of the Johns Hopkins Medical School faculty, flew from Baltimore to aid in the round-the-clock effort.

Ten babies who were given the formula, including the four in critical condition, still were in the city-owned hospital.

The seven deaths—three Friday, three Saturday and one Monday—were being investigated by state, local and hospital authorities.

Dr. Jason K. Moyer, hospital medical director, said one of the babies who died had not been fed the salt formula.

He said 17 other infants who drank the formula since have been discharged.

"We are not sure whether sodium intoxication (salt poisoning) was responsible for these deaths," Moyer told a news conference Monday night.

The cause of the deaths, he said, will not be known definitely until autopsies and laboratory tests are completed.

Finberg is an expert in dialysis, restoring chemical balance to the body. He joined Dr. John E. Kiley of Albany Medical College in directing the teams attempting to save the four. The treatment consists of removal and replacement of the infants' blood by transfusion.

Dr. John Ford, chief pediatrician at the hospital, said reports were more favorable that the infants would survive.

Ford said two of the infants were down to normal sodium (salt) levels and the salt levels

Board Reorganizes

Charles Schmitt Named Midland Chamber's Head

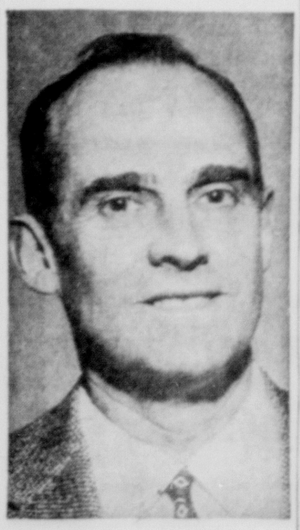

Charles R. Schmitt, who represents the Midland Works of the Crucible Steel Co. on the Board of Directors of the Midland Chamber of Commerce, was elected president at a meeting Monday evening.

He succeeds Charles L. Finley. Others elected at the annual reorganization are Paul McGeehan, vice president, and Miss Margaret Boston, one of five new directors, as treasurer. All terms are for one year, effective Feb. 1.

O. N. Carter is the executive secretary hired by the Chamber. The reorganization followed the recent balloting by mail when seven directors were re-elected and five newly elected.

Schmitt, divisional superintendent of flat rolled products at the Midland Works, has been with the company 29 years. He was elected

Gunman Robs Steubenville Finance Firm

STEUBENVILLE, Ohio (AP)—A masked man robbed the downtown office of the Republic Finance Co. of an undetermined amount of money Monday night while holding six employes and four customers at gunpoint.

Manager Charles Margos said the man gave an employe a bag and told him to fill it with money. The robber then got up on a chair and told everyone to be quiet, Margos said.

The gunman disappeared in a crowd of shoppers.

Acts In Own Defense

Salesman's 'Legal Point' Poses Puzzle For Judge

Acting in his own defense, a door-to-door salesman for a Steubenville furnace company raised a legal question today in Municipal Court that brought the wheels of justice to a halt while Acting Judge Donald D. Shay delved into the law for aid in arriving at a decision.

The point was raised by Charles Edward Bane, arrested Monday afternoon on a charge of offering "certain goods" for sale in East Liverpool without first obtaining a license from the mayor's office.

His co-defendant is William E. Houchin, also of Steubenville. Both are representatives of the Holland Furnace Co. at Steubenville. Houchin was cited at 2:45 on Ohio Ave. and Bane was taken into custody at 3 in Peach Alley, police said. Both arrests were made by Patrolmen William A. Devon and Floyd K. Heddleston.

The two pleaded "no contest" when arraigned before the acting judge. Then Bane asked an opportunity to study the section of the City Code under which the charges were drawn. He pointed out it requires a license for sale of "goods, wares or other articles of value."

Bane told the court he feels the ordinance does not apply to the cases of the two salesmen because they were offering "only service." He said in their door-to-door calls the men offered "free safety inspections" of householder's furnaces. But he asserted that labor is not a commodity as defined in the ordinance requiring a salesman's license.

"We were not selling goods or merchandise, we were only offering service for burners or grates," Bane told the court. "I was solicit-

Officers Are Re-Elected By Firemen At Midland

Midland Volunteer Fire Co. No. 1 re-elected its officers Monday night and Acting Fire Chief Vincent D'Itri at the same time reappointed the company's fire-fighting officers.

In the election, Tony Monaco was returned as president, Sam Zuppe vice president, Angelo Tozana treasurer and Tony Nutz, secretary.

The chief reappointed Tony Monaco assistant chief, Ollie Hamel captain, Daniel Orlando, Dominic Zuppe and Al Monaco lieutenants and Tozana and Andy Rosepiler engineers.

Firemen reset their annual banquet for May 12. It had been planned for April originally, but was postponed because of other events. The place will be announced later.

Committees for the dinner include Bud Cook and Tozana, food and entertainment; Tony Verzilli and Mike Borato, gifts; William Monac, decorations; and D'Itri and Tony Monaco, invitations. Firemen also discussed gifts to be awarded past presidents at the dinner.

D'Itri reported that a letter from the Borough of Ohioville announced that its Council has passed a resolution to assist Midland under a mutual fire-fighting agreement. Midland Council in turn will adopt a resolution to aid Ohioville.

Firemen also discussed literature on various types of bus fires. Plans are being made to purchase dress uniforms for firemen to wear on special occasions.

Bills were ordered paid. The next meeting will be April 9 in the Borough Building.

Racket Cases Wait Study Of Federal Jury

MARTINSBURG — The cases of 11 men arrested by FBI agents last December in rackets raids in Wheeling and Weirton were to be considered by a Federal Grand Jury convening here today.

Five of the men were picked up in a raid on what agents claimed was a numbers racket operation at the Jolly Bar in Wheeling. The other six were arrested in raids on alleged horse - betting operations at the Saddle Oyster Bar in Wheeling and the State Cigar Store in Weirton.

The men arrested at the Jolly Bar are Anthony J. Zambito of Wheeling, the owner; Arthur C. Hale of Blaine, Ohio; James J. Rogerson of Martins Ferry, Tom Scarbor of Wheeling and Alfred Prim of Triadelphia.

Federal Judge Charles F. Paul of Wheeling dismissed the charges against Scarbor and Prim. However, U. S. District Attorney Robert E. Maxwell said their cases still would be considered by the Grand Jury here because Judge Paul's finding referred only to evidence presented at a preliminary hearing before U. S. Commissioner Nell Moran in Wheeling.

The six arrested in raids on alleged horsebook establishments are Philip J. Hankish, 26, of Martins Ferry; Albert M. Downing, 34; Howard Allen, 41, and Carl Yacquinta, 30, all of Wheeling, and Nick Vukovich, 51, and Louis Gresko, 42, both of Weirton.

FBI agents made the raids under new anti-racketeering legislation passed by Congress last year in an effort to curb interstate movement of wagering information and interstate numbers operations.

Shrine Club May Charter Bus To Cleveland Show

The East Liverpool Shrine Club discussed plans Monday evening for members and families to attend a Shrine water carnival in Cleveland, Saturday, March 31.

If there is enough interest in the trip, a bus will be chartered. For reservations, members may call Paul Taylor.

It was reported that Dr. H. A. Sofield, surgeon general of the Chicago Children's Hospital, will speak at the Youngstown Masonic Temple May 17. The club is planning for about 50 from East Liverpool to attend.

Committee reports were made on crippled children and also on a Tri-State dance to be held in June at Rock Springs Park.

Member visitation was suggested between East Liverpool, Salem and Youngstown Shrine Clubs.

About 40 attended the meeting at the Casting Club with Irvin (Dutch) Vorndran, president, presiding. Lunch followed.

Wreck Investigation Continues In Hancock

Hancock County sheriff's deputies are continuing an investigation into a two-car crash Saturday at 11:25 a. m. on the Route 30 Chester Hill in which damage was set at $800.

The accident involved the eastbound station wagon of Sumner J. Greenwood, 59, of Georgetown and a half-ton truck headed west. Deputies did not identify the truck driver immediately.

The sheriff's office said the driver of the truck skidded sideways, crossed the center of the road and struck the station wagon on the left side. The accident report lists the truck owner as Robert E. Fryer, 107 E. 3rd St., East Liverpool.

Deputies estimated $600 damage to the station wagon of Greenwood, retired lockmaster of abandoned Dam 7 at Midland, and $200 to the truck. Neither driver was injured.

Board Airs Excess Bids

The possibility of seeking new bids for the planned Southern Local School District high school because present offers exceed available funds was aired at a special meeting of the Board of Education Monday night.

Robert Beatty, East Liverpool architect, reported on studies of the bids being made by the buildings division of the Ohio Department of Education at Columbus, and said the board is slated for an opinion on the bids from T. V. Utterback, supervisor.

A bond issue of $356,000 from the district and a state grant of $404,000 have been allotted for the new school east of Salineville and for repairs to No. 16 and Highlandtown Schools.

It has been indicated the present bids exceed the total project by some $40,000 for the type of school the board seeks.

The board agreed to wait further information from state officials.

Newell Firemen Push Plans On Carnival In July

Newell volunteer firemen advanced plans for their annual benefit celebration and carnival in July at a meeting Monday night in the fire hall.

All civic organizations planning to sponsor booths or concession stands in the firemen's carnival July 14-21 at Clark Field are to contact the committee as soon as possible to advise firemen on the type of booths they will operate.

Organizations are to contact Dick Rayburn, Don Foltz, Gene Lytton, Bob Mercer or Robert Beckett.

Gene Lytton read proposed changes in the constitution and bylaws. Charles Lee, president, named Rayburn and Earl Flesch to the bylaws committee.

Clarence Deeds appeared in person to thank firemen for quelling a grass fire on his farm near Tomlinson Run State Park recently. Chief Arch Coen reported on alarms answered by firemen.

Next meeting is March 26 and practice will be held in fire-fighting. Lunch will be served by Vern Betteridge, Paul Rayburn and Pete Lamp.

Motorists Love It: Sweet-Talk To Safety

BOSTON (AP) — Massachusetts motorists are being "sweet-talked" to safety.

Motor Vehicles Registrar Clement A. Riley says accidents on Boston's Southeast Expressway have been reduced more than 90 per cent since he assigned two pleasant young officers to patrol the route.

The personable motorcycle officers never resort to the time-worn demand: "Where do you think you're going, to a fire?"

Their approach is more like this: "Good morning. I hesitated to stop you, but I thought I should for your own safety and that of others. You're traveling a little too fast. Won't you please reduce your speed and observe other safety rules?

"I know you will, now that you realize the danger in fast driving. Have a happy trip—and good luck."

Motorists love it, Riley says.

visit the scene of the slaying, but court officials were uncertain if the bus trip would be taken before opening statements, it depending on the time of day the jury is completed.

Boyd, attired in a dark suit, sat quietly at the defense table this morning as selection of a panel continued. The trial began Monday before Judge Raymond Buzzard.

He was indicted for the murder of his wife, Nancy Lee, whose body was discovered along Beaver Creek Nov. 16, beaten about the head and killed with a shotgun blast.

Boyd allegedly confessed the slaying after a lie detector test at Lisbon. He claimed they quarreled about her conduct with other men during a drive in the creek area Nov. 5, and while fixing a flat at the deserted site, he suddenly became angry and threw a tire iron at her.

He dragged her off the lonely road, and then shot her in the head with a 12-gauge weapon, according to Sheriff Russell VanFossan, who headed the investigation.

Stolen Midland Truck Left Here

A 1952 International pickup truck of the Midland Slag Co., stolen sometime Monday night, was found by East Liverpool Police at 3 this morning, abandoned at E. 4th St. and Washington Sts.

The truck was found by Patrolmen Paul Carter and Jerry Adkins. Midland police were notified at 5 a. m. and a check of the Pennsylvania state registration showed it belonged to Midland Slag.

H. A. Snow, superintendent, believed the truck was still in the company yard but police checked the yard and notified him it was not there.

Snow and an employe recovered it this morning.

Goes To Reformatory

LISBON — Deputies conveyed James Robert Dillinger, 19, of Hunter Camp Rd., Lisbon, to the Ohio State Reformatory today under 1-5-year sentence for breaking and entering the building of Hugo Zeughardt at the Lisbon and Center Township Dump last Oct. 6. Indicted by the January Grand Jury, he pleaded guilty and requested probation, which was refused March 8 by Judge Raymond S. Buzzard.

Iowa Day At Fair But Not With Pigs

SEATTLE (AP) — Iowa will come to the Seattle World's Fair for Iowa Day May 12, but not with pigs.

Gov. Norman A. Erbe wrote to ask about displaying a 26-pig litter, hailed as a world's record. The litter was born on a farm owned by Ray Osweiler, of Sigourney, Iowa.

Alfred R. Rochester, Fair Commission executive director, replied with a regretful "no thank you." He said no facilities will be available for displaying livestock.

But Gov. Erbe accepted an invitation to head the Iowa delegation, Rochester said, and the Osweilers also plan to come.

Rep. Bailey Will Speak At Newell Rally

Rep. Cleveland M. Bailey has confirmed plans for an appearance in Newell Saturday night to speak at a public rally sponsored by the Grant District Democrat Club.

The Clarksburg Democrat, who has represented the old 3rd District for years, is unopposed for nomination in the May 8 primary.

He will face Rep. Arch Moore Jr., Glen Dale Republican, in a race of an incumbentt against an incumbent in November.

Bailey's switch to the 1st District was a result of a reapportionment approved by the 1961 Legislature due to the 1960 census, which showed a population loss for West Virginia.

The 1st District now includes the 13 counties of Hancock, Brooke, Ohio, Marshall, Wetzel, Marion, Doddridge, Harrison, Taylor, Lewis, Gilmer, Calhoun, and Braxton.

The latest registration figures show a total of 150,295 Democrats and 99,453 Republicans in the expanded 1st District.

Rep. Bailey will be making his first appearance in Newell when he speaks at the rally in the fire station. He previously visited Weirton in the lower part of Hancock County when a new party campaign headquarters opened.

Lunch will be served. Further plans will be announced later. Arnie Durham of Newell is president of the Grant District group.

Plans Are Announced For Glenn Monument

COLUMBUS, Ohio (AP)—Plans were announced here today for erection of a permanent monument in Astronaut John H. Glenn's hometown of New Concord, commemorating his space flight.

A joint announcement of the project was made by Rep. Tom Moorehead of the 15th Congressional District, and the Monument Builders of Ohio, Inc., which already has pledged $1,000 to a fund for the monument.

Awards Presented 6 In Boy Scout Troop

Awards were presented to six Monday night at a meeting of Boy Scout Troop 31 in the Orchard Grove Community Methodist Church.

William Rayburn, Cherokee District camping and activities chairman, presented awards to: Harry Johnson, second class; Tom Smith and Bob Brandt, painting; Jerry Humphrey, first class, athletics, mechanical drawing and woodworking; Terry Humphrey, athletics, mechanical drawing and metalwork, and James Laughlin, Life scout.

Darrell Eccleston, assistant scoutmaster, announced arrangements have been completed for the scouts to visit Sunday at the Stratton Super-dam. The scouts will meet in uniform at the church at 1 p.m., he said.

Man Draws Fine On Auto Incident

A Chester area man accused of attempting to drive away in another man's auto late Monday afternoon on Market St. was fined $15 and costs today in Municipal Court when he pleaded guilty to a charge of disorderly conduct by being intoxicated and by using "indecent and profane language."

The defendant was identified as Harry J. Furbee of Chester R. D. 1, taken into custody at 5:16 p.m. by Patrolman Orin C. Smith. The officer reported that Furbee attempted to steal a late model auto owned by Louis A. Skvark, 961 W. 8th St., operator of a shoe repair shop on the Diamond.

When Skvark closed his shop and went to his parked auto, he found Furbee seated there, the officer reported. Police alleged Furbee attempted to drive away in the car.

Questioned about the incident by Acting Judge Donald D. Shay, Furbee said he could not remember because of his drinking.

"You could have been in serious trouble, according to this report," the judge said before imposing the fine.

Miners Had Same Problem

In their request to the Interstate Commerce Commission for approval of a merger plan, the Pennsylvania and New York Central railroads declare that the immediate effect on employes would be "far outweighed by increased opportunities for employment resulting from a sounder railroad system."

This will not lessen the bitter opposition of railroad unions to the merger. It is the same kind of opposition that railroad unionists are showing for a presidential commission report recommending changes in work rules and pay scales.

The commission report, too, was built on the thought that unless railroads can be made profitable long-term prospects for railroad employment will grow dimmer year by year.

NO ONE CAN blame an employe for fighting to save his job. But it is possible to criticize an employe who fails to see that fighting to save his job at the expense of destroying the job he is fighting for is not good tactics.

If coal miners had been able to block the mechanization of mines in this country in the effort to increase efficiency and save jobs, the remaining miners today would be what coal miners traditionally have been —throughout the world—marginal employes of a marginal industry.

Instead, surviving coal miners are the highest-paid workers of their type. This came about in large part because John L. Lewis, strong man of the United Mine Workers Union, cooperated with management to raise the efficiency of mining.

He believed the worst thing that could happen to miners was to work for penny-pinching employers who couldn't afford to pay good wages because they were making no profit.

He believed the worst thing that could happen to the mining industry was to flounder in a bog of marginal operations.

He believed the worst thing that could happen to the United Mine Workers Union was to insist on sharing poverty among many miners instead of sharing wealth among fewer miners.

THIS MIGHT BE the time for leaders of railroad unions to brush up on the philosophy of another labor leader who had to decide what to do when the mining industry was forced to retrench and do something about its marginal producers.

He decided to help the industry be strong.

He decided to make all the jobs that could be saved worth saving.

Time To Pause

With Columbiana County's traffic fatality toll double that at this date last year, it would be well for the surviving motorists to pause and reflect once more on the need for safe driving.

The death over the weekend of two East Palestine residents brought the figure to eight, compared with four in 1961.

The preaching of traffic safety is a never-ending task. But, unless you're exceptionally fortunate, you can't go through stop lights and stop signs, you can't cross over yellow lines, you can't do the many, many other things you should not do without eventually paying the penalty.

With spring just around the corner and more crowded highways in the offing, it's time once more to take stock of your driving habits. If they leave much to be desired safety-wise, do something about them now. Don't wait until it may be too late!

Whatever The Explanation

Steel industry negotiations are in one of those situations common to our affairs where the idea is to keep talking without saying anything.

No one ever will know what is going on until it's finally over. Even then it still may be unknowable why steel negotiations were undertaken early, broken off and now are going to be resumed. Other than the well-advertised interest of President Kennedy and Secretary of Labor Goldberg in a quick settlement—months before the existing contract expires June 30—everything about the negotiations is as veiled in mystery as the foreign policy of the Soviet Union.

Whatever the explanation, one thing is certain to emerge from the procedure that no one presently can explain.

THE KENNEDY ADMINISTRATION, receiving its advice from Secretary Goldberg, former chief counsel for United Steelworkers Union, is trying to set up a new procedure for key industrial contract-making.

The idea that prevailed for eight years of the Eisenhower administration that labor unions should hammer out their contracts with management as free and independent agencies is not being observed in the Kennedy administration.

As stated by Secretary Goldberg, the Kennedy administration's policy is that the public interest is pre-eminent in industrial contract-making. No labor union shall have the right to upset the economy of its own will. And it goes without saying that no employer shall have the right to upset the economy either.

The federal government has moved into labor relations with both feet.

THIS IS the significance of its refusal to step aside while steel industry negotiators remain free to lock horns, if they choose, or to negotiate a new contract that might be regarded as inflationary by the administration.

This is what United Steelworkers and steel management have learned about industrial relations under the Kennedy administration—that the federal government now thinks of itself as one of the parties of industrial negotiation. It is not a referee, an arbiter, a conciliator, or a negotiator, but a member of the negotiating team self-appointed to act as team chairman and to call meetings and prescribe procedures.

When this new role finally is understood, it will be a safe bet that many a labor leader who plumped for the Democrats in 1960 is going to yearn for the freedom labor leaders enjoyed under the Eisenhower administration, which thought government should step in only to break deadlocks.

The Once Over

"When is hamburger not hamburger?" is a question agitating numerous communities, with New York getting headlines in "The Great Hamburger Scandal" or "How Meatless Can Meat Get?" It has named a meat-market, lunchroom, restaurant and drive-in Flying Hamburger Bureau of Investigation, as a result of violations of law requiring that no more than 30 per cent fat be used.

When investigations get into field of hamburgers they touch one of major areas of American life. These exceed even hotdog areas. If probes are to be complete they must include the roadside taverns, lunchrooms, dogwagons, etc. But there is no claim they use too much fat, the chief howl being that in many cases it is impossible to tell what goes into them.

There are "quickies" where a hamburger seems to have a large percentage of burnt matchends, scorched rubber gloves and components of a paperhanger's paste - brush.

The cooking is strictly in the catch-as-catch-can," "upsadaisy" and "anything goes style. Trend is to make it so thin it has all the flavor of a charred postcard with catsup.

When hamburgers cost 10 to 15 cents they were not bad, but, now that they have gone up as high as 40 cents each, they can be far from appetizing, the question being whether to ask for mustard or bicarb. But an investigation of entire world of hamburgers would require the FBI, Army, Navy, Marines and Air Force.

Even if limited largely to meatmarket sales of hamburger meat, there will be many lawsuits and we wouldn't be surprised to see the groundbeef situation carried to the Supreme Court.

Defense Workers Seek Security

By Victor Riesel

OMAHA, Neb.

I went deep into the underground of the Offutt Air Force Base. I sat in the single high command chair of the Strategic Air Command chief of staff. In front of me was the lone button which can unleash thermonuclear bombings by manned aircraft across the world. The thing was disconnected for the moment, I'm sure. Slowly it appears that someday it will become a museum piece—along with manned war craft.

Victor Riesel

I know not what will happen to the gargantuan B-70. I do know what is happening to its first cousin, the B-52. We're still making some over in Wichita. But they'll phase it out completely by July.

What then will happen to the jobs, the bread and butter, the purchasing power of the men who forge these million-dollar flying forts? Some 9,000 may be affected there at Boeing alone. And what of the changes coming, day by day, at the missile bases—a quadrangle of which sort of surrounds us here.

THE MEN who man the missile bases are under union contracts — and they want to know what will happen to them. They heard the news of 9,000 about to be laid off at Republic Aviation in Long Island, N.Y. They are worried now all the way from Canaveral to San Diego. Some of them are members of the Machinists Union, led by Al Hayes. Some belong to Walter Reuther's Auto Workers Union.

At the missile bases in the 200 and 300 mile radius here, contracts expire June 27. At Canaveral and elsewhere at sky-scraping orbital stations, the contract goes out Nov. 4.

Recently the two big unions involved ran a joint contract conference in Washington. Arthur Goldberg told them "a strike is unthinkable." The labor men agreed. But they added that they wanted to protect their men. If they can't get satisfaction from the government, "Well, it's still a free country."

Al Hayes said the Pentagon doesn't lay off its admirals and generals during the constant changeover to the more futuristic weapons.

He and Reuther added that it was right, also, to protect the production, construction, and maintenance companies against losses from these vital changes. However, they also want the Pentagon to protect their followers who are laid off in groups of 2,500 to 9,000.

THEY WANT job security. If they can't get this guarantee of fixed employment in a fixed community, they want the Defense Department to build a vast national pool of cash out of which to pay enough severance money to keep a man and his family going for six months or a year.

They realize they can't get this from the astro-aviation industry. They want the Pentagon to be responsible. They want it written into the contract. They want it added to the cost of weapons production.

Two years ago these unions wrote a severance pay compact with the industry providing a pool of cash which came from a $50 company credit for every worker for every year he worked.

Then, with weapon changes, came mass layoffs. The companies laid off and paid off the younger men—with less seniority—first.

Then the firms ran out of money for the older workers. Now the unions want the government to put up the money.

Since there are over half a million men in the plants, and on the sites, this would come to quite a bit of insurance. What if the government balks—though Goldberg has promised to head a task force to study the impact of sudden ending of payroll for so many families.

ALL THIS is more dramatic but not more traumatic than the worry over job security in other industries — steel, rails, commercial aviation.

There may well be strike crises in many another strategic industry as summer rolls on. What's President Kennedy going to do?

He and Goldberg do not plan to back away from their insistence that "strikes are unthinkable."

When I left Washington on my one-man survey of the jittery missile bases "in the field," I learned that the President's special Labor-Management Committee had just about completed its report on collective bargaining.

This will be presented to him on April 3. It calls for the strategy used in the steel crisis—early secret White House and Labor Department intervention; concentrated mediation behind the scenes to prevent name-calling and bitterness from breaking into the public prints; and the creation of a fact-finding board of boards which could tell all to the citizenry and make recommendations.

Thus both sides will be pushed a bit, cajoled a bit, promised a bit and finally face public condemnation if they don't compromise.

What if they don't comprise, even on such sites and industries as I've described here?

Remember, it has been said, "This is still a free country." In the end this could still mean strike!

THIRTY YEARS AGO — Paul Edwards, William Waters, Stetson Howard and John March, members of the Newell Boy Scout troop, were awarded merit badges.

Miss Frances McGraw was named president of the Sunshine Class of the First Methodist Episcopal Sunday School.

TWENTY YEARS AGO — Republicans won the only two contests in Chester's biennial municipal election, which gave the GOP all seven effects posts and re-elected Harry Abrams to his second term as mayor.

Teams made up of Ray Lloyd and Robert Webb and Robert Lorens and Bert Bettridge were tied for first honors with scores of 709 each in the cribbage matches in the Veterans of Foreign Wars home on Lincoln Ave.

J. W. Boyd was elected president when a Bloomfield Defense League was organized at a district meeting in the school.

TEN YEARS AGO — George Scott, a Republican, was named mayor of Chester in a municipal election that saw Independents win three of the five Council posts.

Letter To Editor

I was reading your column in The Review and was really astonished at the way Mrs. Curry feels about the city tax.

I for one feel we should have more men in East Liverpool like Frank Duffy. If he would run for mayor I bet you he would get elected.

So the City Hall needs plaster and work done on it. And the Welfare Department needs repair. Well, so what? What becomes of the money we put in parking meters? What becomes of the money from drunk driving — and a lot of other money the city collects? What is the use of a place to vote if your votes don't count.

The people don't want the city tax. I would like to meet the woman who said we may as well put up a red flag. I would gladly help her. We don't have free of speech in this city. So I will say horray for Mr. Duffy.

We are Americans and want to be treated as such.

Call For Morality

By David Lawrence

'The Need Has Never Been More Acute'

A look around the world today causes many a person to remark that things have never seemed so troubled—as if something new in the way of human friction has been introduced.

David Lawrence

Actually the world has seen much more troublesome times and it has struggled for centuries with the very same conflicts of purpose and ambition. Indeed, impatience for a quick solution is in itself not novel.

Even as far back as the 1890s the Czar of the Russian empire was talking about disarmament and proposing international agreements. As for wars and threats of wars, these have been almost constant.

What is most controversial in this country today perhaps is the direction and purpose of American policies toward the rest of the world.

There are plenty of people in the United States—sometimes called isolationists—who oversimplify the present situation by regarding it as a forerunner of world government. This really is at the root of their antipathy to the United Nations.

If ever there was a time when national sovereignty, independence and self-determination were imprinted on the minds of people everywhere, it is today.

The truth is that the pressure upon the United Nations to develop some formula for preserving order in the world is not by any means a trend toward world government but really a desperate effort to find some way to keep sovereign nations from impairing the independence and autonomy of each other in countries large and small.

The fact that a vote is given in the U.N. General Assembly to every nation that calls itself independent, even though its people or its leaders may be by no means sufficiently educated to understand or apply the processes of self-government, is a sign of the drift away from rather than toward world government. It is, unfortunately, more of a drift toward world anarchy.

The big Western powers themselves—the United States, Great Britain and France—have not discovered thus far a formula for getting along with or defeating the imperialism of the Soviet Union.

The worldwide contest, called the cold war, is going on throughout all continents at the instigation of one aggressive government—the Soviet autocracy.

The Western group as yet has found no effective way to overcome the infiltration carried on by its avowed enemy. It's the Trojan Horse philosophy of the Soviets—the camouflage of "peaceful coexistence" and "total disarmament" as a means of achieving conquest—which is baffling the free nations.

TEMPORARILY at least, the policy of the West is to strengthen its military position at an overwhelming cost and to carry on over the air waves a constant appeal for a true peace. This is why meetings between heads of states or their foreign secretaries in big international conferences—although currently devoid of real hope of agreement—are nevertheless pursued zealously.

The basic and fundamental issues, however, do not disappear notwithstanding the professions of high purpose and statements of cordiality and friendliness proclaimed on such occasions. Underneath the frictions of world politics are issues of unchanging materialism, in which the terms common market, low tariffs and foreign aid are emphasized.

Ironically enough, nationalism—whether in Algeria, in the Congo, in Southeast Asia, or in Europe itself—is largely a grab for national resources by groups inside and outside each area. An altruistic concept, euphemistically called an alliance for progress, is supposed to woo and win Latin America but it is becoming there more and more an instrument of internal politics and materialistic pressures.

A similar bait is held out to the new nations of Africa. Unquestionably all the underdeveloped countries need financial and technical help. When have they not needed such aid?

TODAY the rivalry between Moscow and Washington—each side offering help as a sort of bribe—presents a new kind of struggle. Materialistic factors designed to gain the support of the smaller countries have superseded any thought of waiting for the evolution of self-reliance.

Morality has a hard time exerting its influence in international affairs. There is today not just the absence of an international formula directed by the conscience of man but also a lack of morality in the politics of autonomous nations themselves.

The governing authority nowadays ranges from various forms autocracy to the so-called systems of democracy wherein the politicians too often still control or seek to dominate the national economy.

One can become saddened, moreover, by the trend toward more and more unmorality in our own politics. Elections in free America too often are contests between political machines, organizations and selfish pressure groups which seek to outdo each other in confusing, if not controlling, the voters' minds.

The churches have never had a bigger attendance than they have today but an acceptance of common honesty and moral force in the world has never seemed to be more acutely needed.

Too Young To Know

By Truman Twill

Many wives are fluttering their pennants over a report they will be systematically graded on their suitability for helping their husbands make the right impression in touchy assignments.

We suspect most of them, though, are reconciled to a practice that has been going on for years unsystematically. We feel sure the smart ones know why the practice is necessary.

A Navy wife, like an Army wife, an Air Force wife, or any other wife is part of the image her husband makes on an observant public. It may be sad but it's true the world is full of men who have amounted to something and the girls they married when they were too young to know what they were doing.

To keep the proposition straight, it's also full of career women and the boys they married before they knew better, but this is the lesser part of the problem of the suitability of spouses that now furrows the brows of big shots who must find the right couples for tough situations.

As often as not the big shots had to learn the hard way why the problem is ticklish, because of problems with their own wives. It goes like this:

A man who holds a certain position is assumed to have certain qualities that fitted him for it. It would never do to be reminded by his marriage to a woman with no dignity, no taste, no poise and no savvy that the big shots made a botch of the most important assignment of his own life.

It happens all the time but when it does happen it's contrary to the rules of the game—an exception. As society becomes ever more closely organized, it will need to pay closer attention all the time to the suitability of spouses.

Some rules to follow:

Always look at her eyes. If they remind you of a cow, you are marrying a cow. Mooo.

Pay attention to the appearance and characteristics of the parents. Chances are a girl will resemble her mother when she reaches her mother's age, give or take 40 pounds and a half a dozen characteristics, and the same is true of a boy and his father. Horrible but true.

See how she handles housekeeping when she doesn't know she is under scrutiny. If she lives like a pig, it's an odds-on bet she will reveal other characteristics of the breed. Oink.

Give her the hardship test. The purpose is to find out if she's attractive with the curl gone from her hair, her makeup washed off, her comfort taken away and under temptation to blame someone else. Take her camping and get caught in a storm.

Check her out with a panel of inspectors — your best friend, your sister, the girl who married the other guy, your father, someone off the street. Make them vote by secret ballot on whether or not this is the girl they think a man could marry without misgivings.

Breakfast once - over; this is the make-or-break test. How do you think you'd like to down your scrunchies 20 years later across the table from this? If the thought is more than you can bear, remember it's your career you're scuttling.

Miners Had Same Problem

In their request to the Interstate Commerce Commission for approval of a merger plan, the Pennsylvania and New York Central railroads declare that the immediate effect on employes would be "far outweighed by increased opportunities for employment resulting from a sounder railroad system."

This will not lessen the bitter opposition of railroad unions to the merger. It is the same kind of opposition that railroad unionists are showing for a presidential commission report recommending changes in work rules and pay scales.

The commission report, too, was built on the thought that unless railroads can be made profitable long-term prospects for railroad employment will grow dimmer year by year.

NO ONE CAN blame an employe for fighting to save his job. But it is possible to criticize an employe who fails to see that fighting to save his job at the expense of destroying the job he is fighting for is not good tactics.

If coal miners had been able to block the mechanization of mines in this country in the effort to increase efficiency and save jobs, the remaining miners today would be what coal miners traditionally have been —throughout the world—marginal employes of a marginal industry.

Instead, surviving coal miners are the highest-paid workers of their type. This came about in large part because John L. Lewis, strong man of the United Mine Workers Union, cooperated with management to raise the efficiency of mining.

He believed the worst thing that could happen to miners was to work for penny-pinching employers who couldn't afford to pay good wages because they were making no profit.

He believed the worst thing that could happen to the mining industry was to flounder in a bog of marginal operations.

He believed the worst thing that could happen to the United Mine Workers Union was to insist on sharing poverty among many miners instead of sharing wealth among fewer miners.

THIS MIGHT BE the time for leaders of railroad unions to brush up on the philosophy of another labor leader who had to decide what to do when the mining industry was forced to retrench and do something about its marginal producers.

He decided to help the industry be strong.

He decided to make all the jobs that could be saved worth saving.

Time To Pause

With Columbiana County's traffic fatality toll double that at this date last year, it would be well for the surviving motorists to pause and reflect once more on the need for safe driving.

The death over the weekend of two East Palestine residents brought the figure to eight, compared with four in 1961.

The preaching of traffic safety is a never-ending task. But, unless you're exceptionally fortunate, you can't go through stop lights and stop signs, you can't cross over yellow lines, you can't do the many, many other things you should not do without eventually paying the penalty.

With spring just around the corner and more crowded highways in the offing, it's time once more to take stock of your driving habits. If they leave much to be desired safety-wise, do something about them now. Don't wait until it may be too late!

Whatever The Explanation

Miss Frances McGraw was named president of the Sunshine Class of the First Methodist Episcopal Sunday School.

TWENTY YEARS AGO — Republicans won the only two contests in Chester's biennial municipal election, which gave the GOP all seven effects posts and re-elected Harry Abrams to his second term as mayor.

Teams made up of Ray Lloyd and Robert Webb and Robert Lorens and Bert Bettridge were tied for first honors with scores of 709 each in the cribbage matches in the Veterans of Foreign Wars home on Lincoln Ave.

J. W. Boyd was elected president when a Bloomfield Defense League was organized at a district meeting in the school.

TEN YEARS AGO — George Scott, a Republican, was named mayor of Chester in a municipal election that saw Independents win three of the five Council posts.

Letter To Editor

I was reading your column in The Review and was really astonished at the way Mrs. Curry feels about the city tax.

I for one feel we should have more men in East Liverpool like Frank Duffy. If he would run for mayor I bet you he would get elected.

So the City Hall needs plaster and work done on it. And the Welfare Department needs repair. Well, so what? What becomes of the money we put in parking meters? What becomes of the money from drunk driving — and a lot of other money the city collects? What is the use of a place to vote if your votes don't count.

The people don't want the city tax. I would like to meet the woman who said we may as well put up a red flag. I would gladly help her. We don't have free of speech in this city. So I will say horray for Mr. Duffy.

We are Americans and want to be treated as such.

Call For Morality

By David Lawrence

'The Need Has Never Been More Acute'

A look around the world today causes many a person to remark that things have never seemed so troubled—as if something new in the way of human friction has been introduced.

David Lawrence

Actually the world has seen much more troublesome times and it has struggled for centuries with the very same conflicts of purpose and ambition. Indeed, impatience for a quick solution is in itself not novel.

Even as far back as the 1890s the Czar of the Russian empire was talking about disarmament and proposing international agreements. As for wars and threats of wars, these have been almost constant.

What is most controversial in this country today perhaps is the direction and purpose of American policies toward the rest of the world.

There are plenty of people in the United States—sometimes called isolationists—who oversimplify the present situation by regarding it as a forerunner of world government. This really is at the root of their antipathy to the United Nations.

If ever there was a time when national sovereignty, independence and self-determination were imprinted on the minds of people everywhere, it is today.

The truth is that the pressure upon the United Nations to develop some formula for preserving order in the world is not by any means a trend toward world government but really a desperate effort to find some way to keep sovereign nations from impairing the independence and autonomy of each other in countries large and small.

The fact that a vote is given in the U.N. General Assembly to every nation that calls itself independent, even though its people or its leaders may be by no means sufficiently educated to understand or apply the processes of self-government, is a sign of the drift away from rather than toward world government. It is, unfortunately, more of a drift toward world anarchy.

The big Western powers themselves—the United States, Great Britain and France—have not discovered thus far a formula for getting along with or defeating the imperialism of the Soviet Union.

The worldwide contest, called the cold war, is going on throughout all continents at the instigation of one aggressive government—the Soviet autocracy.

The Western group as yet has found no effective way to overcome the infiltration carried on by its avowed enemy. It's the Trojan Horse philosophy of the Soviets—the camouflage of "peaceful coexistence" and "total disarmament" as a means of achieving conquest—which is baffling the free nations.

TEMPORARILY at least, the policy of the West is to strengthen its military position at an overwhelming cost and to carry on over the air waves a constant appeal for a true peace. This is why meetings between heads of states or their foreign secretaries in big international conferences—although currently devoid of real hope of agreement—are nevertheless pursued zealously.

The basic and fundamental issues, however, do not disappear notwithstanding the professions of high purpose and statements of cordiality and friendliness proclaimed on such occasions. Underneath the frictions of world politics are issues of unchanging materialism, in which the terms common market, low tariffs and foreign aid are emphasized.

Ironically enough, nationalism—whether in Algeria, in the Congo, in Southeast Asia, or in Europe itself—is largely a grab for national resources by groups inside and outside each area. An altruistic concept, euphemistically called an alliance for progress, is supposed to woo and win Latin America but it is becoming there more and more an instrument of internal politics and materialistic pressures.

A similar bait is held out to the new nations of Africa. Unquestionably all the underdeveloped countries need financial and technical help. When have they not needed such aid?

TODAY the rivalry between Moscow and Washington—each side offering help as a sort of bribe—presents a new kind of struggle. Materialistic factors designed to gain the support of the smaller countries have superseded any thought of waiting for the evolution of self-reliance.

Morality has a hard time exerting its influence in international affairs. There is today not just the absence of an international formula directed by the conscience of man but also a lack of morality in the politics of autonomous nations themselves.

The governing authority nowadays ranges from various forms autocracy to the so-called systems of democracy wherein the politicians too often still control or seek to dominate the national economy.

One can become saddened, moreover, by the trend toward more and more unmorality in our own politics. Elections in free America too often are contests between political machines, organizations and selfish pressure groups which seek to outdo each other in confusing, if not controlling, the voters' minds.

The churches have never had a bigger attendance than they have today but an acceptance of common honesty and moral force in the world has never seemed to be more acutely needed.

Too Young To Know

By Truman Twill

Many wives are fluttering their pennants over a report they will be systematically graded on their suitability for helping their husbands make the right impression in touchy assignments.

We suspect most of them, though, are reconciled to a practice that has been going on for years unsystematically. We feel sure the smart ones know why the practice is necessary.

A Navy wife, like an Army wife, an Air Force wife, or any other wife is part of the image her husband makes on an observant public. It may be sad but it's true the world is full of men who have amounted to something and the girls they married when they were too young to know what they were doing.

To keep the proposition straight, it's also full of career women and the boys they married before they knew better, but this is the lesser part of the problem of the suitability of spouses that now furrows the brows of big shots who must find the right couples for tough situations.

As often as not the big shots had to learn the hard way why the problem is ticklish, because of problems with their own wives. It goes like this:

A man who holds a certain position is assumed to have certain qualities that fitted him for it. It would never do to be reminded by his marriage to a woman with no dignity, no taste, no poise and no savvy that the big shots made a botch of the most important assignment of his own life.

It happens all the time but when it does happen it's contrary to the rules of the game—an exception. As society becomes ever more closely organized, it will need to pay closer attention all the time to the suitability of spouses.

Some rules to follow:

Always look at her eyes. If they remind you of a cow, you are marrying a cow. Mooo.

Pay attention to the appearance and characteristics of the parents. Chances are a girl will resemble her mother when she reaches her mother's age, give or take 40 pounds and a half a dozen characteristics, and the same is true of a boy and his father. Horrible but true.

See how she handles housekeeping when she doesn't know she is under scrutiny. If she lives like a pig, it's an odds-on bet she will reveal other characteristics of the breed. Oink.

Give her the hardship test. The purpose is to find out if she's attractive with the curl gone from her hair, her makeup washed off, her comfort taken away and under temptation to blame someone else. Take her camping and get caught in a storm.

Check her out with a panel of inspectors — your best friend, your sister, the girl who married the other guy, your father, someone off the street. Make them vote by secret ballot on whether or not this is the girl they think a man could marry without misgivings.

Breakfast once - over; this is the make-or-break test. How do you think you'd like to down your scrunchies 20 years later across the table from this? If the thought is more than you can bear, remember it's your career you're scuttling.

Council Told Lisbon Faces Fund Deficit

LISBON — Council was told Monday night by Clerk-Treasurer Ray Hempstead that expenditures must be halted as the village has only $2,200 in the general fund. Last year at this time there was $11,000.

After paying this month's known expenditures, he said the fund would be down to $1,700. He said he hopes the village will get about $7,400 from real estate taxes the last of April, but this would last only about six weeks.

A public hearing will be held April 2 for 40 clubs and organizations asked to send presidents or a representative, along with other interested persons, to go over the need for the 3-mill levy on the May ballott.

This levy, if approved, would provide about $18,000 annually so that the village could operate.

Paul Kuhns, member of the Board of Public Affairs, Elmer Donnally, a water employe, and Richard Roberts, street commissioner, discussed a hospitalization insurance program they wish to join. Council set a meeting next Monday evening at 7:30 to go over the details with Dean Boyd, the agent, and workers in the village who desire to enroll.

The finance committee will meet afterwards to go over cuts they believe necessary because of reduced village funds.

The street committee recommended a stop sign be erected at W. Washington St. and Lincoln St., making it a three-way-stop. Parking on E. Washington was discussed after Council had determined the width varies from 11 feet down to 9 feet, but no official action was taken last evening. Timing of stop lights was discussed without action taken.

Robert George of New Waterford asked Mayor Dean Stockman about a proposal to establish a garbage and rubbish collection agency but Council took no action.

Courtney Pennell of the Ohio Fuel Gas Co. said the company has had no low pressure areas this winter and the few complaints were traced to a stopped meter or faulty heater. He said company has no major excavation jobs coming up but asked what streets would be blacktopped. Council replied that unless they get more money, none would be improved.

Next meeting is March 26 at 7:30 p. m.

Chicken Fanciers Set Canfield Show In June

Plans for a chicken show June 9-10 at the Canfield Fair Grounds were discussed at a meeting of the Buckeye Fancy Feather Club Sunday evening in the secretary's office at the fairgrounds. R. L. Plumley of East Liverpool, president, presided.

The sum of $150 was appropriated for trophies and ribbons. Several special prizes will also be awarded.

Mrs. Plumley and Mrs. Lawrence Haller of Beloit will be co-chairmen of the lunch stand.

Mr. and Mrs. Paul Stockman of Lisbon will serve as secretaries.

"Get well" cards for sick members were signed.

Refreshments were served 24 by Mrs. M. R. Hall of Sebring. Next meeting is April 8.

$15,000 Suit Claims Damage From Mining

LISBON — Mr. and Mrs. Eugene Malmsberry of Beloit R. D. 1 filed suit for $15,000 in Common Pleas Court Monday against the Buckeye Coal Co. of Lisbon, claiming damages from the firm's blasting in strip mining.

The couple alleges the detonation of a large charge of explosive caused damage to their home and property and that they lost their water supply and had to deepen a well at great expense.

1962 Budget Work Starts For Hancock

Hancock County commissioners began work Monday afternoon on figuring appropriations for the annual budget for operating county government in 1962.

Commissioners anticipate no particular difficulty in reaching a final budget figure although indications are there will be no raises for county personnel as was the case last year.

Assessments have been increased over $7 million since last year, but most of the increases came in Class I personal property where the levy rate is lowest.

Total assessments in the county for 1962 have been set at $121,500,625, an increase of $7,376,167 over last year. The majority of the boost came in Class I property, hiked by $5,527,275.

Commissioners William C. Graham, Lyle Virden and James Finley have scheduled a meeting for Thursday night at 8 in the County Courthouse in New Cumberland to complete work on the annual budget.

It will then be submitted to the West Virginia State Tax Commissioner's office, and must arrive there by March 28.

The three commissioners, plus Mrs. Mary Stewart, secretary of County Court, and Mrs. Delores Foreman, a clerk in the Courthouse, will attend a meeting of the West Virginia Association of County Officials Sunday and Monday in Charleston.

Problems arising from changes in preparation and approval of tax levy estimates under a revised calendar will be discussed. The five will stay in the Daniel Boone Hotel.

Boy, 7, Bitten By Dog Among Three Treated

A Wellsville boy nipped by a dog and an area girl cut on a glass were among three area residents treated at City Hospital Monday night.

William Daniels, 7, son of Mr. and Mrs. James Daniels of 215 Highland Ave., Wellsville, suffered a wound of the upper lip when bitten by the dog.

Beverly Windle, 17, daughter of Mr. and Mrs. Charles Windle of R. D. 3, cut her finger on a sherbet glass at home.

Robert Bickar, 36, 718 Lincoln Ave., suffered a toe injury at home.

Decision Delayed

CINCINNATI (AP) — No decision on proposed bail bonding practice changes is likely until next month, says a committee of municipal court judges studying the matter. Bondsmen contend the proposed changes—total forfeiture in bond skipping case and some rate reductions—might put them out of business and lead to unlicensed bonding.

Charge Reduced For Crash Driver

Pleading guilty to a reduced charge of being in physical control of an auto while intoxicated, a Uniontown (Pa.) motorist was fined $150 and costs Monday afternoon by Acting Municipal Judge Donald D. Shay.

Franklin P. Young, 44, drew the penalty after Assistant City Solicitor Richard J. Clark requested withdrawal of the original charge of driving under the influence of alcohol.

Clark told the court that he and the arresting officers agreed to withdraw the charge after the officers, Patrolmen Paul Blevins and Kenneth Mooney, said they did not witness Young driving the car in which he and his wife were hurt when the auto skidded into an embankment on Dresden Ave. Thursday night. The 10-year-old auto was demolished.

Atty. Shay is substituting this week for Judge Samuel M. Chertoff, who is visiting his new grandson and son-in-law and daughter, Mr. and Mrs. Ralph Langer, in Poughkeepsie, N. Y.

Charges Disclosed In Espionage Case

WIESBADEN, Germany (AP)—The U.S. Air Force today disclosed the charges on which a court-martial will try Capt. Joseph P. Kauffman, who allegedly gave information to East German agents.

The Air Force accused him of giving information on Air Force installations in Greenland and Japan and disclosing shortcomings and weaknesses of Air Force officers stationed in Greenland and Japan.

Kauffman, 43, was brought to the Air Force's European headquarters from Castle Air Force Base in California last December for preliminary investigation. On March 8 Air Force authorities determined a court-martial would be held.

Board O.K.'s Event Dates At Wellsville

Dates for school activities for the balance of the year submitted by William Menough, acting superintendent, were approved Monday night by the Wellsville Board of Education.

They include the Junior - Senior Prom May 4 at the East Liverpool Country Club, followed by the post-prom party sponsored by the Parents Activity Club in the all-purpose room at MacDonald School; Class Day on May 29; baccalaureate, June 3, and commencement, June 4.

Seniors will have their last day of classes on May 25.

The board authorized the use of MacDonald School for a public clinic March 21 and 24 from 1 to 7 p. m. for the Sabin oral polio vaccine. Students will receive the vaccine in their individual buildings.

The board took under consideration a request from Fred Huston and Donald Elliott, representing the Columbiana County Public Health League, for adoption of the Heath test for tuberculosis.

A positive reaction from the Heath test would be checked by the Mantoux test.

Rental of the Beacom Memorial gymnasium to the Junior Chamber of Commerce for a basketball tournament March 26-31 was approved.

The board authorized purchase of additional equipment for the language laboratory and gave tentative approval to purchase of some additional equipment under Title 3, National Defense Education Act. Principals are to submit a list of needed equipment to the board so that it can be ordered prior to June 30.

Robert J. McNamara, school psychologist, was given permission to attend a conference April 6-7 at Denison University in Granville.

The board will pay his expenses. McNamara serves both East Liverpool and Wellsville schools with the East Liverpool board paying his expenses at a previous meeting.

Theodore Koenig, band director, was authorized to attend a meeting at Duquesne University in Pittsburgh March 23-24.

The resignation of Mrs. Charles Wilfing as an elementary teacher, effective April 6, was approved.

The board turned over to Raymond Rolley, clerk - treasurer, $197.62 from the sale of supplies.

six pounds of rice and 1½ pounds of each type of beans a month, he said. Lard and cooking oils had already been rationed in most of Cuba.

Castro said soap, toothpaste and detergents will go on the ration list in the major cities. The limit will be one bar of toilet soap and one box of detergent a month. The three items have long been scarce.

The stiffest measures will affect Havana's more than one million residents. Beef will be limited to three-quarters of a pound per person a week. Vegetables, eggs, milk, fish and chicken also will be rationed, but milk cutbacks will be delayed a week "because the milk is a little more complicated."

Havana radio said children 7 and under will be allowed a daily allotment of one liter of milk, or slightly more than a quart. Others will be allowed one liter daily per 5 persons or six cans (size unspecified) of evaporated or condensed milk a month, presumably per 5 persons.

Quantities of other rationed items were not specified.

Castro said food supplies for restaurants also will be curtailed as much as 50 per cent to prevent comparatively better off Cubans from circumventing rationing.

"Those who have money have been eating in the restaurants," he said, "and they haven't felt the scarcities."

Castro put most of the blame for the shortages on "Yankee imperialism" and the hell he said he inherited from the regime of ex-President Fulgencio Batista, whom he toppled Jan. 1, 1959. Castro admitted his own regime had complicated the country's problems by driving away some of Cuba's most skilled manpower. More than 200,000 persons have left Cuba since 1959.

Chester Post Plans Dinner

Final plans for the 43rd anniversary dinner of the American Legion were made at a meeting of Chester Post 121 Monday night at the post home.

The dinner-dance will be held Saturday night at 7 with special awards scheduled for Dr. David Pugh and Dr. J. M. Brand of Chester and Dr. Leo Strawn, admission officer of the Veterans Administration Hospital at Pittsburgh.

It was reported Jack Huff, commander, and Charles Morris have met with Chester High School Junior Class officers to plan the after-prom party June 1.

In other business, Huff appointed Morris, William Maple, and Myron Rogers as a nominating committee. Refreshments were served by the social committee.

Next meeting is March 26.

Preliminary Hearing Set For 15 In Lottery

CLEVELAND (AP)—A preliminary hearing has been set April 10 for 15 men arrested in connection with a Puerto Rican numbers lottery called Bolita.

Treasury Department agents Monday arrested 10 more men, nine of them at an automotive plant in suburban Brooke Park. Eight were taken into custody Sunday in raids in Lorain and the Youngstown area.

Authorities said all were charged with failure to file federal wage tax forms and to buy federal gambling stamps.

Agents said the Lorain Bolita operation reportedly did a $500,000 yearly business. They described Bolita as similar to the American "numbers" gambling operations and involves selection of the winning number on which bets are made.

Slagging Is Approved For Township Streets

Slag for Harding Ave., Elmhurst Dr., Coolidge Ave. and Maple Ln. was approved by the St. Clair Township trustees at a meeting Monday night.

The trustees also agreed to check a report of surface water draining on properties along Maple Dr.

A check will be made with records at Lisbon to determine the extent of the blacktop program for Milbourne Ave., Glenmoor, following a request from Cecil Fife.

The couple alleges the detonation of a large charge of explosive caused damage to their home and property and that they lost their water supply and had to deepen a well at great expense.

1962 Budget Work Starts For Hancock

Hancock County commissioners began work Monday afternoon on figuring appropriations for the annual budget for operating county government in 1962.

Commissioners anticipate no particular difficulty in reaching a final budget figure although indications are there will be no raises for county personnel as was the case last year.

Assessments have been increased over $7 million since last year, but most of the increases came in Class I personal property where the levy rate is lowest.

Total assessments in the county for 1962 have been set at $121,500,625, an increase of $7,376,167 over last year. The majority of the boost came in Class I property, hiked by $5,527,275.

Commissioners William C. Graham, Lyle Virden and James Finley have scheduled a meeting for Thursday night at 8 in the County Courthouse in New Cumberland to complete work on the annual budget.

It will then be submitted to the West Virginia State Tax Commissioner's office, and must arrive there by March 28.

The three commissioners, plus Mrs. Mary Stewart, secretary of County Court, and Mrs. Delores Foreman, a clerk in the Courthouse, will attend a meeting of the West Virginia Association of County Officials Sunday and Monday in Charleston.

Problems arising from changes in preparation and approval of tax levy estimates under a revised calendar will be discussed. The five will stay in the Daniel Boone Hotel.

Boy, 7, Bitten By Dog Among Three Treated

A Wellsville boy nipped by a dog and an area girl cut on a glass were among three area residents treated at City Hospital Monday night.

William Daniels, 7, son of Mr. and Mrs. James Daniels of 215 Highland Ave., Wellsville, suffered a wound of the upper lip when bitten by the dog.

Beverly Windle, 17, daughter of Mr. and Mrs. Charles Windle of R. D. 3, cut her finger on a sherbet glass at home.

Robert Bickar, 36, 718 Lincoln Ave., suffered a toe injury at home.

Decision Delayed

CINCINNATI (AP) — No decision on proposed bail bonding practice changes is likely until next month, says a committee of municipal court judges studying the matter. Bondsmen contend the proposed changes—total forfeiture in bond skipping case and some rate reductions—might put them out of business and lead to unlicensed bonding.

by the Chamber last year to fill the unexpired term of George M. Burrier, works manager, who moved away.

He is a member of the Midland Area Charities Board of Directors which was the first to achieve its goal and with the greatest percentage under his chairmanship in 1960.

He has been active in Boy Scouting and is a member of the church committee of the Presentation Catholic Church. He belongs to the Iron and Steel Engineers.

Married, he has three daughters and two sons and resides at 1061 Virginia Ave., Midland.

Schmitt will later name his committees for the year. Next meeting of the board will be announced, Carter said.

Charge Reduced For Crash Driver

Pleading guilty to a reduced charge of being in physical control of an auto while intoxicated, a Uniontown (Pa.) motorist was fined $150 and costs Monday afternoon by Acting Municipal Judge Donald D. Shay.

Franklin P. Young, 44, drew the penalty after Assistant City Solicitor Richard J. Clark requested withdrawal of the original charge of driving under the influence of alcohol.

Clark told the court that he and the arresting officers agreed to withdraw the charge after the officers, Patrolmen Paul Blevins and Kenneth Mooney, said they did not witness Young driving the car in which he and his wife were hurt when the auto skidded into an embankment on Dresden Ave. Thursday night. The 10-year-old auto was demolished.

Atty. Shay is substituting this week for Judge Samuel M. Chertoff, who is visiting his new grandson and son-in-law and daughter, Mr. and Mrs. Ralph Langer, in Poughkeepsie, N. Y.

Charges Disclosed In Espionage Case

WIESBADEN, Germany (AP)—The U.S. Air Force today disclosed the charges on which a court-martial will try Capt. Joseph P. Kauffman, who allegedly gave information to East German agents.

The Air Force accused him of giving information on Air Force installations in Greenland and Japan and disclosing shortcomings and weaknesses of Air Force officers stationed in Greenland and Japan.

Kauffman, 43, was brought to the Air Force's European headquarters from Castle Air Force Base in California last December for preliminary investigation. On March 8 Air Force authorities determined a court-martial would be held.

Board O.K.'s Event Dates At Wellsville

Dates for school activities for the balance of the year submitted by William Menough, acting superintendent, were approved Monday night by the Wellsville Board of Education.

They include the Junior - Senior Prom May 4 at the East Liverpool Country Club, followed by the post-prom party sponsored by the Parents Activity Club in the all-purpose room at MacDonald School; Class Day on May 29; baccalaureate, June 3, and commencement, June 4.

Seniors will have their last day of classes on May 25.

The board authorized the use of MacDonald School for a public clinic March 21 and 24 from 1 to 7 p. m. for the Sabin oral polio vaccine. Students will receive the vaccine in their individual buildings.

The board took under consideration a request from Fred Huston and Donald Elliott, representing the Columbiana County Public Health League, for adoption of the Heath test for tuberculosis.

A positive reaction from the Heath test would be checked by the Mantoux test.

Rental of the Beacom Memorial gymnasium to the Junior Chamber of Commerce for a basketball tournament March 26-31 was approved.

The board authorized purchase of additional equipment for the language laboratory and gave tentative approval to purchase of some additional equipment under Title 3, National Defense Education Act. Principals are to submit a list of needed equipment to the board so that it can be ordered prior to June 30.

Robert J. McNamara, school psychologist, was given permission to attend a conference April 6-7 at Denison University in Granville.

The board will pay his expenses. McNamara serves both East Liverpool and Wellsville schools with the East Liverpool board paying his expenses at a previous meeting.

Theodore Koenig, band director, was authorized to attend a meeting at Duquesne University in Pittsburgh March 23-24.

The resignation of Mrs. Charles Wilfing as an elementary teacher, effective April 6, was approved.

The board turned over to Raymond Rolley, clerk - treasurer, $197.62 from the sale of supplies.

CAB Sets Hearings To Find Crash Cause

WASHINGTON (AP)—The Civil Aeronautics Board will open public hearings in New York a week from today in an effort to find the cause of the jet airliner crash which took 95 lives on March 1.

six pounds of rice and 1½ pounds of each type of beans a month, he said. Lard and cooking oils had already been rationed in most of Cuba.

Castro said soap, toothpaste and detergents will go on the ration list in the major cities. The limit will be one bar of toilet soap and one box of detergent a month. The three items have long been scarce.

The stiffest measures will affect Havana's more than one million residents. Beef will be limited to three-quarters of a pound per person a week. Vegetables, eggs, milk, fish and chicken also will be rationed, but milk cutbacks will be delayed a week "because the milk is a little more complicated."

Havana radio said children 7 and under will be allowed a daily allotment of one liter of milk, or slightly more than a quart. Others will be allowed one liter daily per 5 persons or six cans (size unspecified) of evaporated or condensed milk a month, presumably per 5 persons.

Quantities of other rationed items were not specified.

Castro said food supplies for restaurants also will be curtailed as much as 50 per cent to prevent comparatively better off Cubans from circumventing rationing.

"Those who have money have been eating in the restaurants," he said, "and they haven't felt the scarcities."

Castro put most of the blame for the shortages on "Yankee imperialism" and the hell he said he inherited from the regime of ex-President Fulgencio Batista, whom he toppled Jan. 1, 1959. Castro admitted his own regime had complicated the country's problems by driving away some of Cuba's most skilled manpower. More than 200,000 persons have left Cuba since 1959.

Chester Post Plans Dinner

Final plans for the 43rd anniversary dinner of the American Legion were made at a meeting of Chester Post 121 Monday night at the post home.

The dinner-dance will be held Saturday night at 7 with special awards scheduled for Dr. David Pugh and Dr. J. M. Brand of Chester and Dr. Leo Strawn, admission officer of the Veterans Administration Hospital at Pittsburgh.

It was reported Jack Huff, commander, and Charles Morris have met with Chester High School Junior Class officers to plan the after-prom party June 1.

In other business, Huff appointed Morris, William Maple, and Myron Rogers as a nominating committee. Refreshments were served by the social committee.

Next meeting is March 26.

Preliminary Hearing Set For 15 In Lottery

CLEVELAND (AP)—A preliminary hearing has been set April 10 for 15 men arrested in connection with a Puerto Rican numbers lottery called Bolita.

Treasury Department agents Monday arrested 10 more men, nine of them at an automotive plant in suburban Brooke Park. Eight were taken into custody Sunday in raids in Lorain and the Youngstown area.

Authorities said all were charged with failure to file federal wage tax forms and to buy federal gambling stamps.

Agents said the Lorain Bolita operation reportedly did a $500,000 yearly business. They described Bolita as similar to the American "numbers" gambling operations and involves selection of the winning number on which bets are made.

Slagging Is Approved For Township Streets

Slag for Harding Ave., Elmhurst Dr., Coolidge Ave. and Maple Ln. was approved by the St. Clair Township trustees at a meeting Monday night.

The trustees also agreed to check a report of surface water draining on properties along Maple Dr.

A check will be made with records at Lisbon to determine the extent of the blacktop program for Milbourne Ave., Glenmoor, following a request from Cecil Fife.

Chocolate Chantilly Torte Is Easy To Make

This rich chocolate chantilly torte is simple to make with sponge layers split in half and filled with whipped cream and a very special chocolate mixture that uses sweet cooking chocolate.

Serve this dessert on club night. It is sure to go over big with all the members.

2 packages (½ lb.) sweet cooking chocolate
3 tablespoons water
2 egg yolks
2 tablespoons confectioners' sugar
2 egg whites
1 cup whipping cream
2 baked 8-inch sponge layers

Place chocolate and water in saucepan over low heat. Stir until cholcolate is melted and smooth. Remove from heat, add egg yolks, beating vigorously until smooth. Add sugar and mix well. Beat egg whites until stiff but not dry. Fold into chocolate mixture. Let cool slightly.

Whip cream. Split sponge layers in half, making 4 thin layers. Put layers together by spreading each with ½ cup whipped cream and then topping with one-fourth the chocolate mixture. On top layer, spread chocolate mixture to edge of cake so that it runs down the sides in several places. Chill torte in refrigerator for 4 to 5 hours or overnight. Makes 10 to 12 servings.

Algeria

said later there was a good deal of work to complete. They added, however, that the peace conference was in its last phases.

President Charles de Gaulle is expected to proclaim the cease-fire formally in a radio-television speech within 24 hours of the signing of the agreement.

The agreement will chart the complex course Algeria will follow to become independent after 131 years of French rule.

It includes guarantees for the one million Europeans who live in Algeria with some nine million Moslems; establishment of a provisional government of French and Moslems to rule until independence after the self-determination vote; amnesty for Algerian nationalist prisoners; provision for France to retain military bases in Algeria; arrangements for a provisional police force and for gradual withdrawal of most of the 400,000 French troops in Algeria, and sharing of the Sahara oil and mineral wealth.

French troops fired on a Moslem mob in the west Algerian port of Arzew Monday, killing 11 and wounding 16. A 3 p. m. curfew was put on the town.

Twenty-five terrorist attacks or attempts in Algiers left 13 person dead and 18 wounded.

Winter Soon Stops Preview Of Spring

The Tri-State District might have thought Monday that spring had arrived early but Old Man Winter decreed it a mere preview as he returned today with snow squalls and a promise of colder temperatures.

The snow was brief and damp and melted quickly but the Ohio weatherman said occasional flurries are due tonight when the mercury will hover around the freezing mark with a low of 28 to 33.

The downtown had a low of 36 degrees at 6 a. m. and the day's high may go to 40.

Wednesday will be cold with considerable cloudiness. Spring is due next Tuesday night at 9:30.

Since the Indian government opposes the use of alcohol, no liquor was served. Silver trays of mango and grape juices were passed to the guests before luncheon.

Prasad led Mrs. Kennedy into the banquet hall through a corridor lined with turbaned presidential guardsmen, splendid in scarlet and gold tunics and holding lances.

Mrs. Kennedy's schedule also included a visit to the children's wards of the All-India Medical Institute and a dinner in her honor tonight given by Nehru.

Georgetown Driver Fined On 2 Charges

NEW CUMBERLAND — David S. Johnson, 21, of Georgetown was fined $200 and costs on two charges filed by Hancock County sheriff's deputies at a hearing Monday before Squire John D. Herron.

The squire fined him $100 and costs each on reckless driving and resisting arrest.

The sheriff's office said deputies cited Johnson for driving in a reckless manner on Route 30 Saturday night, and added he later fled to Pennsylvania. Deputies said Johnson was arrested later in Coraopolis and waived extradition for the hearing.

Chocolate Chantilly Torte Is Easy To Make

This rich chocolate chantilly torte is simple to make with sponge layers split in half and filled with whipped cream and a very special chocolate mixture that uses sweet cooking chocolate.

Serve this dessert on club night. It is sure to go over big with all the members.

2 packages (½ lb.) sweet cooking chocolate
3 tablespoons water
2 egg yolks
2 tablespoons confectioners' sugar
2 egg whites
1 cup whipping cream
2 baked 8-inch sponge layers

Place chocolate and water in saucepan over low heat. Stir until cholcolate is melted and smooth. Remove from heat, add egg yolks, beating vigorously until smooth. Add sugar and mix well. Beat egg whites until stiff but not dry. Fold into chocolate mixture. Let cool slightly.

Whip cream. Split sponge layers in half, making 4 thin layers. Put layers together by spreading each with ½ cup whipped cream and then topping with one-fourth the chocolate mixture. On top layer, spread chocolate mixture to edge of cake so that it runs down the sides in several places. Chill torte in refrigerator for 4 to 5 hours or overnight. Makes 10 to 12 servings.

Algeria

said later there was a good deal of work to complete. They added, however, that the peace conference was in its last phases.

President Charles de Gaulle is expected to proclaim the cease-fire formally in a radio-television speech within 24 hours of the signing of the agreement.

The agreement will chart the complex course Algeria will follow to become independent after 131 years of French rule.

It includes guarantees for the one million Europeans who live in Algeria with some nine million Moslems; establishment of a provisional government of French and Moslems to rule until independence after the self-determination vote; amnesty for Algerian nationalist prisoners; provision for France to retain military bases in Algeria; arrangements for a provisional police force and for gradual withdrawal of most of the 400,000 French troops in Algeria, and sharing of the Sahara oil and mineral wealth.

French troops fired on a Moslem mob in the west Algerian port of Arzew Monday, killing 11 and wounding 16. A 3 p. m. curfew was put on the town.

Twenty-five terrorist attacks or attempts in Algiers left 13 person dead and 18 wounded.

Winter Soon Stops Preview Of Spring

The Tri-State District might have thought Monday that spring had arrived early but Old Man Winter decreed it a mere preview as he returned today with snow squalls and a promise of colder temperatures.

The snow was brief and damp and melted quickly but the Ohio weatherman said occasional flurries are due tonight when the mercury will hover around the freezing mark with a low of 28 to 33.

The downtown had a low of 36 degrees at 6 a. m. and the day's high may go to 40.

Wednesday will be cold with considerable cloudiness. Spring is due next Tuesday night at 9:30.

Public Airing Of Meters Set At Salineville

SALINEVILLE — A public meeting to air a proposed installation of parking meters will be called to determine residents' opinions, Mayor Stanley Fitch told Council Monday night.

Mayor Fitch reported on a survey of parking meter requirements undertaken Saturday by the Rockwell Manufacturing Co. of Pittsburgh which indicated the village could use 150.

Rockwell told Mayor Fitch the total installation would cost $9,450, or about $63 each.

If each meter took in 20 cents a day, the total revenue for one year would amount to $9,360, Fitch explained. The village would get half of the income, with the rest going to the Rockwell concern for paying off the debt, he said.

The Pittsburgh firm recommended meters be placed along Main St. from the Kerr Funeral Home to the railroad tracks, and along Church St. to the United Presbyterian Church and on John St.

Fitch said he plans to obtain estimates from two other meter firms, then will call a mass meeting at which residents can present their views.

The mayor reported on recent discussions on a countywide Civil Defense program, and suggested the village take part if there are no expenditures involved. Council authorized him to enter such a CD program if no funds are required, and to accept a Civil Defense truck if there is no expense.

Councilman Clyde Polen and Mayor Fitch reported complaints about open wells in the village, and Solicitor Warren Bettis was requested to determine state law concerning such conditions.

Council approved providing labor by the street commissioner for leveling off red dog on a street leading to the Ohio Power Co. substation. Councilman Don Lewis said the utility had advised him it will provide red dog.

The mayor said the village's sewage disposal permit has not yet been renewed, and Solicitor Bettis said the Ohio Water Pollution Control Board has indicated dissatisfaction over the village's moves to provide sewage disposal facilities. Bettis said he is continuing to seek a permit renewal.

Requests for alley repairs were received and referred to the street committee.

Council discussed needed repairs for sidewalks throughout the town, and agreed to have village employes repair walks if materials are provided by property owners.

Albert Eisenbarth and Orville Madison, merchants, reported they plan sidewalk repairs, and asked the town to provide curbing. Mayor Fitch said no funds are presently available.

The mayor said no estimate of needed repairs at the jail has been obtained yet. He appointed Polen as chairman of the street committee.

Next meeting is March 26.

Salesman

(Continued from Page One)

ing, but I was not trying to sell anything. Furnace cleaning covers labor, but it does not include any parts."

Houchin, next on the stand, said he is authorized to sell parts "in some instances." He said he sold a furnace grate to an Ohio Ave. resident yesterday when he called to find if work the firm had done last fall was satisfactory.

"He needed a grate and I sold it to him," Houchin related.

Asst. Solicitor Richard J. Clark, prosecuting the charges, told the court in summation he believes labor is a commodity in the eyes of the law and that the salesmen were required to have a city license. He also pointed out that a "no contest" plea does not give a defendant the right to dispute the facts presented by the prosecution, but allows him to offer an explanation.

Officer Devon said he and Patrolman Heddleston started out in search of the two salesmen after receiving several "complaints" from residents of Ohio Ave. and St. George St. He did not define the nature of the complaints. He said they found Houchin seated in a car at Ohio Ave. and Mulberry St.

"I asked them if they had a permit and they said they didn't have one," he said. "They said they understood it was all right because the company once had an office on W. 6th St., but it has been closed for six to eight months."

Patrolman Devon said the police department "received several calls on these men Saturday from LaCroft and we referred them to the sheriff's office" because LaCroft is outside the city limits.

"I feel we have no ax to grind personally with these two men," the solicitor told the court in his closing argument. "They're following orders. But no charges would have been filed if we hadn't had numerous complaints. I feel the court is smart enough to know the type of complaints." He did not elaborate.

"I don't buy the story it's only service they're offering," the solicitor said. "The primary idea is to get a foot in the door, find something wrong with the furnace and sell them a new Holland furnace."

The acting judge said there was no doubt "they're salesmen for the Holland furnace" firm, "but if they're offering only service, I don't know if it is covered by the City Code."

Then the judge announced he would take the case under advisement.

School Conduct Aired For South Side PTA

Board Drops 3 At Midland

(Continued from Page One)

that due to a large decrease in the high school enrollment for the 1962-1963 school year and since this will decrease the number of teachers required then the three would be suspended at the end of the term until needed.

A letter from the Western Beaver County district, requested a couple months ago by Supt. Ralph H. Jewell of Midland, was read concerning the withdrawal of tuition students.

In line with the expected decrease, the board approved two motions of John Shovlin, education chairman, to adopt for next term the program of studies for the high school, as recommended by the Department of Public Instruction and a daily scheduling program for the high school, both presented by Jewell. This will put the high school on a six-period day next year to allow for the decrease in faculty and students.

The board also approved a motion by Shovlin that, in order for all students to have full academic schooling in the high school, the practice of free time to allow them to attend church will be discontinued in 1962-1963.

Miss Bernice Coffin, board secretary, read Miss Hogan's retirement letter. Miss Hogan said her work has been enjoyable and rewarding and "it has been a pleasure to serve the children of Midland."

James Morrison, president, said the board recognizes her long years of service and will "certainly miss her and hope for her the best."

The board approved April 25 for the annual teachers' banquet. Besides three teachers who will receive 20-year certificates, part of the program will be a testimonial, also sponsored by the joint three Parent - Teachers Associations to honor Miss Hogan.

The PTA's will sell tickets in order that the public may attend. The board approved a motion by Edward Cilli that the presidents of the three PTA's be invited as guests.

The board hired Paul Farnan as baseball coach at a salary of $300 a year and Gerard H. Balzer Jr., as assistant track coach, at $100 a year on motions by John Uccellini, athletics chairman.

Miss Joan Kukich was hired as a clerk in the high school administration office for $250 a month, effective Feb. 26, on a motion by Roach, personnel chairman.

The board accepted the resignation of Mrs. Dawn Inabnet, a high school science teacher, effective at the end of the term. A request was received from Edward Olkowski, assistant high school basketball coach, asking an increase in his coaching salary. The request was given to the finance committee for study.

The board charged to sick time recent absences of Mrs. Inabnet, Mrs. Louis Glumac and Mrs. Dorothy Shovlin, as requested.

Three motions of Cilli, property chairman, were approved. Miss Coffin was authorized to advertise for bids for general, art, science, industrial arts and janitoral supplies for next term.

The board approved a general liability insurance policy through the Basinger & Gifford Agency. The premium is $339.15 for six months. Approval was also given to place a rider on the driver training policy, at a cost of $30 a year. It is also with Basinger & Gifford.

A letter was received from Borough Council congratulating the school and its basketball teams for completing successful seasons. The board authorized letters to be sent to Henry (Hank) Kuzma, head high school basketball coach, and his assistant, for winning the Section 8 title and for the school's first undefeated season, and to John Wilson, junior high coach, and his assistant, for winning its section title.

Jewell was given permission to participate in the evaluation of the new Butler High School April 10-12. A letter from the Baden-Economy School District invited directors and administrators to attend the dedication of its 8th St. School April 27 at 8 p. m.

Jewell reminded directors that the joint PTA's will hold a meeting Thursday evening in the lobby of the gymnasium and administration building.

The board approved a motion by Cilli to allow members to attend the national school directors' meeting April 12-14 in St. Louis with expenses paid.

General bills in the amount of $6,345.61 were order paid and interim orders placed last month by Jewell, in the amount of $246.90, were approved. The purchase of books in the amount of $291.09, as requested by the Carnegie Library Board of Trustees and recommended by the librarian, was approved.

Receipts of $145.04 were voted to the proper account. Mrs. Eldamae Castelli, treasurer, reported a $119,154.85 balance as of Feb. 28.

Auto-Cruiser Crash Hurts 3

Three men were injured in the collision of a Wintersville man's car and an Ohio Highway Patrol cruiser on Route 7 near Rogers but no one was hurt in a two-car crash at Silver Swith on the Super-road Monday.

The patrol at Lisbon said a cruiser operated by Patrolman Phillip Wenner, 29, of Leetonia R. D. 1 made a left turn in front of a southbound car operated by Joseph Heatherington, 38, of Wintersville two miles north of Rogers at 12:08 p. m.

Heatherington suffered contusions of the back and his passengers, Harold Ferguson Jr., 27, of Weirton, received bruises of the head and abrasions of the arm and knee, and Harold Ferguson, 59, of Steubenville, suffered bruises of the arm.

Both vehicles received considerable damage, according to officers, who still are investigating.

A car driven by Peter J. Rom, 44, of Youngstown veered over the medial strip of the super-road just north of Wellsville at 5 p. m., and struck a southbound station wagon operated by Fred Meyer, 35, of Pittsburgh.

No one was injured, but Rom was charged with reckless operation.

Autoist And Trucker Fined In Patrol Cases

LISBON — A motorist and a trucker were fined a total of $10 and costs Monday by County Judge James L. MacDonald and two drivers forfeited appearance bonds.

Leslie M. Ferrell, 58, of Caldwell Ave., Lisbon, was fined $5 and costs for failure to yield the right-of-way and Paul E. Courtney, 27, of Beloit, $5 and costs for driving a truck with no mud flaps.

Tony Adams, 18, of Washington, Pa., forfeited $20 for crossing a yellow line in hazardous zone and Gene L. Schaffer, 46, of Beloit, $15 for speeding. All were cited by the State Highway Patrol.

Mayor's Rites Today; 2 Will Be Arraigned

LIMA, Ohio (AP) — Nearly every resident of the little village of Elida pays their last respects this afternoon to their mayor who was shot down Saturday. At about the same time, two men accused of the killing are expected to be arraigned on first-degree murder charges here.

The elementary and high schools in Elida were to be closed at noon today so the students might attend the funeral of Mayor and Constable Clarence Prince.

The 54-year-old official was approaching a suspicious looking automobile Saturday morning when he was shot twice.

Accused in the slaying are Larry Hance, 22, and Robert Lafferty, 21, both of Lima.

The pair, after long questioning, have admitted taking part in the slaying, sheriff's deputies reported, but both accuse each other of being the triggerman.

Sheriff Clay Cotterman said Lafferty apparently attempted to take his own life early Monday morning. He said deputies found him lying on his jail cell bed with the sleeve of his shirt knotted tightly around his throat. Cotterman said, however, no damage was done except that the suspect had bruises around his neck.

Both men were taken to the Bureau of Criminal Identification and Investigation at London Monday for lie detector tests and for ballistic tests on a .38 caliber automatic found in Lafferty's home.

Results of the tests have not been released.

Park's Head Is Appointed

EAST PALESTINE — Baird Stewart, 40, gasoline distributor here for nine years, was appointed supervisor of the City Park at a meeting of the Park Commission Monday night.

Stewart, 395 W. Martin St., will begin work Thursday as successor to Thomas Quilter, supervisor for 12 years who resigned recently.

Stewart is a Navy veteran of World War II, active in Boy Scout work, worked at the park one time as a lifeguard, and was one of eight applicants for the post. He is married and has three children.

The commission did not disclose his salary, but it is expected to be considerably more than the $232 a month paid to Quilter, since Stewart will have additional responsibility of operating equipment and directing construction work.

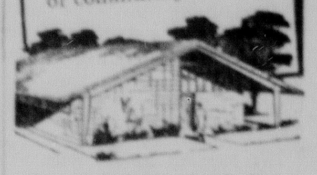

The concession contract was awarded to William Lalley, 784 W. Martin St., who agreed to pay to the board 20 per cent of his gross sales. The contract is for 2 years, the first time such a contract has been more than one year.

Miss Barbara Lynch of Lincoln Ave., concession holder last year, offered 19 per cent.

The park board is seeking written applications for 10 summer jobs, such as lifeguards, pool attendants and laborers, to be filed with Edson Rudge, secretary, before April 7.

Public Airing Of Meters Set At Salineville

SALINEVILLE — A public meeting to air a proposed installation of parking meters will be called to determine residents' opinions, Mayor Stanley Fitch told Council Monday night.

Mayor Fitch reported on a survey of parking meter requirements undertaken Saturday by the Rockwell Manufacturing Co. of Pittsburgh which indicated the village could use 150.

Rockwell told Mayor Fitch the total installation would cost $9,450, or about $63 each.

If each meter took in 20 cents a day, the total revenue for one year would amount to $9,360, Fitch explained. The village would get half of the income, with the rest going to the Rockwell concern for paying off the debt, he said.

The Pittsburgh firm recommended meters be placed along Main St. from the Kerr Funeral Home to the railroad tracks, and along Church St. to the United Presbyterian Church and on John St.

Fitch said he plans to obtain estimates from two other meter firms, then will call a mass meeting at which residents can present their views.

The mayor reported on recent discussions on a countywide Civil Defense program, and suggested the village take part if there are no expenditures involved. Council authorized him to enter such a CD program if no funds are required, and to accept a Civil Defense truck if there is no expense.

Councilman Clyde Polen and Mayor Fitch reported complaints about open wells in the village, and Solicitor Warren Bettis was requested to determine state law concerning such conditions.

Council approved providing labor by the street commissioner for leveling off red dog on a street leading to the Ohio Power Co. substation. Councilman Don Lewis said the utility had advised him it will provide red dog.

The mayor said the village's sewage disposal permit has not yet been renewed, and Solicitor Bettis said the Ohio Water Pollution Control Board has indicated dissatisfaction over the village's moves to provide sewage disposal facilities. Bettis said he is continuing to seek a permit renewal.

Requests for alley repairs were received and referred to the street committee.

Council discussed needed repairs for sidewalks throughout the town, and agreed to have village employes repair walks if materials are provided by property owners.

Albert Eisenbarth and Orville Madison, merchants, reported they plan sidewalk repairs, and asked the town to provide curbing. Mayor Fitch said no funds are presently available.

The mayor said no estimate of needed repairs at the jail has been obtained yet. He appointed Polen as chairman of the street committee.

Next meeting is March 26.

Wellsville Democrat Group Fills 2 Posts

The executive committee of the Progressive Democratic Club of Wellsville Monday evening voted Dick Hickman as a committee member and appointed Mrs. Eva Hilton recording secretary.

The committee met at the home of Kenneth Biacco of Center St. Henry Dorsey reported on a recent meeting of Wellsville City Council.

Robert Travers, vice chairman, presided in the absence of Ernest L. Gibson, chairman. A general membership meeting will be next and details will be announced.

4-H News

Harold Windram of Leetonia, former vo-ag teacher and former 4-H Club agent, will lead a discussion on principles of construction and methods of teaching woodworking and rope projects when 4-H Club advisors meet Thursday at 8 p. m. at the St. George Parish Hall in Lisbon.

Advisors with electric projects will meet at the same time with William Schnug of Ohio State University.

A training meeting for clothing advisors will be held Friday from 10 a.m. to 3 p.m. in the basement of the First Christian Church, at Lisbon, according to Floyd Lower, county extension agent in agriculture.

The Liverpool Township Hilltoppers 4-H Club met Saturday night when money from a recent vanilla sale was turned in.

The group met at the home of David Persohn of Campground Rd., Wellsville, with 12 attending. Persohn, president, presided.

Projects were discussed. Refreshments were served and games were played. Roll call at the next Monday's meeting will be suggestions for a cookout. The club will meet at the home of Theresa Conci of the Campground Rd.

Salesman

(Continued from Page One)

ing, but I was not trying to sell anything. Furnace cleaning covers labor, but it does not include any parts."

Houchin, next on the stand, said he is authorized to sell parts "in some instances." He said he sold a furnace grate to an Ohio Ave. resident yesterday when he called to find if work the firm had done last fall was satisfactory.

"He needed a grate and I sold it to him," Houchin related.

Asst. Solicitor Richard J. Clark, prosecuting the charges, told the court in summation he believes labor is a commodity in the eyes of the law and that the salesmen were required to have a city license. He also pointed out that a "no contest" plea does not give a defendant the right to dispute the facts presented by the prosecution, but allows him to offer an explanation.

Officer Devon said he and Patrolman Heddleston started out in search of the two salesmen after receiving several "complaints" from residents of Ohio Ave. and St. George St. He did not define the nature of the complaints. He said they found Houchin seated in a car at Ohio Ave. and Mulberry St.

"I asked them if they had a permit and they said they didn't have one," he said. "They said they understood it was all right because the company once had an office on W. 6th St., but it has been closed for six to eight months."

Patrolman Devon said the police department "received several calls on these men Saturday from LaCroft and we referred them to the sheriff's office" because LaCroft is outside the city limits.

"I feel we have no ax to grind personally with these two men," the solicitor told the court in his closing argument. "They're following orders. But no charges would have been filed if we hadn't had numerous complaints. I feel the court is smart enough to know the type of complaints." He did not elaborate.

"I don't buy the story it's only service they're offering," the solicitor said. "The primary idea is to get a foot in the door, find something wrong with the furnace and sell them a new Holland furnace."

The acting judge said there was no doubt "they're salesmen for the Holland furnace" firm, "but if they're offering only service, I don't know if it is covered by the City Code."

Then the judge announced he would take the case under advisement.

Board Drops 3 At Midland

(Continued from Page One)

that due to a large decrease in the high school enrollment for the 1962-1963 school year and since this will decrease the number of teachers required then the three would be suspended at the end of the term until needed.

A letter from the Western Beaver County district, requested a couple months ago by Supt. Ralph H. Jewell of Midland, was read concerning the withdrawal of tuition students.

In line with the expected decrease, the board approved two motions of John Shovlin, education chairman, to adopt for next term the program of studies for the high school, as recommended by the Department of Public Instruction and a daily scheduling program for the high school, both presented by Jewell. This will put the high school on a six-period day next year to allow for the decrease in faculty and students.

The board also approved a motion by Shovlin that, in order for all students to have full academic schooling in the high school, the practice of free time to allow them to attend church will be discontinued in 1962-1963.

Miss Bernice Coffin, board secretary, read Miss Hogan's retirement letter. Miss Hogan said her work has been enjoyable and rewarding and "it has been a pleasure to serve the children of Midland."

James Morrison, president, said the board recognizes her long years of service and will "certainly miss her and hope for her the best."

The board approved April 25 for the annual teachers' banquet. Besides three teachers who will receive 20-year certificates, part of the program will be a testimonial, also sponsored by the joint three Parent - Teachers Associations to honor Miss Hogan.

The PTA's will sell tickets in order that the public may attend. The board approved a motion by Edward Cilli that the presidents of the three PTA's be invited as guests.

The board hired Paul Farnan as baseball coach at a salary of $300 a year and Gerard H. Balzer Jr., as assistant track coach, at $100 a year on motions by John Uccellini, athletics chairman.

Miss Joan Kukich was hired as a clerk in the high school administration office for $250 a month, effective Feb. 26, on a motion by Roach, personnel chairman.

The board accepted the resignation of Mrs. Dawn Inabnet, a high school science teacher, effective at the end of the term. A request was received from Edward Oikowski, assistant high school basketball coach, asking an increase in his coaching salary. The request was given to the finance committee for study.

The board charged to sick time recent absences of Mrs. Inabnet, Mrs. Louis Glumac and Mrs. Dorothy Shovlin, as requested.

Three motions of Cilli, property chairman, were approved. Miss Coffin was authorized to advertise for bids for general, art, science, industrial arts and janitoral supplies for next term.

The board approved a general liability insurance policy through the Basinger & Gifford Agency. The premium is $339.15 for six months. Approval was also given to place a rider on the driver training policy, at a cost of $30 a year. It is also with Basinger & Gifford.

A letter was received from Borough Council congratulating the school and its basketball teams for completing successful seasons. The board authorized letters to be sent to Henry (Hank) Kuzma, head high school basketball coach, and his assistant, for winning the Section 8 title and for the school's first undefeated season, and to John Wilson, junior high coach, and his assistant, for winning its section title.

Jewell was given permission to participate in the evaluation of the new Butler High School April 10-12. A letter from the Baden-Economy School District invited directors and administrators to attend the dedication of its 8th St. School April 27 at 8 p. m.

Jewell reminded directors that the joint PTA's will hold a meeting Thursday evening in the lobby of the gymnasium and administration building.

The board approved a motion by Cilli to allow members to attend the national school directors' meeting April 12-14 in St. Louis with expenses paid.

General bills in the amount of $6,345.61 were order paid and interim orders placed last month by Jewell, in the amount of $246.90, were approved. The purchase of books in the amount of $291.09, as requested by the Carnegie Library Board of Trustees and recommended by the librarian, was approved.

Receipts of $145.04 were voted to the proper account. Mrs. Eldamae Castelli, treasurer, reported a $119,154.85 balance as of Feb. 28.

Auto-Cruiser Crash Hurts 3

Three men were injured in the collision of a Wintersville man's car and an Ohio Highway Patrol cruiser on Route 7 near Rogers but no one was hurt in a two-car crash at Silver Swith on the Super-road Monday.

The patrol at Lisbon said a cruiser operated by Patrolman Phillip Wenner, 29, of Leetonia R. D. 1 made a left turn in front of a southbound car operated by Joseph Heatherington, 38, of Wintersville two miles north of Rogers at 12:08 p. m.

Heatherington suffered contusions of the back and his passengers, Harold Ferguson Jr., 27, of Weirton, received bruises of the head and abrasions of the arm and knee, and Harold Ferguson, 59, of Steubenville, suffered bruises of the arm.

Both vehicles received considerable damage, according to officers, who still are investigating.

A car driven by Peter J. Rom, 44, of Youngstown veered over the medial strip of the super-road just north of Wellsville at 5 p. m., and struck a southbound station wagon operated by Fred Meyer, 35, of Pittsburgh.

No one was injured, but Rom was charged with reckless operation.

Autoist And Trucker Fined In Patrol Cases

LISBON — A motorist and a trucker were fined a total of $10 and costs Monday by County Judge James L. MacDonald and two drivers forfeited appearance bonds.

Leslie M. Ferrell, 58, of Caldwell Ave., Lisbon, was fined $5 and costs for failure to yield the right-of-way and Paul E. Courtney, 27, of Beloit, $5 and costs for driving a truck with no mud flaps.

Tony Adams, 18, of Washington, Pa., forfeited $20 for crossing a yellow line in hazardous zone and Gene L. Schaffer, 46, of Beloit, $15 for speeding. All were cited by the State Highway Patrol.

Mayor's Rites Today; 2 Will Be Arraigned

LIMA, Ohio (AP) — Nearly every resident of the little village of Elida pays their last respects this afternoon to their mayor who was shot down Saturday. At about the same time, two men accused of the killing are expected to be arraigned on first-degree murder charges here.

The elementary and high schools in Elida were to be closed at noon today so the students might attend the funeral of Mayor and Constable Clarence Prince.

The 54-year-old official was approaching a suspicious looking automobile Saturday morning when he was shot twice.

Accused in the slaying are Larry Hance, 22, and Robert Lafferty, 21, both of Lima.

The pair, after long questioning, have admitted taking part in the slaying, sheriff's deputies reported, but both accuse each other of being the triggerman.

Sheriff Clay Cotterman said Lafferty apparently attempted to take his own life early Monday morning. He said deputies found him lying on his jail cell bed with the sleeve of his shirt knotted tightly around his throat. Cotterman said, however, no damage was done except that the suspect had bruises around his neck.

Both men were taken to the Bureau of Criminal Identification and Investigation at London Monday for lie detector tests and for ballistic tests on a .38 caliber automatic found in Lafferty's home.

Results of the tests have not been released.

Reducing Program Makes Time Fly

There is no fountain of youth that can compare with the miracle of losing 40 excess pounds, a happy dieter implies. She feels 40 pounds younger.

Ida Jean Kain

This reducer has written to tell her story because she knows that other overweights dread to come to grips with their weight problem. Knowing that the hardest part of starting to reduce is that the time ahead looms so long, her advice is to take a philosophical attitude and forget the time element. Here is her heartening story.

"Last September I went to the doctor. He put me on a protective diet and told me I should lose two pounds a week until I reached 140 pounds. I weighed 175 pounds.

—:—

"THAT VERY evening I started dieting. At first it was terribly hard to stay on the diet. I was just plain hungry...and a nervous wreck. This went on for two weeks and I wanted to chuck the diet and eat like mad!

"I had to keep challenging myself in order to stay with it. Assure your overweights that if they will persist for two weeks, by the third week they will not be anything like as hungry. Dieting gets easier from that standpoint.

"I lost eight pounds the first two weeks which was highly encouraging. Then I began to lose only two pounds a week, and I found myself getting so depressed. It seemed like such a long, long time ahead!

"Just about then when I was at low ebb, you wrote a column saying that the way to prevent discouragement was to think in terms of the goal and not doubt the outcome. So, I decided to stay with it. It took four months to accomplish what I frankly thought was the impossible.

"At first four months seemed like four years! But when you get interested in the project and start keeping a record of your weight and measurements, this progress report proves you are winning. Seeing the pounds and inches come down each week, boosts your confidence. You know you can do it.

"At 175 pounds my measurements were 40-32-42. I am only 5 feet 2 tall and I have a medium to large frame.

—:—

"THE GOOD NEWS is that today (January 1st) I weigh 135 pounds...and the four months really did not seem long at all. I look so different, my friends all marvel at me.

"Of course my husband is especially pleased and proud. From now on I'm going to hold the weight line. It's wonderful to feel young and slim again I can't thank you enough for your morale boosting column."

An informal reception for members of the family and friends was held from 1 to 5 o'clock, with the couple's two daughters and four sons in charge.

The children include Mrs. Charles (Betty) Cronin of Hammondsville; Miss Mildred Rodgers, at home; Elzie Rodgers of East Liverpool; Charles Rodgers of Wellsville; James Rodgers of Hammondsville, and John Rodgers, at home. There are nine grandchildren.

Mrs. Rodgers, the former Elizabeth Kozora, is the daughter of the late Mr. and Mrs. James Kozora of Pine Grove. Her husband, the son of the late Elzie Rodgers and Laura Ellen Rodgers of Wellsville R. D., is employed at Cronin's Sawmill at Pine Grove.

They were married in Toronto.

Guests were from Salineville, Wellsville, Bergholz and Irondale.

47 Attend Dinner Of Ruritan Club; Movie Screened

Forty-seven attended a "Ladies Night" dinner meeting of the Liverpool-Calcutta Ruritan Club Monday at the Calcutta Grange Hall.

Stanley Rose and Arthur B. McDevitt Jr. were installed as new members.

A four-man delegation was chosen to represent the club at a dinner meeting of the Salineville Ruritans Thursday night. It is: John Geren, Jerome Steele, William Whiteman and James Boyd.

Ohio View Women Will Meet March 20

Women of the Church of the Ohio View Lutheran Church will meet Tuesday, March 20, at 8:15 p.m. in the church hall.

Mrs. Harold Brobeck will be in charge of the program and Mrs. Joseph Fiediga the devotions.

The Rev. George D. Wolfe, superintendent of the Passavant Memorial Home in Rochester, conducted morning devotions in the church Sunday due to illness of the pastor, James N. Servey.

Local Girl Scouts attended services in uniform in observance of the 50th anniversary of scouting.

The study class of the Oxburg Confessions will begin Sunday (18) at 9 p.m. and the next meeting of the share Christ committee will be held in the church hall April 8.

Mrs. Rockefeller May Sue On Thursday

RENO, Nev. (AP)—Mrs. Nelson A. Rockefeller may sue for a quick Nevada divorce from the governor of New York Thursday.

If she satisfies a court that she has not left the state in six weeks, her six-week residency requirement will be met. An uncontested divorce then can be granted in minutes. Her attorney has given no indication where or when she will file.

Both married daughters are visiting her at the Donner Trail Ranch in the Sierras west of here. Mrs. Robert L. Pierson, 28, arrived Friday night, about a week after her sister, Mrs. William Strawbridge, joined Mrs. Rockefeller at the resort.

ANSWERS YOUR PROBLEMS

Dear Readers: I considered the matter of the "chaste bride" closed but the mail continues to pour in. Obviously there are a great number of individuals who can write but can't read.

Here is an example. This little gem came from Mrs. M. C. of Detroit:

"Dear Ann Landers: We are deeply disappointed in you. You said, 'It is nobody's business if the signs of pregnancy show beneath the white dress and veil.' How could you make such a statement? In my opinion, a girl who waited so long to get married does not deserve to have a fancy wedding. If this happened to a daughter of mine she would be married as quickly and as quietly as possible."

Mrs. M. C. placed quotes around words which came straight out of her head. The lines which she generously attributed to me did not appear in my column.

Perhaps someone ought to sit down with Mrs. M. C. and explain to her the difference between virginity and pregnancy.

My reply went like this: "A bride does not owe her guests an affidavit of chastity. Whether or not she is as pure as the soap that floats is not your business."

The letter which set off this 50-megaton explosion was written by a woman who felt that no bride, save the purest of the pure, should be allowed to wear traditional white. I took exception to this on the grounds that it is impossible to recognize virtue on sight.

The unsullied, the slightly sullied and the out-and-out tramps look alike. Since this is the case, I say we should assume the best and not sit around and second-guess the bride.

It hardly seems worth saying, but I think I'll say it anyway, and leave no room for speculation—a bride who must release the seams of her white satin gown to make room for an heir who is half way home, makes a fool of herself and richly deserves the criticism of those who are invited to witness the mockery.

Slave To Duty

Dear Ann: My problem is a whopper. It's in-laws—both of them.

My husband's parents are semi-invalids. They depend on me for a great deal. I do their marketing, prepare two meals a day for them, keep their home in order, do their laundry and drive them to the doctor.

My husband can do nothing for them, as he is a traveling salesman and is gone from Monday through Friday.

The folks are not very well off financially and they can't afford outside help. Their large home is hard for me to keep up and it's quite a distance from our apartment. I'm exhausted just running back and forth.

There soon will be a vacancy in our apartment building and it would be so much easier on me if they would sell their home and move in. My mother-in-law says she doesn't want to give up her home. After 22 years she is attached to it.

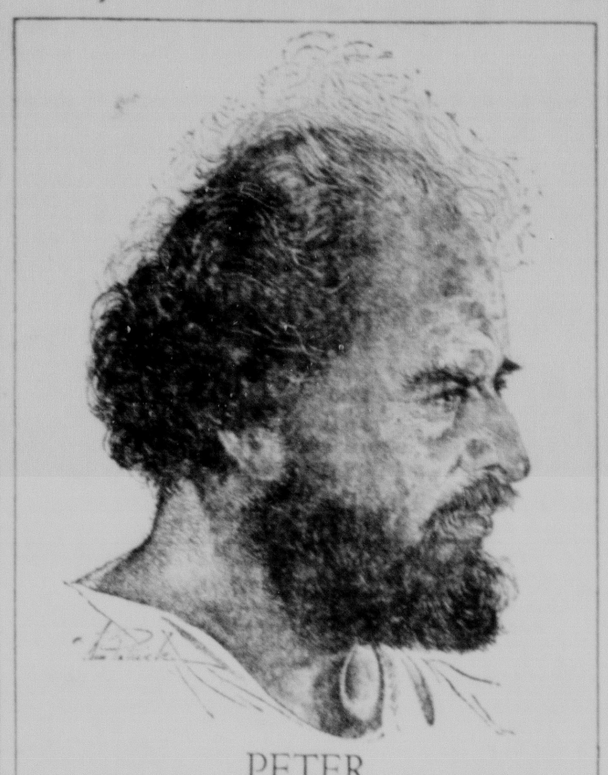

I can see her point but can you see mine? Please, Ann, say something.—POOPED.

Dear Pooped: Since your husband can "do nothing for them" he can certainly do something for you. He can insist that his parents give up their large home and move into an apartment near you.

You sound like an angel to me. A daughter-in-law who so willingly doubles as a chauffeur, cook, maid and laundress should be given some consideration.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

They Walked With Christ

PETER

"And when Jesus beheld him, he said, Thou art Simon the son of Jona: thou shalt be called Cephas, which is by interpretation, A stone."

—John 1:42

Before meeting Jesus, this disciple was known as Simon ("hearer"). He was the son of a successful fisherman named Jona.

His brother Andrew, a follower of John the Baptist, had been present when the evangelist had baptized Jesus, and when he had said, "Behold the Lamb of God, that taketh away the sin of the world."

Andrew hurried to tell Simon of the event. "We have found the Messiah," he declared excitedly, and took Simon to see Jesus.

Jesus, immediately upon seeing him, recognized him, and gave him the surname by which he was ever afterward to be known—Peter, the rock.

Peter was not merely a "big fisherman" living in a rude hut by the sea, but a well-to-do ship owner, who left a life of comfortable circumstances to follow Jesus.

But before the Resurrection and Ascension, when he set out to establish the Church in the world, there is little doubt that Peter still thought of the Messiah as the political figure foretold by the Jewish prophets.

In the apostle's evangelical history, his character is portrayed with great clarity.

Yet there were contradictions in his make-up, as there are in that of all men. Complete renunciation of the world was not easy for him. When Jesus said, "It is easier for a camel to pass through the eye of a needle than for a rich man to enter into the kingdom of God," Peter was a little dismayed.

"Then answered Peter and said unto him, Behold, we have forsaken all and followed thee; what shall we have therefore?"

As one writer has observed, "He was called to work for the Kingdom of God, and he thought as men do."

Peter's challenge was, in fact, the challenge that has faced all men in all ages, including our own. He had the same weaknesses, and some of the same strength. He fell asleep on the night of Gethsemane, following the Last Supper. In overweening self-confidence, he cried: "Lord, I am ready to go with thee both into prison and to death," then denied that he knew the Man.

But in his strength he defied the Roman emperors, and according to tradition, was crucified head downward by Nero in Rome.

The church he established has lasted almost 2000 years, and is stronger than ever today.

Girl Scout Program Promotes Service

This week we celebrate the 50th anniversary of the Girl Scouts. Juliette Low was the founder. She established the first troop of 12 girls in Savannah, Georgia, on March 12, 1912. Since then, there has been a total of 18½ million girl and adult members. The Girl Scouts have identified themselves with nearly all that's good in community life. It is difficult to imagine your neighborhood and mine without "the girls in green" and their younger Brownie Scout sisters.

Dr. Garry Meyers

Serving without pay are the 729,000 selfless, dedicated women who lead these girls and 40,000 men who are board members, program consultants, financial experts and the like.

UNDER SUCH leadership, the Girl Scouts have spent long hours learning skills they have used for the common good.

With strong will and purpose, these girls have gone to work without pay in our nurseries, day camps, libraries, museums and hospitals. They have cared for children at election time, read aloud to the blind, cleaned up playgrounds and planted golden blossoms in front of veterans' hospitals.

They have also become junior citizens and have learned to develop the resources of our community and work in close partnership with other service organizations.

Every senior Girl Scout participates in a general program which emphasizes service to others and which requires her to live up to the Girl Scout Promise "To do my duty to God and my country, To help other people at all times, To obey the Scout laws."

The Girl Scouts are the vanguard of good in the struggle against evil," says Lady Baden-Powell, world chief guide of the Girl Scouts and Girl Guides and the widow of the man who founded the Boy Scouts.

SAYS SENATOR Margaret Chase Smith:

"Girl Scouting has touched the lives of many men and women prominent in the political, artistic, educational, cultural and business life of our country . . . (Girl Scouting) contributes so much to the morale, the character and morals and the integrity of young women. . . ."

Our community is a better place to live in, thanks to the vision of that Southern gentle-woman who gave Girl Scouting its start in our nation 50 years ago.

We salute the Girl Scouts of America on their Fiftieth Anniversary as they pledge to "Honor the Past — Serve the Future."

Consider, too, the value of Scouting to adult leaders, challenging their abilities and offering them imperishable rewards from unselfish service.

All 6 Crewmen Of Crashed Plane Are Back In Ohio

WILMINGTON, Ohio (AP)—All six crewmen of a C-119 "Flying Boxcar" that crashed in Louisiana Saturday night were back in Ohio today. The plane struck a farm house at Kenilworth, near New Orleans, killing all but one of the five-member family living there.

The plane commander, Maj. Richard Linehan of Cincinnati, arrived at Clinton County Air Force Base Monday night with two crew members. Three others got back to Ohio Sunday night. All are members of the Air Force Reserve.

Linehan said none of the crew was seriously injured when the men parachuted to safety.

Explaining the tragedy, he said they began having trouble on a routine training flight when "we suffered loss of the right engine through loss of 60 gallons of oil at 5,000 feet."

"We were unable to maintain altitude because the left engine couldn't carry the load," he continued. "We decided to scuttle the plane and put it on automatic pilot.

"We put the plane on automatic pilot and thought it was headed for sparse country. Then we bailed out. Something unknown caused it to go off course."

The men who returned with Linehan were Maj. Louis M. Ukelson of Cincinnati, the navigator, and a crew member, Capt. Robert Q. Dixon of Marion.

Lt. Richard Butcke, a pilot, of Dayton arrived back Sunday night along with Sgt. Herbert G. Mattison, a flight engineer from Rt. 3, Sabina, and Sgt. James C. Hayes, a flight engineer from Wilmington.

Jobless In Cuyahoga Received $62 Million

CLEVELAND (AP) — The jobless in Cuyahoga County received more than $62.5 million in unemployment compensation last year.

Of that amount, $50.6 million was paid in regular compensation from January to Dec. 31, reports Ward A. Riley, head of the Bureau of Unemployment Compensation here. The additional $11.8 million covered temporary 13-week benefits which expire June 30.

Noted Newsman Dies

WICHITA FALLS, Tex. (AP)—James H. Allison, 82, one of the South's best known newspapermen, died Monday. Allison retired as vice president of the Times Publishing Co. of Wichita Falls at the age of 75. He was a former publisher of the old Fort Worth Record and of newspapers in Nashville, Tenn., and Ranger, Tex. A son, James N. Allison, is publisher of the Midland (Tex.) Reporter-Telegram.

Gay Parties on Bob Evans Farm Mean Lots of Farm Boy Sandwiches

When young folks get together on the Bob Evans Farm in the hills of southern Ohio, you can be sure one of the highlights will be plenty of Bob Evans Farm Boy Sandwiches.

Bob enjoys grilling them himself, but Jewel Evans and some of their six children usually lend a hand to help satisfy hearty appetites. In the foreground with their parents are Debbie, Robbin and Gwen.

It does not require a party to enjoy Bob Evans Farm Boy Sandwiches. Ohio folks everywhere serve them anytime. Big patties of Bob Evans Farm Sausage, fried or grilled, are so easy to make. They are delicious, too, for lunch boxes or a quick snack.

The 670-acre Bob Evans Farm on U.S. Route 35 just south of Rio Grande, Ohio, is well known to Ohio travelers. It is frequently the scene for many kinds of gatherings — quarter horse enthusiasts, live stock groups and those interested in conservation of natural resources.

Woman In Court To Testify For Mate Arrested

CLEVELAND (AP) — Mrs. James J. McDonald went to court to testify in defense of her husband, accused of a $14,800 savings and loan holdup, and wound up being arrested by police as an accomplice.

Mrs. McDonald, 38, was implicated in the Feb. 23, 1960, holdup, when a teller for the United Savings Association testified in Common Pleas Court Monday. The teller, Mrs. Grank C. Golubski, 24, testified that a woman dressed in a car coat with a hood attached approached her with a pistol during the holdup.

Asked by Assistant Cuyahoga County Prosecutor Thomas L. Osborne if she had seen the woman robber since the holdup, Mrs. Golubski said: "Yes, she was in this courtroom last Thursday—in the seats with the spectators."

When Mrs. McDonald was identified as the woman indicated, police obtained a warrant and arrested her.

Mrs. McDonald had been sitting in a corridor outside Judge William J. McDermott's courtroom, waiting to testify, and was not immediately aware of the testimony implicating her.

Detective James Sweeney testified that during questioning after the holdup McDonald named a Lora or Loretta Frazer as his accomplice. No such person has been found by police.

McDonald is accused also of holding up the West Side Federal Savings & Loan Association Nov. 2, 1960.

Business Figure Dies

HOUSTON, Tex. (AP)—Marshall B. Dewey, 69, co-founder and chairman of the board of the Certified Credit Corp. of Columbus, Ohio, died Monday. The consumer loan firm, founded in 1950, has become one of the 50 largest such businesses in the nation.

Harsha Says Embargo Will Aid Speculators

PORTSMOUTH, Ohio (AP) — Rep. William Harsha, R-Ohio, charged Monday the United State's present embargo on Cuban tobacco will enable unscrupulous speculators to profit at the expense of American consumers.

Under the embargo Cuban tobacco exported to the Canary Islands and some other areas may later be shipped to the United States as cigars. Harsha has called on President Kennedy to make the embargo total.

GI Finishes Training

LISBON — Pvt. Frank E. Rudibaugh Jr., son of Frank E. Rudibaugh of Route 4, recently completed eight weeks of advanced individual training at the Armor Training Center at Ft. Knox, Ky. A 1957 graduate of David Anderson High School, the 22-year-old soldier entered the Army in October and completed basic training at Ft. Knox.

5 Hancock Deputies To Attend Radio Class

Five Hancock County sheriff's deputies will attend a class on radio monitoring March 20 from 8:30 a. m. to 5 p. m. in the Weirton Community Center.

They are Ed Frankovitch, James Knox, Paul Cowey, Arnie Durham and Gerald Rainey, deputies on the staff of Sheriff Joseph H. Manypenny.

Norman D. Ferrari will be in charge of the instruction. He is security officer and co-ordinator of defense for Weirton Steel Co., and Civil Defense director of the county.

All 6 Crewmen Of Crashed Plane Are Back In Ohio

WILMINGTON, Ohio (AP)—All six crewmen of a C-119 "Flying Boxcar" that crashed in Louisiana Saturday night were back in Ohio today. The plane struck a farm house at Kenilworth, near New Orleans, killing all but one of the five - member family living there.

The plane commander, Maj. Richard Linehan of Cincinnati, arrived at Clinton County Air Force Base Monday night with two crew members. Three others got back to Ohio Sunday night. All are members of the Air Force Reserve.

Linehan said none of the crew was seriously injured when the men parachuted to safety.

Explaining the tragedy, he said they began having trouble on a routine training flight when "we suffered loss of the right engine through loss of 60 gallons of oil at 5,000 feet."

"We were unable to maintain altitude because the left engine couldn't carry the load," he continued. "We decided to scuttle the plane and put it on automatic pilot.

"We put the plane on automatic pilot and thought it was headed for sparse country. Then we bailed out. Something unknown caused it to go off course."

The men who returned with Linehan were Maj. Louis M. Ukelson of Cincinnati, the navigator, and a crew member, Capt. Robert Q. Dixon of Marion.

Lt. Richard Butcke, a pilot, of Dayton arrived back Sunday night along with Sgt. Herbert G. Mattison, a flight engineer from Rt. 3, Sabina, and Sgt. James C. Hayes, a flight engineer from Wilmington.

Noted Newsman Dies

WICHITA FALLS, Tex. (AP)—James H. Allison, 82, one of the South's best known newspapermen, died Monday. Allison retired as vice president of the Times Publishing Co. of Wichita Falls at the age of 75. He was a former publisher of the old Fort Worth Record and of newspapers in Nashville, Tenn., and Ranger, Tex. A son, James N. Allison, is publisher of the Midland (Tex.) Reporter-Telegram.

Jobless In Cuyahoga Received $62 Million

CLEVELAND (AP) — The jobless in Cuyahoga County received more than $62.5 million in unemployment compensation last year.

Of that amount, $50.6 million was paid in regular compensation from January to Dec. 31, reports Ward A. Riley, head of the Bureau of Unemployment Compensation here. The additional $11.8 million covered temporary 13-week benefits which expire June 30.

Mothers Will Meet

SALINEVILLE — Plans for fund-raising projects and arrangements for an athletic banquet April 14 will be discussed at a meeting of the Blue and Gold Mothers' Club Wednesday at 8 p. m. at the High School. Mrs. Elma Feth, president, will preside.

Gay Parties on Bob Evans Farm Mean Lots of Farm Boy Sandwiches

When young folks get together on the Bob Evans Farm in the hills of southern Ohio, you can be sure one of the highlights will be plenty of Bob Evans Farm Boy Sandwiches.

Bob enjoys grilling them himself, but Jewel Evans and some of their six children usually lend a hand to help satisfy hearty appetites. In the foreground with their parents are Debbie, Robbin and Gwen.

It does not require a party to enjoy Bob Evans Farm Boy Sandwiches. Ohio folks everywhere serve them anytime. Big patties of Bob Evans Farm Sausage, fried or grilled, are so easy to make. They are delicious, too, for lunch boxes or a quick snack.

The 670-acre Bob Evans Farm on U.S. Route 35 just south of Rio Grande, Ohio, is well known to Ohio travelers. It is frequently the scene for many kinds of gatherings — quarter horse enthusiasts, live stock groups and those interested in conservation of natural resources.

Woman In Court To Testify For Mate Arrested

CLEVELAND (AP) — Mrs. James J. McDonald went to court to testify in defense of her husband, accused of a $14,800 savings and loan holdup, and wound up being arrested by police as an accomplice.

Mrs. McDonald, 38, was implicated in the Feb. 23, 1960, holdup, when a teller for the United Savings Association testified in Common Pleas Court Monday. The teller, Mrs. Grank C. Golubski, 24, testified that a woman dressed in a car coat with a hood attached approached her with a pistol during the holdup.

Asked by Assistant Cuyahoga County Prosecutor Thomas L. Osborne if she had seen the woman robber since the holdup, Mrs. Golubski said: "Yes, she was in this courtroom last Thursday—in the seats with the spectators."

When Mrs. McDonald was identified as the woman indicated, police obtained a warrant and arrested her.

Mrs. McDonald had been sitting in a corridor outside Judge William J. McDermott's courtroom, waiting to testify, and was not immediately aware of the testimony implicating her.

Detective James Sweeney testified that during questioning after the holdup McDonald named a Lora or Loretta Frazer as his accomplice. No such person has been found by police.

McDonald is accused also of holding up the West Side Federal Savings & Loan Association Nov. 2, 1960.

Business Figure Dies

HOUSTON, Tex. (AP)—Marshall B. Dewey, 69, co-founder and chairman of the board of the Certified Credit Corp. of Columbus, Ohio, died Monday. The consumer loan firm, founded in 1950, has become one of the 50 largest such businesses in the nation.

Harsha Says Embargo Will Aid Speculators

PORTSMOUTH, Ohio (AP) — Rep. William Harsha, R-Ohio, charged Monday the United State's present embargo on Cuban tobacco will enable unscrupulous speculators to profit at the expense of American consumers.

Under the embargo Cuban tobacco exported to the Canary Islands and some other areas may later be shipped to the United States as cigars. Harsha has called on President Kennedy to make the embargo total.

GI Finishes Training

LISBON — Pvt. Frank E. Rudibaugh Jr., son of Frank E. Rudibaugh of Route 4, recently completed eight weeks of advanced individual training at the Armor Training Center at Ft. Knox, Ky. A 1957 graduate of David Anderson High School, the 22-year-old soldier entered the Army in October and completed basic training at Ft. Knox.

5 Hancock Deputies To Attend Radio Class

Five Hancock County sheriff's deputies will attend a class on radio monitoring March 20 from 8:30 a. m. to 5 p. m. in the Weirton Community Center.

They are Ed Frankovitch, James Knox, Paul Cowey, Arnie Durham and Gerald Rainey, deputies on the staff of Sheriff Joseph H. Manypenny.

Norman D. Ferrari will be in charge of the instruction. He is security officer and co-ordinator of defense for Weirton Steel Co., and Civil Defense director of the county.

The 4 that goes around acting like a V-8...Tempest!

Used to be that people swore by V-8's and V-8's alone. And then along came Tempest's spunky 4 to steal their thunder. The hottest version* of this 4 (166 hp) puts out more horsepower than any other production 4 in the world. More torque, too. And every version, standard 110 hp on up, is smooth and silent and effortless. About the only thing Tempest doesn't share with the big boys is its appetite for gasoline and spare parts. Try a drive in a Tempest 4 soon, hear? You might as well save while you're swinging! Pontiac Tempest

Out Of The Air

By ALAN GILL

Carl Reiner Plays It Angular

On the original Sid Caesar show and its various reincarnations, the little guy with the piping voice as Howard Morris and the big guy with the black hair and the evil eyes was Carl Reiner.

Alan Gill

Mr. Reiner — for those of you who haven't caught up with him lately on one of his infrequent TV appearances — still has the gloatingly villainous eyes but hardly anything but skin on the top of his head.

"I have a policy about my shiny dome," he told me the other day. "For audiences of 1,000 or over I wear the hair piece. If it's under 1,000, I go au naturel. I'm an honest man."

-:-

HE'S ALSO A man of parts. He's the writer of 1½ books, a few screen plays, and "The Dick Van Dyke Show," which he also produces. And of course he keeps in performing shape with an occasional movie role or a comedy guest spot on TV.

"Are you a nice producer or a mean producer?" I asked him.

"I'm a nice producer," he said. "You know, when an actor gets stuck in a certain bit, some producers who haven't had acting experience say, 'Do it better.' I can climb in there and show 'em how." He flicked an ash off his cigar with a lavish comic gesture. "So you see, I'm nice."

-:-

"WHAT MAKES a funny man funny?" I asked. "Is it keen observation laced through with extravagance?"

"Well," he said, "I'd say rather that it's extravagance laced through with — how did that go?

"No, I call it angularity. Angularity has nothing to do with looks. Most funny men aren't funny looking. Sid Caesar's a handsome guy. So are Dick Van Dyke, Jackie Gleason, Jack Paar. Remember the young Red Skelton with those dimples? He was beautiful!

"Jerry Lewis is very good looking and he knows this. 'I go out there,' he told me, 'impeccably attired, not a seam out of place, not a hair, and I let them get a good look at me. Then I pull my face out of shape and the place falls apart.' That's angularity.

-:-

"YOU'RE LOOKING at a Figure 1 up there and suddenly it's a Figure 4. It's the unexpected, the willingness to distort. Dick Van Dyke has the perfect rubber face for it, and the rubbery attitude.

"That attitude reminds me. We were shooting the day all those houses were going up in the forest fire out on the Coast — remember? — and Dick's house was smack in the midst of it.

"Some of us were watching the thing on TV while Dick worked out in front of the cameras. 'Don't forget to call me,' he said, 'when my house is on.' Attitude, see?

"On the Caesar show, we often worked out twists on dignity or stuffiness. We'd strike a regal pose and then wipe it away. Let me show you."

-:-

REINER TURNED his profile to me, affecting a most aristocratic demeanor, puffed haughtily at his cigar, then turned his head slowly and, eyes fastened on mine, stuck out his tongue and made the sound of a horn.

As I mopped my face with a handkerchief, he said, "Rule 1: the vulgarization of dignity."

We got to talking about our favorite routines from the Caesar program. Reiner reconstructed one skit for which he personally had been responsible — a last-minute idea that came up when all other possibilities had been exhausted.

-:-

"'LET'S JUST DO nothing,' I said. And we tried it out and went into Max Leibman's office with it. The four of us stood there, saying, 'How'd ja do, Col. Tickridge, mumble, mumble,' then we sat down on the sofa and just stared in front of us, looking bored. We let a minute go by, then two.

"Leibman called in his staff and said, 'Look what they're doing.' Another minute went by, and a couple of the secretaries began to giggle. Sid slowly crossed his leg and they all cracked up.

"Finally, someone said, 'Dinner is served,' and we stood slowly and walked off. The tears were streaming down Max's face.

"We did it on the air. We were scared of it, but we did it and people laughed. I still hear the thing discussed and meanings of all sorts read into it. It was funny, but why? Tell me that!"

11 Will Seek Election As AFL-CIO Delegate

Eleven have filed petitions for the election of seven members of United Steelworkers Union Local 1212 of Midland as delegates to the AFL-CIO Council, which will meet April 10 in Pittsburgh Civic Auditorium.

The election will be held March 22 at the Steelworkers Hall. Polls will be open from 6:30 to 7 p. m., the union office said.

Those who filed by the deadline Friday are Alfred Monaco, Ray Presutti, Bill Dye, Joe Lomba, Pete Vuckovich, George Bradshaw, Waldo Adkins, Anthony Nutz, William C. Allison, Jim Oliver and Michael Tepovich.

Joseph D'Alesio, president, will attend automatically as the eighth delegate.

The local's regular monthly membership meeting will be Thursday at 7:30 p. m. at the Steelworkers Hall. D'Alesio will preside.

Student Writers Await Contest At Warren Session

Three High School students on the staff of the Keramos Echo will submit contest material at a meeting of the Tri-County Journalism Association Tuesday night at the Champion High School in Warren.

They are Carol Wotring, editor; Nancy Payton, feature editor, and Judy Prager, news editor. They will be accompanied by Ira C. Sayre, faculty advisor, and his wife.

The entries will include six categories — news-writing, features, columns, sports, photography and editorials. Material for the 1962 Kelly Project — improvement in school and community, also will be submitted.

Cups and trophies will be awarded to the first place winners and pins and medals will be given for second and third place winners at an April 6 meeting of the association at the King's Table restaurant, near Warren.

Among the trophies presented by the association is one contributed by The Review. It will be given to the student who wins first place in feature writing.

Last year, Judy Prager took first in column writing, winning the TCA award, and Charles Allen won the Niles Times trophy for the best sports story.

'Grace Period' Slated In Yearbook Payment

Collection of the $2 balance due today on the 1962 Keramos, high school yearbook, has been extended to Wednesday, because of the snow last week which halted school for a day, Vicki Heidel, circulation manager, announced.

The theme of the yearbook is "That Wonderful Year 1962." Ira C. Sayre, faculty advisor of the yearbook, said Gary Moore, TV star, has sent an autographed photo to the editor, Jane Bendheim, for use in the Keramos.

Rev. Latimore Seated To Serve New Church

About 287 attended an organization meeting of the New Hope Baptist Church Sunday at East Junior High School, at which the Rev. R. L. Latimore was installed as pastor, Mrs. Louise Fitch of the church reported.

Guest ministers attended from Campbell, Midland and Youngstown. Refreshments were served at a social hour afterward.

Church sessions will be held Sundays at the school.

Lisbon Youth Group Meets

The Christian Youth Fellowship of the Lisbon First Christian Church met Sunday evening at the church, with Dick Zitto, vice president, presiding.

Mrs. Fred Reese and Miss Meretta Ikirt, councilors, also attended. The time was spent planning future meetings extending until the summer recess.

A shut-in program and a sunrise service were discussed and plans were completed for a trip March 24 to Hiram College, where the young people will be shown the campus and buildings and get acquainted with the academic work there.

Next week's meeting will feature the subject, "Higher Education."

Atty. and Mrs. Lynn Riddle of E. Lincoln Way and Mr. and Mrs. Robert Williams of Roller Coaster Rd. are attending services at Cross Roads, W. Va., for Mrs. Audrey Cross, who died suddenly Friday at her home at Lisbon R.D. 2.

Mr. and Mrs. Al Burson of S. Lincoln Ave., Mr. and Mrs. Kenneth Hiscox of Garfield St., Mr. and Mrs. Twing Hiscox of Sunset Dr. and Mr. and Mrs. Richard Bosel of Salem spent Sunday in Cleveland at the Home and Garden Show.

2 Killed In Head-On Collision Of 2 Cars

JACKSON, Ohio (AP) — The driver of one car and a passenger in a second were killed Monday in a head-on collision on Ohio 75 near the Vinton-Jackson County line.

The victims were Winters Kinsel, 55, of Hamden (Vinton County) and Mrs. Grace Bailey, 53, of Berlin (Jackson County).

Killed In Collision

SPRINGFIELD, Ohio (AP) — Henry G. Lawson, 71, of Springfield was killed Monday night in an auto collision at an intersection here.

Man Guilty 2nd Time In Plot To Bribe Policeman

CANTON, Ohio (AP)—For the second time, Michael Miljanich, former operator of a smoke shop at Massillon, has been found guilty of trying to bribe Massillon policemen.

His bribery conviction last year in Common Pleas Court was upset by an appeals court, which ordered a new trial.

Monday a jury found Miljanich guilty on six counts of trying to bribe three policemen to keep them from hitting his place during gambling raids in 1959.

Miljanich had been indicted by a grand jury after state Atty. Gen. Mark McElroy led an investigation of alleged gambling in the county. The case prosecuted by John P. Butler of Cleveland, a special prosecutor employed by the attorney.

Results Of Special Serum Expected Soon

YOUNGSTOWN, Ohio (AP) — Doctors in Youngstown said Monday results of a special serum given a 16-month-old boy infected with cowpox will not be known for a day or so. They say it may reduce his chance of being disfigured and seriously ill.

The boy, Jerry Lee Zimmerman, became infected when he brushed his eye and head against an open smallpox vaccination on his 4-year-old sister's arm.

Out Of The Air

By ALAN GILL

Carl Reiner Plays It Angular

On the original Sid Caesar show and its various reincarnations, the little guy with the piping voice as Howard Morris and the big guy with the black hair and the evil eyes was Carl Reiner.

Alan Gill

Mr. Reiner — for those of you who haven't caught up with him lately on one of his infrequent TV appearances — still has the gloatingly villainous eyes but hardly anything but skin on the top of his head.

"I have a policy about my shiny dome," he told me the other day. "For audiences of 1,000 or over I wear the hair piece. If it's under 1,000, I go au naturel. I'm an honest man."

-:-

HE'S ALSO A man of parts. He's the writer of 1½ books, a few screen plays, and "The Dick Van Dyke Show," which he also produces. And of course he keeps in performing shape with an occasional movie role or a comedy guest spot on TV.

"Are you a nice producer or a mean producer?" I asked him.

"I'm a nice producer," he said. "You know, when an actor gets stuck in a certain bit, some producers who haven't had acting experience say, 'Do it better.' I can climb in there and show 'em how." He flicked an ash off his cigar with a lavish comic gesture. "So you see, I'm nice."

-:-

"WHAT MAKES a funny man funny?" I asked. "Is it keen observation laced through with extravagance?"

"Well," he said, "I'd say rather that it's extravagance laced through with — how did that go?

"No, I call it angularity. Angularity has nothing to do with looks. Most funny men aren't funny looking. Sid Caesar's a handsome guy. So are Dick Van Dyke, Jackie Gleason, Jack Paar. Remember the young Red Skelton with those dimples? He was beautiful!

"Jerry Lewis is very good looking and he knows this. 'I go out there,' he told me, 'impeccably attired, not a seam out of place, not a hair, and I let them get a good look at me. Then I pull my face out of shape and the place falls apart.' That's angularity.

-:-

"YOU'RE LOOKING at a Figure 1 up there and suddenly it's a Figure 4. It's the unexpected, the willingness to distort. Dick Van Dyke has the perfect rubber face for it, and the rubbery attitude.

"That attitude reminds me. We were shooting the day all those houses were going up in the forest fire out on the Coast — remember? — and Dick's house was smack in the midst of it.

"Some of us were watching the thing on TV while Dick worked out in front of the cameras. 'Don't forget to call me,' he said, 'when my house is on.' Attitude, see?

"On the Caesar show, we often worked out twists on dignity or stuffiness. We'd strike a regal pose and then wipe it away. Let me show you."

-:-

REINER TURNED his profile to me, affecting a most aristocratic demeanor, puffed haughtily at his cigar, then turned his head slowly and, eyes fastened on mine, stuck out his tongue and made the sound of a horn.

As I mopped my face with a handkerchief, he said, "Rule 1: the vulgarization of dignity."

We got to talking about our favorite routines from the Caesar program. Reiner reconstructed one skit for which he personally had been responsible — a last-minute idea that came up when all other possibilities had been exhausted.

-:-

" 'LET'S JUST DO nothing,' I said. And we tried it out and went into Max Leibman's office with it. The four of us stood there, saying, 'How'd ja do, Col. Tickridge, mumble, mumble,' then we sat down on the sofa and just stared in front of us, looking bored. We let a minute go by, then two.

"Leibman called in his staff and said, 'Look what they're doing.' Another minute went by, and a couple of the secretaries began to giggle. Sid slowly crossed his leg and they all cracked up.

"Finally, someone said, 'Dinner is served,' and we stood slowly and walked off. The tears were streaming down Max's face.

"We did it on the air. We were scared of it, but we did it and people laughed. I still hear the thing discussed and meanings of all sorts read into it. It was funny, but why? Tell me that!"

11 Will Seek Election As AFL-CIO Delegate

Eleven have filed petitions for the election of seven members of United Steelworkers Union Local 1212 of Midland as delegates to the AFL-CIO Council, which will meet April 10 in Pittsburgh Civic Auditorium.

The election will be held March 22 at the Steelworkers Hall. Polls will be open from 6:30 to 7 p. m., the union office said.

Those who filed by the deadline Friday are Alfred Monaco, Ray Presutti, Bill Dye, Joe Lomba, Pete Vuckovich, George Bradshaw, Waldo Adkins, Anthony Nutz, William C. Allison, Jim Oliver and Michael Tepovich.

Joseph D'Alesio, president, will attend automatically as the eighth delegate.

The local's regular monthly membership meeting will be Thursday at 7:30 p. m. at the Steelworkers Hall. D'Alesio will preside.

Student Writers Await Contest At Warren Session

Three High School students on the staff of the Keramos Echo will submit contest material at a meeting of the Tri-County Journalism Association Tuesday night at the Champion High School in Warren.

They are Carol Wotring, editor; Nancy Payton, feature editor, and Judy Prager, news editor. They will be accompanied by Ira C. Sayre, faculty advisor, and his wife.

The entries will include six categories — news-writing, features, columns, sports, photography and editorials. Material for the 1962 Kelly Project — improvement in school and community, also will be submitted.

Cups and trophies will be awarded to the first place winners and pins and medals will be given for second and third place winners at an April 6 meeting of the association at the King's Table restaurant, near Warren.

Among the trophies presented by the association is one contributed by The Review. It will be given to the student who wins first place in feature writing.

Last year, Judy Prager took first in column writing, winning the TCA award, and Charles Allen won the Niles Times trophy for the best sports story.

'Grace Period' Slated In Yearbook Payment

Collection of the $2 balance due today on the 1962 Keramos, high school yearbook, has been extended to Wednesday, because of the snow last week which halted school for a day, Vicki Heidel, circulation manager, announced.

The theme of the yearbook is "That Wonderful Year 1962." Ira C. Sayre, faculty advisor of the yearbook, said Gary Moore, TV star, has sent an autographed photo to the editor, Jane Bendheim, for use in the Keramos.

Rev. Latimore Seated To Serve New Church

About 287 attended an organization meeting of the New Hope Baptist Church Sunday at East Junior High School, at which the Rev. R. L. Latimore was installed as pastor, Mrs. Louise Fitch of the church reported.

Guest ministers attended from Campbell, Midland and Youngstown. Refreshments were served at a social hour afterward.

Church sessions will be held Sundays at the school.

Lisbon Youth Group Meets

The Christian Youth Fellowship of the Lisbon First Christian Church met Sunday evening at the church, with Dick Zitto, vice president, presiding.

Mrs. Fred Reese and Miss Meretta Ikirt, councilors, also attended. The time was spent planning future meetings extending until the summer recess.

A shut-in program and a sunrise service were discussed and plans were completed for a trip March 24 to Hiram College, where the young people will be shown the campus and buildings and get acquainted with the academic work there.

Next week's meeting will feature the subject, "Higher Education."

Atty. and Mrs. Lynn Riddle of E. Lincoln Way and Mr. and Mrs. Robert Williams of Roller Coaster Rd. are attending services at Cross Roads, W. Va., for Mrs. Audrey Cross, who died suddenly Friday at her home at Lisbon R.D. 2.

Mr. and Mrs. Al Burson of S. Lincoln Ave., Mr. and Mrs. Kenneth Hiscox of Garfield St., Mr. and Mrs. Twing Hiscox of Sunset Dr. and Mr. and Mrs. Richard Bosel of Salem spent Sunday in Cleveland at the Home and Garden Show.

2 Killed In Head-On Collision Of 2 Cars

JACKSON, Ohio (AP) — The driver of one car and a passenger in a second were killed Monday in a head-on collision on Ohio 75 near the Vinton-Jackson County line.

The victims were Winters Kinsel, 55, of Hamden (Vinton County) and Mrs. Grace Bailey, 53, of Berlin (Jackson County).

Killed In Collision

SPRINGFIELD, Ohio (AP) — Henry G. Lawson, 71, of Springfield was killed Monday night in an auto collision at an intersection here.

Man Guilty 2nd Time In Plot To Bribe Policeman

CANTON, Ohio (AP)—For the second time, Michael Miljanich, former operator of a smoke shop at Massillon, has been found guilty of trying to bribe Massillon policemen.

His bribery conviction last year in Common Pleas Court was upset by an appeals court, which ordered a new trial.

Monday a jury found Miljanich guilty on six counts of trying to bribe three policemen to keep them from hitting his place during gambling raids in 1959.

Miljanich had been indicted by a grand jury after state Atty. Gen. Mark McElroy led an investigation of alleged gambling in the county. The case prosecuted by John P. Butler of Cleveland, a special prosecutor employed by the attorney.

Results Of Special Serum Expected Soon

YOUNGSTOWN, Ohio (AP) — Doctors in Youngstown said Monday results of a special serum given a 16-month-old boy infected with cowpox will not be known for a day or so. They say it may reduce his chance of being disfigured and seriously ill.

The boy, Jerry Lee Zimmerman, became infected when he brushed his eye and head against an open smallpox vaccination on his 4-year-old sister's arm.

President James A. Garfield (1831-81) was a lay preacher

The Sports Bench

And Then There Were None . . .

Last week's results wiped the district clean of a representative in the state basketball tournaments.

Salem, the last hope in the Class AA eliminations, was knocked out by a fired-up Youngstown South five.

Stanton Local and Columbiana also bowed out in the Class A ranks.

The team that has impressed us so far in tourney play has been Steubenville Big Red. At one time in the early stages of Saturday's District final at Steubenville Big Red held a 17-2 lead over Martins Ferry.

Coach Walt Owens cagers have improved rapidly since mid-season and just now appear to be hitting their peak. The squad hasn't much individual talent outside of Leavi Davis, but the overall hustle usually wears the opponents into submission.

Big Red will meet Newark in the Regional tourney at Columbus, while Canton Lincoln takes on Marietta. From the looks of things, Big Red has a good chance of picking up all the marbles in the regional event.

—:—

THE first estimate of 7,000 at Saturday's District tournament game at the Diocesan Arena in Steubenville was a little high. After a double check by officials the crowd was nearer 6,000 for the two games, but the total will have to go down as probably the largest ever to watch a basketball game in the Ohio Valley.

—:—

ANDY Ahijecych, the 6-foot-5 pivot star of the Hiland five which eliminated Stanton Local, is a Russian, who was born in a German concentration camp and came to the United States when he was very young. He has been averaging 17 points per game for Hiland.

—:—

LARRY Duck and Vic Rose, the two All-Ohio backs from Martins Ferry, have not made up their minds about what college they will attend. Offers have been heavy from Big 10 schools.

—:—

ONE of the surprises in West Virginia tournament circles is Follansbee High. Winners of only four regular season games, the Blue Wave upset defending state Class AA champ Magnolia Saturday night, thus advancing into the state finals next week at Morgantown.

Potter Rated High . . .

FRESHMAN coach John Powless of Cincinnati University rates East Liverpool's Ken Cunningham as one of the top backcourt men to enroll at Cincinnati in recent years.

Cunningham is ranked as a top-flight guard prospect for next year's varsity squad. He finished his freshman campaign as the second leading scorer on the team with a 14.9 mark. He had his season high of 28 points in the Bearkittens' impressive triumph over the Eastern Kentucky frosh and hit in the double figures in 14 out of 15 games.

Called extremely fast and excellent on defense by observers at Cincy, Kenny helped lead the freshmen to a 9-6 record.

The varsity will lose two of its top reserve guards next season in Tom Sizer of Middletown and Jim Calhoun from Carr Creek, Ky., due to graduation, which will leave an opening for Cunningham.

Newell Wrestler Gains Title . . .

Bob Barnett of Newell, who was almost too small for football and basketball, has found wrestling to his liking at West Liberty College.

Barnett had never seen a wrestling match before he went to West Liberty but in one year achieved a goal. Bob won the 123-pound championship in the West Virginia Intercollegiate Conference tournament Saturday at Fairmont State College.

In the stands to see him win the title was his mother and father Mr. and Mrs. Clarence Barnett.

He won in impressive fashion too, decisioning his opponent from Fairmont State, 11-5.

This year marked the first season for wrestling at West Liberty which finished second in the four-team meet only two points behind the winner. Barnett's record for the season was 5-4.

This 'N That In Sports . . .

RUSS HALL, former president of the Blue and White Nonpareil Club and his son Bill, saw Ohio State perform in its final regular season game Saturday at Columbus when the Bucks walloped Indiana.

They have proof that they were there. Bill, a varsity football and reserve basketball player at ELHS, brought back a large sign that Middletown fans had hung in St. John's arena, wishing their hometown boy Jerry Lucas and his teammates "good luck" in their final game.

—:—

THERE WAS some doubt whether the Nonpareil Club would hold its annual Junior Basketball Tournament, but the club is meeting tonight and the tourney will be discussed.

Villanova Eliminates W. Virginia

By ED CORRIGAN

Defending champion Cincinnati, which didn't qualify for the NCAA postseason basketball tournament until two days after the regular season had ended, draws Creighton, a tough customer, in its first game.

The Bearcats, primed for another showdown battle with Ohio State, finally gained a tournament spot Monday night by defeating Bradley 61-46 in a playoff for the Missouri Valley championship and the automatic spot in the playoff that goes with the title.

Last year Cincinnati, which finished the season with a 25-2 record, whipped Ohio State 70-65 in overtime for the national title. The Buckeyes, who clinched the Big Ten title long ago, have been waiting on the sidelines, itching to get another crack at the Bearcats. Ohio State finished the '61 season with a 23-1 mark.

Bradley, the Missouri Valley runner-up, didn't come out empty-handed. The Braves were tapped for the 12th and last spot in the National Invitation Tournament opening Thursday in New York. They'll be one of the favorites.

Cincinnati and Creighton (19-4) will meet at Kansas State University Friday night in part of a second-round doubleheader that also pairs Texas Tech and Colorado.

While Cincinnati was making it into the tournament, first-round games in the Midwest, East and Mideast regionals were played. Creighton whipped Memphis State 87-83, and Texas Tech edged the Air Force Academy 68-66 in the Midwest regional at Dallas.

Both the Missouri Valley winner and Big Eight titleholder drew byes into the second round of the Midwest regional.

In the East regional in Philadelphia, Villanova trouned West Virginia 90-75; New York University downed Massachusetts 70-50; and Wake Forest clipped Yale 92-82 in overtime.

Butler toppled Bowling Green 56-55, and Western Kentucky vanquished Detroit 90-81 in the Mideast regional at Lexington, Ky.

The rest of the second round will be completed tonight when the West regional is played off at Corvallis, Ore. Oregon State plays Seattle and Utah State is paired with Arizona State U. in the doubleheader.

Here is how the second round shapes up Friday and Saturday:

East at College Park, Md.—Wake Forest vs. St. Joseph's (Pa.), and Villanova vs. NYU.

Mideast at Iowa City—Butler vs. Kentucky and Ohio State vs. Western Kentucky.

Midwest at Manhattan, Kan.—Texas Tech vs. Colorado and Creighton vs. Cincinnati.

West at Provo, Utah—Pepperdine vs. winner of Seattle-Oregon State game, and UCLA vs. winner of Utah State-Arizona State game.

The four regional champions then advance to the national semifinals and final at Louisville March 23-24.

New Jersey Team Rolls New Mark Of 3,080 In ABC

DES MOINES, Iowa (AP) — Faber Cement Blocks of Paramus, N.J., rolled a record 3080 series in the American Bowling Congress tournament Monday night, but it was not enough to overtake the classic division leader, Continental Bowl of Detroit.

The Fabers, a band of familiar veterans, totaled 6075 for their complete six game stint to take second place. Priority Mfg. Co. of Cleveland is in third with 5975.

Continental totaled 6103 when it took the lead March 6. Ironically, the Fabers' second block broke the three-game classic division record of 3054 set by Continental.

Graz Castellano, 44, operator of a bowling store, paced the Fabers both nights with 665 and 707. His 1372 total in team play surpassed another classic record, the 1335 pins amassed by Continental's Bill Golembiewski this year.

Cincy Finishes No. 2

Ohio State Is Nation's No. 1 For Second Season

By The Associated Press

The Buckeyes of Ohio State are college basketball's No. 1 team for the second straight year.

The Bucks, beaten only twice in the last two years while winning 50, finished first in the final Associated Press poll—a position they've held without interruption since the preseason poll of 1960.

Of 43 voters on The AP's selected nationwide panel, 38 cast a No. 1 ballot for Ohio State. The other five placed the Big Ten champions second, while splitting their first-place votes this way—two to Cincinnati, two to Mississippi State, and one to Kentucky.

On the basis of 10 points for first, 9 for second, 8 for third, etc. Ohio State wound up with 425 points and a clear edge over defending NCAA champion Cincinnati.

In the preseason poll, the experts had picked Ohio State and Cincinnati to finish one-two.

Of the 1961-62 Top Ten, Ohio State, Cincinnati, Kentucky, Bradley, Bowling Green and Colorado have postseason tournament commitments.

The final rankings with first-place votes in parentheses:

1.	Ohio State (38)	425
2.	Cincinnati (2)	362
3.	Kentucky (1)	321
4.	Mississippi State (2)	252
5.	Bradley	176
6.	Kansas State	146
7.	Utah	132
8.	Bowling Green	100
9.	Colorado	62
10.	Duke	61

Others receiving votes: Loyola (Chicago), St. John's (N.Y.), Wake Forest, Oregon State, West Virginia, Arizona State University, Duquesne, Utah State, UCLA, Villanova, St. Joseph's (Pa.), Texas Tech, Southern Methodist, Drake, Wisconsin.

Ex-High School Stars To Perform For Salem

The Salem All-Stars will show a band of former high school standouts from that area when they take the floor Wednesday night against the East Liverpool City League team.

The game will feature a card of four contests sponsored by the Little Potters League. Preceeding the Salem - East Liverpool tilt will be games which will decide the Sixth, Seventh and Eighth grade Little Potter championships.

Leading the Salem squad here will be Bill Pauline, a former standout with the Quakers. Pauline stands about 6-foot-4. Another tall cager is Dean Nicholson, who was a big gun at Lisbon in his high school days. Jim Summers will give the Salem five a scoring punch. He set school records at United two years ago.

East Liverpool will be counting on the scoring of Herb Lake, the former Youngstown University and Midland High star, Carl Anderson of Midland and Big Jim Smith, a little All-American when he played at Steubenville.

The East Liverpool - Salem battle will get underway about 8:30. The first Little Potter contest begins at 7 p. m.

Browns Bare Plans For Grid Twin Bill

CLEVELAND (AP)—The Cleveland Browns announced plans today for professional football's first doubleheader at Municipal Stadium Aug. 18.

The National Football League twi-night event will match the Detroit Lions and Dallas Cowboys in the opener and the Browns and Pittsburgh Steelers in the nightcap.

"Frankly, I'm convinced the public will welcome this kind of a pre-season attraction," said Arthur B. Modell, the Browns' chief executive officer who conceived the idea.

He said he didn't think the plan would work during the regular league season.

Jones Continues Home Run String

By The Associated Press

Milwaukee Manager Birdie Tebbetts doesn't claim everything he touches turns to gold, but he's beginning to think he has found a golden boy to plug up one of his gaping outfield holes.

Mack Jones, 23, up from Louisville, has hit four home runs in the Braves' three exhibition contests. He also has driven in eight runs and has been conducting himself as though he is made to order.

As a result of the expansion of the National League to 10 teams, the Braves lost flychasers Frank Thomas and John Demerit to the New York Mets and Al Spangler to the Houston Colts.

That left Hank Aaron and Lee Maye to man two of the spots, and Tebbetts had to start scrambling for another replacement.

Jones, a 6-1, 180-pound lefty swinger, hit .326 with 11 homers at Louisville last year. Toward the end of the season the Braves brought him up for a look, and he compiled an undistinguished .231 mark in 28 games with nary a homer.

Jones clouted No. 4 Monday and drove in another run in the Braves' 5-1 decision over the Cincinnati Reds at Bradenton, Fla. Catcher Bob Ueker also hit a homer, and Howie Bedell, Jones No. 1 challenge for the vacant left-field spot, had a pair of singles.

While Tebbetts was rubbing his hands in glee at his new find, two other members of the lodge, Casey Stengel of the Mets and Billy Hitchcock of the Baltimore Orioles, came close to wringing their mitts in despair.

Stengel almost lost rookie outfielder Jim Hickman, who was struck high on the right cheekbone by Ray Herbert of the Chicato White Sox. Hickman, 24, went down when the ball hit and was taken to a Sarasota hospital.

X-rays proved negative, and physicians said they were certain he was not hurt badly. He was to return to the club today.

Hitchcock saw star pitcher Milt Pappas taken to a hospital, where he was operated on for appendicitis. Pappas, who compiled 3.03 last year on a 13-9 record, complained of pains Monday morning and was operated on a few hours later.

The Mets at least won their game, whipping the White Sox, 8-4. Don Zimmer collected four hits, and Elfo Chacon connected for a bases-loaded triple.

Pappas wasn't the Orioles' only loss of the day. They also dropped a 3-1 decision to the Kansas City A's at West Palm Beach.

The world-champion New York Yankees and the Los Angeles Angels, both sporting 3-0 records, are the only undefeated teams on the exhibition circuit. The Yanks whipped the Washington Senators 7-3 at Pompano Beach, with Elston Howard connecting for two 390-foot home runs.

The Angels whipped the Boston Red Sox, also by 7-3, at Palm Springs, Calif. Ken McBride limited the Sox to one hit in his 3-inning stint.

The Cleveland Indians had to go 12 innings before Chuck Essegian tripled and Jim Mahoney lifted a sacrifice fly to edge the Chicago Cubs 5-4 at Mesa, Ariz.

The Detroit Tigers sent seven runs across in the seventh inning to outlast the Minnesota Twins, 9-7, at Orlando, and the San Francisco Giants broke open a 1-all game in the eighth inning and ran away from the Colts 6-1 at Apache Junction, Ariz.

The Pittsburgh Pirates defeated the Philadelphia Phillies 6-5 at Fort Myers, and the Los Angeles Dodgers halted the St. Louis Cardinals 5-4 at St. Petersburg.

Movies To Be Shown At Nonpareil Meeting

Movies, showing East Liverpool's Dave Zelch in the North Carolina - Miami University football game, will be screened by Potter coach Bob Hedmond when the Blue and White Nonpareil Club meets tonight at 8 in the YMCA. Plans for the annual Junior Basketball Tournament and a wrestling match in April will also be discussed, H. A. (Hap) Tullis, president, said.

South Side's Ace Bows In Finals Of WPIAL Tourney

Wilbet King, South Side's hope in the WPIAL wrestling tournament, was defeated in the finals of the WPIAL tourney Saturday at Canonsburg High School.

King was pinned in 1:21 of the third period. The South Side wrestler gained the finals by pinning his opponent Friday night. South Side finished sixth in a field of 10 teams.

South Side, coached by Bob Wilczek, finished the season with a 5-8 record. The top wrestlers were Bill Miscuk with a 9-3 mark, Joe Tellish 9-5, Joe Barrett, 9-3 and King, 11-3.

Seniors graduating are Larry Matchett, Glenn Bowers and Roger Jones.

Commissioner Named For Big 8 Conference

Sim Earich, an elementary school principal in Trumbull County, was named commissioner of the Big 8 Basketball Conference at a meeting Monday night in Salem.

Larry Brown of Ravenna, who was offered the position earlier, declined the post.

Earich, who is the official timer for the state basketball tournament and track meet, is a former football, track and basketball official and coached basketball, football, baseball and track over a 23-year period.

He has served either as a superintendent or principal for 29 years. Earich holds degrees from Ohio University and the University of Pittsburgh.

Athletic directors and coaches approved the officials list.

Plans were made for an awards meeting either on the last Monday in April or first Monday in May. Officers also will be elected at that time.

Celts Can Break NBA Record For Most Wins

By The Associated Press

The Boston Celtics can break their own record for most victories in a National Basketball Association season when they go after No. 60 tonight against the Syracuse Nats at home.

The Celts hold a 9-2 margin over the Nats and a triumph in the regular season's finale would enable the Eastern Division champs to better their league mark of 59 set in the 1959-60 campaign.

The Los Angeles Lakers won their 52nd game Monday night to establish a mark for the most victories by a Western Division team. The St. Louis Hawks held the record of 51 wins made last season.

Los Angeles' Western Division titlists defeated the New York Knicks 119-106 at Seattle. In the only other game played, the Detroit Pistons turned back the Chicago Packers 121-116 at Green Bay, Wis.

LARRY Duck and Vic Rose, the two All-Ohio backs from Martins Ferry, have not made up their minds about what college they will attend. Offers have been heavy from Big 10 schools.

ONE of the surprises in West Virginia tournament circles is Follansbee High. Winners of only four regular season games, the Blue Wave upset defending state Class AA champ Magnolia Saturday night, thus advancing into the state finals next week at Morgantown.

Potter Rated High . . .

FRESHMAN coach John Powless of Cincinnati University rates East Liverpool's Ken Cunningham as one of the top backcourt men to enroll at Cincinnati in recent years.

Cunningham is ranked as a top-flight guard prospect for next year's varsity squad. He finished his freshman campaign as the second leading scorer on the team with a 14.9 mark. He had his season high of 28 points in the Bearkittens' impressive triumph over the Eastern Kentucky frosh and hit in the double figures in 14 out of 15 games.

Called extremely fast and excellent on defense by observers at Cincy, Kenny helped lead the freshmen to a 9-6 record.

The varsity will lose two of its top reserve guards next season in Tom Sizer of Middletown and Jim Calhoun from Carr Creek, Ky., due to graduation, which will leave an opening for Cunningham.

Newell Wrestler Gains Title . . .

Bob Barnett of Newell, who was almost too small for football and basketball, has found wrestling to his liking at West Liberty College.

Barnett had never seen a wrestling match before he went to West Liberty but in one year achieved a goal. Bob won the 123-pound championship in the West Virginia Intercollegiate Conference tournament Saturday at Fairmont State College.

In the stands to see him win the title was his mother and father Mr. and Mrs. Clarence Barnett.

He won in impressive fashion too, decisioning his opponent from Fairmont State, 11-5.

This year marked the first season for wrestling at West Liberty which finished second in the four-team meet only two points behind the winner. Barnett's record for the season was 5-4.

RUSS HALL, former president of the Blue and White Nonpareil Club and his son Bill, saw Ohio State perform in its final regular season game Saturday at Columbus when the Bucks walloped Indiana.

They have proof that they were there. Bill, a varsity football and reserve basketball player at ELHS, brought back a large sign that Middletown fans had hung in St. John's arena, wishing their hometown boy Jerry Lucas and his teammates "good luck" in their final game.

THERE WAS some doubt whether the Nonpareil Club would hold its annual Junior Basketball Tournament, but the club is meeting tonight and the tourney will be discussed.

Villanova Eliminates W. Virginia

Defending champion Cincinnati, which didn't qualify for the NCAA postseason basketball tournament until two days after the regular season had ended, draws Creighton, a tough customer, in its first game.

The Bearcats, primed for another showdown battle with Ohio State, finally gained a tournament spot Monday night by defeating Bradley 61-46 in a playoff for the Missouri Valley championship and the automatic spot in the playoff that goes with the title.

Last year Cincinnati, which finished the season with a 25-2 record, whipped Ohio State 70-65 in overtime for the national title. The Buckeyes, who clinched the Big Ten title long ago, have been waiting on the sidelines, itching to get another crack at the Bearcats. Ohio State finished the '61 season with a 23-1 mark.

Bradley, the Missouri Valley runner-up, didn't come out empty-handed. The Braves were tapped for the 12th and last spot in the National Invitation Tournament opening Thursday in New York. They'll be one of the favorites.

Cincinnati and Creighton (19-4) will meet at Kansas State University Friday night in part of a second-round doubleheader that also pairs Texas Tech and Colorado.

While Cincinnati was making it into the tournament, first-round games in the Midwest, East and Mideast regionals were played. Creighton whipped Memphis State 87-83, and Texas Tech edged the Air Force Academy 68-66 in the Midwest regional at Dallas.

Both the Missouri Valley winner and Big Eight titleholder drew byes into the second round of the Midwest regional.

In the East regional in Philadelphia, Villanova trouned West Virginia 90-75; New York University downed Massachusetts 70-50; and Wake Forest clipped Yale 92-82 in overtime.

Butler toppled Bowling Green 56-55, and Western Kentucky vanquished Detroit 90-81 in the Mideast regional at Lexington, Ky.

The rest of the second round will be completed tonight when the West regional is played off at Corvallis, Ore. Oregon State plays Seattle and Utah State is paired with Arizona State U. in the doubleheader.

Here is how the second round shapes up Friday and Saturday:

East at College Park, Md.—Wake Forest vs. St. Joseph's (Pa.), and Villanova vs. NYU.

Mideast at Iowa City—Butler vs. Kentucky and Ohio State vs. Western Kentucky.

Midwest at Manhattan, Kan.—Texas Tech vs. Colorado and Creighton vs. Cincinnati.

West at Provo, Utah—Pepperdine vs. winner of Seattle-Oregon State game, and UCLA vs. winner of Utah State-Arizona State game.

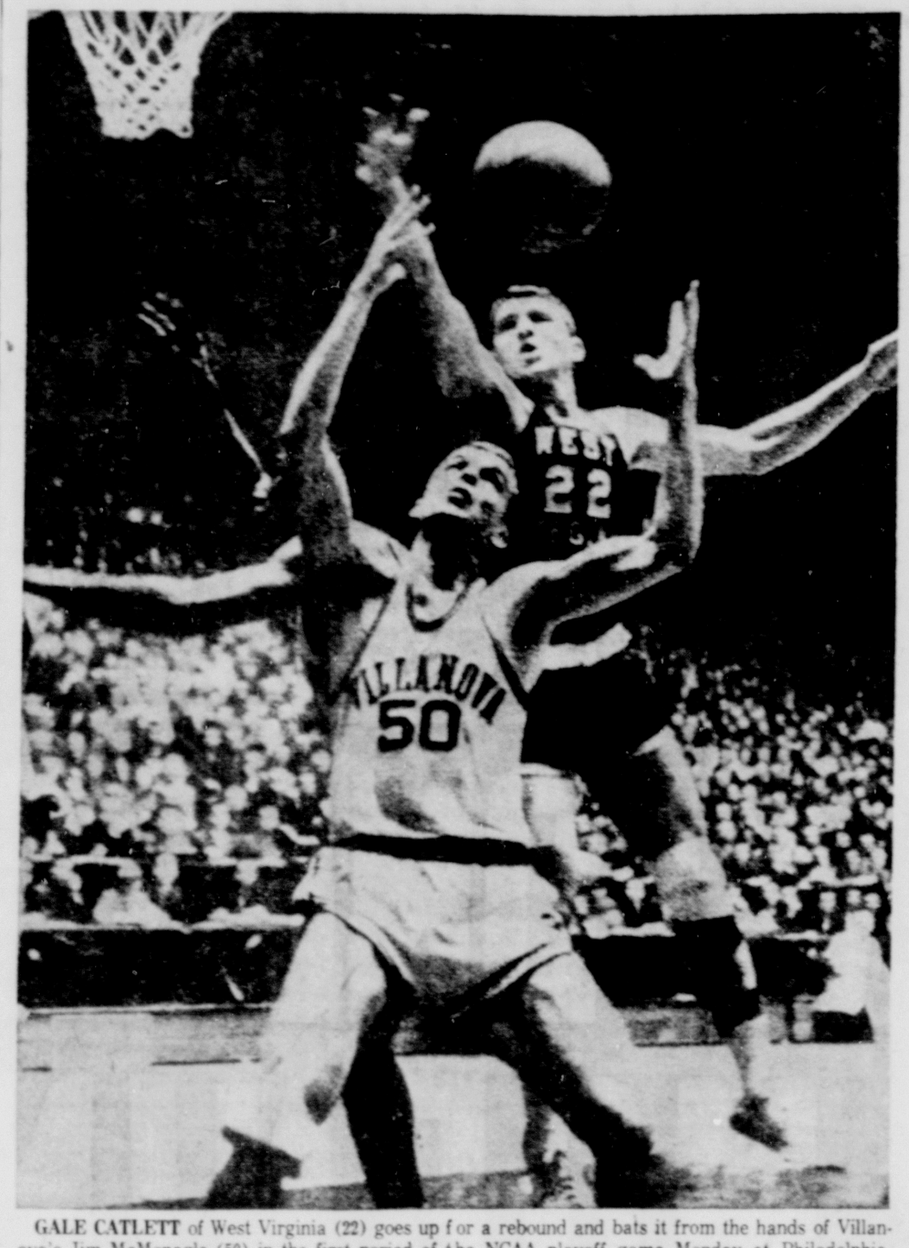

The four regional champions then advance to the national semifinals and final at Louisville March 23-24.

Jones Continues Home Run String

By The Associated Press

Milwaukee Manager Birdie Tebbetts doesn't claim everything he touches turns to gold, but he's beginning to think he has found a golden boy to plug up one of his gaping outfield holes.

Mack Jones, 23, up from Louisville, has hit four home runs in the Braves' three exhibition contests. He also has driven in eight runs and has been conducting himself as though he is made to order.

As a result of the expansion of the National League to 10 teams, the Braves lost flychasers Frank Thomas and John Demerit to the New York Mets and Al Spangler to the Houston Colts.

That left Hank Aaron and Lee Maye to man two of the spots, and Tebbetts had to start scrambling for another replacement.

Jones, a 6-1, 180-pound lefty swinger, hit .326 with 11 homers at Louisville last year. Toward the end of the season the Braves brought him up for a look, and he compiled an undistinguished .231 mark in 28 games with nary a homer.

Jones clouted No. 4 Monday and drove in another run in the Braves' 5-1 decision over the Cincinnati Reds at Bradenton, Fla. Catcher Bob Ueker also hit a homer, and Howie Bedell, Jones No. 1 challenge for the vacant left-field spot, had a pair of singles.

While Tebbetts was rubbing his hands in glee at his new find, two other members of the lodge, Casey Stengel of the Mets and Billy Hitchcock of the Baltimore Orioles, came close to wringing their mitts in despair.

Stengel almost lost rookie outfielder Jim Hickman, who was struck high on the right cheekbone by Ray Herbert of the Chicato White Sox. Hickman, 24, went down when the ball hit and was taken to a Sarasota hospital.

X-rays proved negative, and physicians said they were certain he was not hurt badly. He was to return to the club today.

Hitchcock saw star pitcher Milt Pappas taken to a hospital, where he was operated on for appendicitis. Pappas, who compiled 3.03 last year on a 13-9 record, complained of pains Monday morning and was operated on a few hours later.

The Mets at least won their game, whipping the White Sox, 8-4. Don Zimmer collected four hits, and Elfo Chacon connected for a bases-loaded triple.

Pappas wasn't the Orioles' only loss of the day. They also dropped a 3-1 decision to the Kansas City A's at West Palm Beach.

The world-champion New York Yankees and the Los Angeles Angels, both sporting 3-0 records, are the only undefeated teams on the exhibition circuit. The Yanks whipped the Washington Senators 7-3 at Pompano Beach, with Elston Howard connecting for two 390-foot home runs.

The Angels whipped the Boston Red Sox, also by 7-3, at Palm Springs, Calif. Ken McBride limited the Sox to one hit in his 3-inning stint.

The Cleveland Indians had to go 12 innings before Chuck Essegian tripled and Jim Mahoney lifted a sacrifice fly to edge the Chicago Cubs 5-4 at Mesa, Ariz.

The Detroit Tigers sent seven runs across in the seventh inning to outlast the Minnesota Twins, 9-7, at Orlando, and the San Francisco Giants broke open a 1-all game in the eighth inning and ran away from the Colts 6-1 at Apache Junction, Ariz.

The Pittsburgh Pirates defeated the Philadelphia Phillies 6-5 at Fort Myers, and the Los Angeles Dodgers halted the St. Louis Cardinals 5-4 at St. Petersburg.

Movies To Be Shown At Nonpareil Meeting

Movies, showing East Liverpool's Dave Zelch in the North Carolina - Miami University football game, will be screened by Potter coach Bob Hedmond when the Blue and White Nonpareil Club meets tonight at 8 in the YMCA. Plans for the annual Junior Basketball Tournament and a wrestling match in April will also be discussed, H. A. (Hap) Tullis, president, said.

South Side's Ace Bows In Finals Of WPIAL Tourney

Wilbet King, South Side's hope in the WPIAL wrestling tournament, was defeated in the finals of the WPIAL tourney Saturday at Canonsburg High School.

King was pinned in 1:21 of the third period. The South Side wrestler gained the finals by pinning his opponent Friday night. South Side finished sixth in a field of 10 teams.

South Side, coached by Bob Wilczek, finished the season with a 5-8 record. The top wrestlers were Bill Miscuk with a 9-3 mark, Joe Tellish 9-5, Joe Barrett, 9-3 and King, 11-3.

Seniors graduating are Larry Matchett, Glenn Bowers and Roger Jones.

Cincy Finishes No. 2

Ohio State Is Nation's No. 1 For Second Season

By The Associated Press

The Buckeyes of Ohio State are college basketball's No. 1 team for the second straight year.

The Bucks, beaten only twice in the last two years while winning 50, finished first in the final Associated Press poll—a position they've held without interruption since the preseason poll of 1960.

Of 43 voters on The AP's selected nationwide panel, 38 cast a No. 1 ballot for Ohio State. The other five placed the Big Ten champions second, while splitting their first-place votes this way—two to Cincinnati, two to Mississippi State, and one to Kentucky.

On the basis of 10 points for first, 9 for second, 8 for third, etc. Ohio State wound up with 425 points and a clear edge over defending NCAA champion Cincinnati.

In the preseason poll, the experts had picked Ohio State and Cincinnati to finish one-two.

Of the 1961-62 Top Ten, Ohio State, Cincinnati, Kentucky, Bradley, Bowling Green and Colorado have postseason tournament commitments.

The final rankings with first-place votes in parentheses:

1. Ohio State (38)	425
2. Cincinnati (2)	362
3. Kentucky (1)	321
4. Mississippi State (2)	252
5. Bradley	176
6. Kansas State	146
7. Utah	132
8. Bowling Green	100
9. Colorado	62
10. Duke	61

Others receiving votes: Loyola (Chicago), St. John's (N.Y.), Wake Forest, Oregon State, West Virginia, Arizona State University, Duquesne, Utah State, UCLA, Villanova, St. Joseph's (Pa.), Texas Tech, Southern Methodist, Drake, Wisconsin.

Commissioner Named For Big 8 Conference

Sim Earich, an elementary school principal in Trumbull County, was named commissioner of the Big 8 Basketball Conference at a meeting Monday night in Salem.

Larry Brown of Ravenna, who was offered the position earlier, declined the post.

Earich, who is the official timer for the state basketball tournament and track meet, is a former football, track and basketball official and coached basketball, football, baseball and track over a 23-year period.

He has served either as a superintendent or principal for 29 years. Earich holds degrees from Ohio University and the University of Pittsburgh.

Athletic directors and coaches approved the officials list.

Plans were made for an awards meeting either on the last Monday in April or first Monday in May. Officers also will be elected at that time.

Ex-High School Stars To Perform For Salem

The Salem All-Stars will show a band of former high school standouts from that area when they take the floor Wednesday night against the East Liverpool City League team.

The game will feature a card of four contests sponsored by the Little Potters League. Preceeding the Salem - East Liverpool tilt will be games which will decide the Sixth, Seventh and Eighth grade Little Potter championships.

Leading the Salem squad here will be Bill Pauline, a former standout with the Quakers. Pauline stands about 6-foot-4. Another tall cager is Dean Nicholson, who was a big gun at Lisbon in his high school days. Jim Summers will give the Salem five a scoring punch. He set school records at United two years ago.

East Liverpool will be counting on the scoring of Herb Lake, the former Youngstown University and Midland High star, Carl Anderson of Midland and Big Jim Smith, a little All-American when he played at Steubenville.

The East Liverpool - Salem battle will get underway about 8:30. The first Little Potter contest begins at 7 p. m.

Celts Can Break NBA Record For Most Wins

By The Associated Press

The Boston Celtics can break their own record for most victories in a National Basketball Association season when they go after No. 60 tonight against the Syracuse Nats at home.

The Celts hold a 9-2 margin over the Nats and a triumph in the regular season's finale would enable the Eastern Division champs to better their league mark of 59 set in the 1959-60 campaign.

The Los Angeles Lakers won their 52nd game Monday night to establish a mark for the most victories by a Western Division team. The St. Louis Hawks held the record of 51 wins made last season.

Los Angeles' Western Division titlists defeated the New York Knicks 119-106 at Seattle. In the only other game played, the Detroit Pistons turned back the Chicago Packers 121-116 at Green Bay, Wis.

New Jersey Team Rolls New Mark Of 3,080 In ABC

DES MOINES, Iowa (AP) — Faber Cement Blocks of Paramus, N.J., rolled a record 3080 series in the American Bowling Congress tournament Monday night, but it was not enough to overtake the classic division leader, Continental Bowl of Detroit.

The Fabers, a band of familiar veterans, totaled 6075 for their complete six game stint to take second place. Priority Mfg. Co. of Cleveland is in third with 5975.

Continental totaled 6103 when it took the lead March 6. Ironically, the Fabers' second block broke the three-game classic division record of 3054 set by Continental.

Graz Castellano, 44, operator of a bowling store, paced the Fabers both nights with 665 and 707. His 1372 total in team play surpassed another classic record, the 1335 pins amassed by Continental's Bill Golembiewski this year.

Browns Bare Plans For Grid Twin Bill

CLEVELAND (AP)—The Cleveland Browns announced plans today for professional football's first doubleheader at Municipal Stadium Aug. 18.

The National Football League twi-night event will match the Detroit Lions and Dallas Cowboys in the opener and the Browns and Pittsburgh Steelers in the nightcap.

"Frankly, I'm convinced the public will welcome this kind of a pre-season attraction," said Arthur B. Modell, the Browns' chief executive officer who conceived the idea.

He said he didn't think the plan would work during the regular league season.

Weirton, Beckley Rated Favorites In W.Va. Play

By JOE PILEGGE
Associated Press Sports Writer

If won and lost records are any indication, South Charleston and Elkins will be the underdogs in the opening round of the Class AAA West Virginia High School Basketball Tournament at Morgantown Friday night.

South Charleston meets undefeated Beckley and Elkins tackles similarly unbeaten Weirton.

South Charleston compiled a 22-2 record and one of the losses was by 11 points to Beckley, which finished at 23-0. Elkins lost three times in 24 starts compared to Weirton's 23-0.

So the logical selections would be Beckley and Weirton to keep right on winning.

But at least two voices have been raised in dissent. Coaches Dick Simmons of Elkins and Tony Miller of South Charleston don't agree at all. They think the fact their teams have lost a couple of games along the way may prove to be an advantage.

"It might give us a little bit of an advantage," Simmons said. "We won't have the pressure of trying to preserve a perfect record."

"It didn't hurt us to lose those two games," Miller agreed. "It may even have helped us."

Miller should know. Last year his team ran through 21 straight victories without taking a deep breath, then got bumped off by eventual champion Huntington in regional play.

"We thought we were relaxed after winning all those games last year," Miller said. "But we weren't. The pressure and tension build up when you are trying to stay undefeated and it caught up with us."

He thinks the same thing could happen to Beckley. And nothing would make him happier than to have his South Charleston club apply the skids.

"Sure I think we can beat them by playing a little better ball than we did in the game we lost at Beckley," Miller added. But he still thinks Beckley is the team to beat in the tournament.

"They are tough. I ought to know," Miller said.

South Charleston will start a lineup in which all five players are averaging in double figures. Actually Gary Gregor doesn't have such an average based on the entire season, but he does if you count only the games since he became a regular late in the campaign.

Simmons thinks the tournament title is up for grabs.

"Any of the four teams could win it," he says. "That includes our team."

Simmons noted that six of his first seven players have tournament experience. They were sophomores on the 1960 team which lost to Parkersburg in the semi-finals.

"That experience might pay off for us," he said.

AFL Nears Completion Of Case Against NFL

BALTIMORE (AP)—The American Football League was expected to complete the presentation of testimony today in its $10 million antitrust suit against the National Football League.

Billy Sullivan, owner of the Boston Patriots, was called as the final witness for the AFL in the case which began in U.S. District Court Feb. 26. Chief Judge Roszel C. Thomsen is hearing the case without a jury.

Gerhard A. Gesell, attorney for the NFL, said he would move for a directed verdict at the conclusion of the AFL testimony.

Charlie Flowers, a 1959 All-America player from Mississippi who signed with the AFL San Diego Chargers, testified Monday that former Coach Jim Lee Howell of the NFL's New York Giants, told him the NFL was "going to drive them (the AFL) out of business just like they are trying to do to us."

Ashland Five Defeated By Prairie View

KANSAS CITY (AP)—Ashland College of Ohio forced the nation's top-ranked small college team—Prairie View A & M—into an overtime before falling 73-64 in the NAIA basketball tournament here Monday night.

The difference in the 5-minute extra period was the Texas team's Zelmo Beaty. The 6-foot-8, 230-pounder poured in 10 points in the overtime and wound up the contest with 33.

It was Beaty's short push shot with a half-minute left that pulled the second-seeded team in the week-long tournament into a 58-all score.

Larry Aulger led Ashland with 28 points.

No more than three points separated the teams during the regulation time.

IMAGE OF FAITH. This impressive plastercast, made by Italian sculptor Francesco Messina of Milan, depicts the late Pope Pius XII raising his right hand in a blessing gesture. Messina estimates it will take him at least two years to complete the 10-foot, 5-inch statue in marble. It will be placed in St. Peter's Basilica.

Kennedy's Plan On Jobless Aid Seen Equalizer

COLUMBUS, Ohio (AP)—President Kennedy's plan for a permanent extension of jobless benefits on a national basis would do much to equalize unemployment compensation throughout the country, Gov. Michael V. DiSalle said Monday.

The governor told newsmen he has the feeling that many of Ohio's heavy industries are taking advantage of smaller businesses which have relatively stable employment.

"Instead of the original idea that unemployment compensation was to cushion the shock of cylical economic conditions," the governor said, "it seems now they are counting on the fund to cushion the shock of even seasonal and industrial dislocations and, in some cases, the results of automation."

DiSalle said many of the heavy industries' laid - off workers collect more in benefits each year than the industries pay into the benefits fund.

Ohio U. To Hike Fees In 1962-63

ATHENS, Ohio (AP)—A fee increase effective with the opening of the 1962-63 school year was announced by Ohio University today.

Comprehensive registration fee, which includes tuition and most activity, service and laboratory assessments, will increase from the present $175 to $200 a semester for students from Ohio, and from $350 to $400 a semester for out-of-state students.

Vernon R. Alden, Ohio University president, said the action was taken by the board of trustees as a necessary step in meeting rising costs. Charges for dormitory rooms ($117-$144 per semester) and meals ($234 per semester) will not be changed. Alden said the increases bring Ohio University's total fees to an approximate level with those of other state-supported universities in Ohio.

Boy Beaten Up By 3 Youths Outside School

CLEVELAND (AP)—A 15-year-old boy was beaten outside East Technical High School Monday by three youths who earlier created a disturbance in Kennard Junior High School, police said.

William Harris, East Tech football coach, broke up the fight and identified one of the attackers as an 18-year-old with a police record. He was arrested and police sought the accomplices named by the suspect. Both are 18, too.

Police said they were told the three entered a typing classroom at Kennard about 3 p.m., and one, who appeared to be intoxicated, swore at the teacher and the students.

Killed During Work

Man Faces Hospital Tests Before Trial

CINCINNATI (AP) — Robert Shelton, 20, faces examination at the Lima State Hospital for the Criminally Insane before standing trial on two charges of attempted rape and two charges of armed robbery.

He is accused of accosting two teen-aged couples in a park at gunpoint last Nov. 23, locking the boys in a car trunk and then attempting to rape the girls.

Canadians Seek Skating Crowns In World Event

PRAGUE (AP) — Canadian figure skaters, who played bridesmaids roles in the last world meet, will try to step up to the alter Wednesday at the start of the 4-day 1962 world championships.

Don Jackson, 21, of Toronto, begins his quest for the mens' singles title; Maria and Otto Jelinek of Bronte, Ont., go after the pairs crown, and Virginia Thompson and William McLachlan, both of Toronto, bid for the ice dance championship.

Each of the three entries placed second in the 1960 world meet at Vancouver, B.C. Last year's championships, also scheduled for Prague, were canceled as a result of the Belgian air crash in which the entire American team died.

Canada has 10 entries, more than any other country, in the 16-nation field.

Quick-Thinking Woman Teller Thwarts Holdup

CLEVELAND (AP) — A quick-thinking woman teller, who fell to the floor and pressed an alarm button, thwarted a holdup man Monday at an East Side branch of the Cleveland Trust Co.

The teller, Mrs. Vytautas Balas, 38, was on duty 10 minutes after the bank closed. A man, who waited his turn in a long line of customers, handed her a paper bag on which was a note that read:

"Keep quiet if you don't want to get hurt."

Reacting quickly, Mrs. Balas began talking in a loud voice to attract attention. When this didn't work, she grabbed the brown bag and dropped to the floor, hitting the silent alarm button.

A porter, Mack Spencer, was the only one who saw the would-be robber leave the bank empty handed. Spencer told police he unlocked the door for a man who tried to force it with his shoulder.

The well dressed man with a mustache ran down the street and up a fire escape into a hotel. FBI agents, aided by police, searched the 50-suite hotel in vain.

Hotel And Union Dispute Leads To Arrest Of 2

HAMILTON, Ohio (AP) — The dispute between the Anthony Wayne Hotel management and Local 169 of the AFL-CIO Hotel and Restaurant Workers Union has resulted in both the hotel manager and the union secretary being arrested for disorderly conduct.

Manager Robert Bittinger, 23, signed a warrant charging Fred Adams and Carl Gadd Monday after an altercation at the hotel. Adams, secretary and business agent of the local, signed a warrant charging Bittinger with the same thing.

The altercation came after the National Labor Relations Board declined jurisdiction in the dispute.

Pickets have been out before the hotel since 13 employes were dismissed Jan. 15, after the Hotel changed owners.

The union contends the new management discriminated against union members. A contract between the union and the old owners expired shortly before the dismissals.

Pneumonia Fatal

CHICAGO (AP)—Frank London Brown, 34, author and director of the union leadership program at the University of Chicago's Downtown Center, died Monday of bronchial pneumonia. Brown was the author of "Trumbull Park," based on racial disturbances in a South Side federal housing project in the mid-1950s. Brown, a Negro, was born in Kansas City.

Probably the first taxes in history levied by a government on its people were in ancient Egypt, where the Pharaohe demanded 20 per cent of all farm products.

Man Gets Pen Term In Robbery-Kidnap

CLEVELAND (AP) — Anthony V. Fede, 48, pleaded guilty Monday to armed robbery and kidnaping and was sentenced to Ohio Penitentiary for 10-30 years.

He was accused of the $1,500 armed robbery of Jack & Jill's Tavern Sept. 9, 1960. Authorities said he held the tavern owner and a barmaid captive for four hours as he searched for more money in the owner's home.

Stroke Fatal At 52

NEW YORK (AP)—Bruce Rae, 69, a staff member of the New York Times for 52 years, died Monday of a stroke. Rae had been director of the New York Times News Service since 1955 and previously had served in various executive positions, including that of assistant managing editor. He was born in Paterson, N.J.

January Traffic Toll In Ohio Set At 144

COLUMBUS, Ohio (AP)—Traffic accidents in Ohio during January resulted in 144 deaths, the Ohio Department of Highway Safety reports. The toll was the highest for the month in the last four years.

The 144 deaths were 33 per cent higher than last year's 108. In 1960 the toll was 139 and in 1959 110 died.

Sports Promoter George May Dies; Rites Thursday

CHICAGO (AP)—Funeral services will be held Thursday in suburban Glenview for George S. May, wealthy sports promoter who sponsored some of the richest tournaments in golf history.

May, who was 71, died Monday in his office at Tam O'Shanter Country Club, apparently of a heart attack.

May sponsored the All-America and World golf championships until he became entangled with the Professional Golfers Association in 1958 over his refusal to turn entry fees over to the PGA.

Several rifts developed between the colorful May and the PGA involving May's rule that golfers wear numbers on their back for identification, suspension of matches because of weather and on decisions of the rules of golf.

He distributed nearly $2 million in golf purses between 1941 and 1958.

Weirton, Beckley Rated Favorites In W.Va. Play

By JOE PILEGGE
Associated Press Sports Writer

If won and lost records are any indication, South Charleston and Elkins will be the underdogs in the opening round of the Class AAA West Virginia High School Basketball Tournament at Morgantown Friday night.

South Charleston meets undefeated Beckley and Elkins tackles similarly unbeaten Weirton.

South Charleston compiled a 22-2 record and one of the losses was by 11 points to Beckley, which finished at 23-0. Elkins lost three times in 24 starts compared to Weirton's 23-0.

So the logical selections would be Beckley and Weirton to keep right on winning.

But at least two voices have been raised in dissent. Coaches Dick Simmons of Elkins and Tony Miller of South Charleston don't agree at all. They think the fact their teams have lost a couple of games along the way may prove to be an advantage.

"It might give us a little bit of an advantage," Simmons said. "We won't have the pressure of trying to preserve a perfect record."

"It didn't hurt us to lose those two games," Miller agreed. "It may even have helped us."

Miller should know. Last year his team ran through 21 straight victories without taking a deep breath, then got bumped off by eventual champion Huntington in regional play.

"We thought we were relaxed after winning all those games last year," Miller said. "But we weren't. The pressure and tension build up when you are trying to stay undefeated and it caught up with us."

He thinks the same thing could happen to Beckley. And nothing would make him happier than to have his South Charleston club apply the skids.

"Sure I think we can beat them by playing a little better ball than we did in the game we lost at Beckley," Miller added. But he still thinks Beckley is the team to beat in the tournament.

"They are tough. I ought to know," Miller said.

South Charleston will start a lineup in which all five players are averaging in double figures. Actually Gary Gregor doesn't have such an average based on the entire season, but he does if you count only the games since he became a regular late in the campaign.

Simmons thinks the tournament title is up for grabs.

"Any of the four teams could win it," he says. "That includes our team."

Simmons noted that six of his first seven players have tournament experience. They were sophomores on the 1960 team which lost to Parkersburg in the semi-finals.

"That experience might pay off for us," he said.

AFL Nears Completion Of Case Against NFL

BALTIMORE (AP)—The American Football League was expected to complete the presentation of testimony today in its $10 million antitrust suit against the National Football League.

Billy Sullivan, owner of the Boston Patriots, was called as the final witness for the AFL in the case which began in U.S. District Court Feb. 26. Chief Judge Roszel C. Thomsen is hearing the case without a jury.

Gerhard A. Gesell, attorney for the NFL, said he would move for a directed verdict at the conclusion of the AFL testimony.

Charlie Flowers, a 1959 All-America player from Mississippi who signed with the AFL San Diego Chargers, testified Monday that former Coach Jim Lee Howell of the NFL's New York Giants, told him the NFL was "going to drive them (the AFL) out of business just like they are trying to do to us."

Ashland Five Defeated By Prairie View

KANSAS CITY (AP)—Ashland College of Ohio forced the nation's top-ranked small college team—Prairie View A & M—into an overtime before falling 73-64 in the NAIA basketball tournament here Monday night.

The difference in the 5-minute extra period was the Texas team's Zelmo Beaty. The 6-foot-8, 230-pounder poured in 10 points in the overtime and wound up the contest with 33.

It was Beaty's short push shot with a half-minute left that pulled the second-seeded team in the week-long tournament into a 58-all score.

Larry Aulger led Ashland with 28 points.

No more than three points separated the teams during the regulation time.

Canadians Seek Skating Crowns In World Event

PRAGUE (AP) — Canadian figure skaters, who played bridesmaids roles in the last world meet, will try to step up to the alter Wednesday at the start of the 4-day 1962 world championships.

Don Jackson, 21, of Toronto, begins his quest for the mens' singles title; Maria and Otto Jelinek of Bronte, Ont., go after the pairs crown, and Virginia Thompson and William McLachlan, both of Toronto, bid for the ice dance championship.

Each of the three entries placed second in the 1960 world meet at Vancouver, B.C. Last year's championships, also scheduled for Prague, were canceled as a result of the Belgian air crash in which the entire American team died.

Canada has 10 entries, more than any other country, in the 16-nation field.

Man Faces Hospital Tests Before Trial

CINCINNATI (AP) — Robert Shelton, 20, faces examination at the Lima State Hospital for the Criminally Insane before standing trial on two charges of attempted rape and two charges of armed robbery.

He is accused of accosting two teen-aged couples in a park at gunpoint last Nov. 23, locking the boys in a car trunk and then attempting to rape the girls.

IMAGE OF FAITH. This impressive plastercast, made by Italian sculptor Francesco Messina of Milan, depicts the late Pope Pius XII raising his right hand in a blessing gesture. Messina estimates it will take him at least two years to complete the 10-foot, 5-inch statue in marble. It will be placed in St. Peter's Basilica.

Kennedy's Plan On Jobless Aid Seen Equalizer

COLUMBUS, Ohio (AP)—President Kennedy's plan for a permanent extension of jobless benefits on a national basis would do much to equalize unemployment compensation throughout the country, Gov. Michael V. DiSalle said Monday.

The governor told newsmen he has the feeling that many of Ohio's heavy industries are taking advantage of smaller businesses which have relatively stable employment.

"Instead of the original idea that unemployment compensation was to cushion the shock of cylical economic conditions," the governor said, "it seems now they are counting on the fund to cushion the shock of even seasonal and industrial dislocations and, in some cases, the results of automation."

DiSalle said many of the heavy industries' laid - off workers collect more in benefits each year than the industries pay into the benefits fund.

Ohio U. To Hike Fees In 1962-63

ATHENS, Ohio (AP)—A fee increase effective with the opening of the 1962-63 school year was announced by Ohio University today.

Comprehensive registration fee, which includes tuition and most activity, service and laboratory assessments, will increase from the present $175 to $200 a semester for students from Ohio, and from $350 to $400 a semester for out-of-state students.

Vernon R. Alden, Ohio University president, said the action was taken by the board of trustees as a necessary step in meeting rising costs. Charges for dormitory rooms ($117-$144 per semester) and meals ($234 per semester) will not be changed. Alden said the increases bring Ohio University's total fees to an approximate level with those of other state-supported universities in Ohio.

Boy Beaten Up By 3 Youths Outside School

CLEVELAND (AP)—A 15-year-old boy was beaten outside East Technical High School Monday by three youths who earlier created a disturbance in Kennard Junior High School, police said.

William Harris, East Tech football coach, broke up the fight and identified one of the attackers as an 18-year-old with a police record. He was arrested and police sought the accomplices named by the suspect. Both are 18, too.

Police said they were told the three entered a typing classroom at Kennard about 3 p.m., and one, who appeared to be intoxicated, swore at the teacher and the students.

Killed During Work

CINCINNATI (AP) — Harold Ayer, 57, of Rossmoyne, who operates an air compressor rental business, installed a unit at the Commercial Filter Corp. Monday. When he tested it, a pipe blew off the compressor and struck him on the forehead, killing him.

Hotel And Union Dispute Leads To Arrest Of 2

HAMILTON, Ohio (AP) — The dispute between the Anthony Wayne Hotel management and Local 169 of the AFL-CIO Hotel and Restaurant Workers Union has resulted in both the hotel manager and the union secretary being arrested for disorderly conduct.

Manager Robert Bittinger, 23, signed a warrant charging Fred Adams and Carl Gadd Monday after an altercation at the hotel. Adams, secretary and business agent of the local, signed a warrant charging Bittinger with the same thing.

The altercation came after the National Labor Relations Board declined jurisdiction in the dispute.

Pickets have been out before the hotel since 13 employes were dismissed Jan. 15, after the Hotel changed owners.

The union contends the new management discriminated against union members. A contract between the union and the old owners expired shortly before the dismissals.

Pneumonia Fatal

CHICAGO (AP)—Frank London Brown, 34, author and director of the union leadership program at the University of Chicago's Downtown Center, died Monday of bronchial pneumonia. Brown was the author of "Trumbull Park," based on racial disturbances in a South Side federal housing project in the mid-1950s. Brown, a Negro, was born in Kansas City.

Probably the first taxes in history levied by a government on its people were in ancient Egypt, where the Pharaohe demanded 20 per cent of all farm products.

Quick-Thinking Woman Teller Thwarts Holdup

CLEVELAND (AP) — A quick-thinking woman teller, who fell to the floor and pressed an alarm button, thwarted a holdup man Monday at an East Side branch of the Cleveland Trust Co.

The teller, Mrs. Vytautas Balas, 38, was on duty 10 minutes after the bank closed. A man, who waited his turn in a long line of customers, handed her a paper bag on which was a note that read:

"Keep quiet if you don't want to get hurt."

Reacting quickly, Mrs. Balas began talking in a loud voice to attract attention. When this didn't work, she grabbed the brown bag and dropped to the floor, hitting the silent alarm button.

A porter, Mack Spencer, was the only one who saw the would-be robber leave the bank empty handed. Spencer told police he unlocked the door for a man who tried to force it with his shoulder.

The well dressed man with a mustache ran down the street and up a fire escape into a hotel. FBI agents, aided by police, searched the 50-suite hotel in vain.

Man Gets Pen Term In Robbery-Kidnap

CLEVELAND (AP) — Anthony V. Fede, 48, pleaded guilty Monday to armed robbery and kidnaping and was sentenced to Ohio Penitentiary for 10-30 years.

He was accused of the $1,500 armed robbery of Jack & Jill's Tavern Sept. 9, 1960. Authorities said he held the tavern owner and a barmaid captive for four hours as he searched for more money in the owner's home.

Stroke Fatal At 52

NEW YORK (AP)—Bruce Rae, 69, a staff member of the New York Times for 52 years, died Monday of a stroke. Rae had been director of the New York Times News Service since 1955 and previously had served in various executive positions, including that of assistant managing editor. He was born in Paterson, N.J.

January Traffic Toll In Ohio Set At 144

COLUMBUS, Ohio (AP)—Traffic accidents in Ohio during January resulted in 144 deaths, the Ohio Department of Highway Safety reports. The toll was the highest for the month in the last four years.

The 144 deaths were 33 per cent higher than last year's 108. In 1960 the toll was 139 and in 1959 110 died.

How Can I?

By ANNE ASHLEY

Q. What can I do about some of my silverware which eggs have darkened?

A. These dark egg stains can be removed with some moist salt. Finish by washing in ammonia water.

Q. How can I quickly make my own "sour milk" for sour - milk recipes?

A. Two tablespoonfuls of lemon juice, added to one cup of sweet milk, sours it to the acidity desired for sour-milk recipes.

Q. How can I prevent fine laces from tearing when washing them?

A. Wash them in a bottle of soapsuds. If they are to be starched, use a solution of sugar and water. To whiten the laces, wash them in sour milk.

Q. How can I remove rust stains from white materials?

A. By soaking the spots with lemon juice, and then sprinkling salt over the stained area. Lay the garment in the sun. Several applications may be necessary. Wash the fabric after the spot disappears.

Q. How can I insure the tufts on my chenille bedspreads retaining their original fluffiness after laundering?

A. Fold the wet spread, tufted side out, and pin it securely to the line outside. As the wind blows, the sides of the spread will rub together, causing the tufts to fluff out.

Q. How can I cleanse and soften my skin?

A. One very good treatment for this is wet cornmeal. Lemon juice is a good skin bleach and freckle lotion. And another effective skin food is peanut oil.

Q. How can I clean embroidery on an article that cannot be laundered?

A. Cover it with a thick paste of alcohol and powdered chalk, roll up and lay away in a dark place for a few days, then brush off the dry chalk.

Junior Editors Quiz on SALT WATER

QUESTION: What makes the water in the ocean salty?

★ ★ ★

ANSWER: For billions of years, the earth has been changing. The sand on the seashore was once a great amount of huge rocks. Over the centuries, the rocks were beaten by sea and wind and baked by the sun, so that in time they were broken down into sand. Some of these rocks were igneous rocks, which means they were produced by fire. For example, rocks that are part of volcanoes are igneous rocks. These rocks contain the salt that makes the ocean water taste salty. Igneous rocks on the ocean floor are ground into bits and spread throughout the water. The rivers grind up the rocks, too, and then swoop the rock material down into the ocean. Salt in the ocean is useful in many ways. It is much easier to keep afloat in the salty ocean than in a fresh water lake. Many products are extracted from ocean water, including iodine and milk of magnesia. Salt itself has been taken from the ocean. Originally, ocean salt was the only salt used, but today other sources have been found. Too much salt in the ocean is not good. The Dead Sea, for example, is so salty that fish cannot live in it.

★ ★ ★

FOR YOU TO DO: If you live near an ocean or salt water lake and also near a fresh water lake or swimming pool, swim in both kinds of water. See whether it is easier to float in the ocean.

Ohio Board Approves

OK Given Study Methods Of Teaching Communism

COLUMBUS, Ohio (AP) — A state study of the methods of teaching communism in schools has been given the go-ahead by the Ohio Board of Education.

The approval of the study, proposed by William T. Monroe of Euclid, came Monday on a 12-8 vote at the board's monthly meeting.

Monroe emphasized that the plan is not to evaluate the state's so-called "Spirit of '76" law. That law requires schools to give instruction in a series of subjects, including state and U. S. history, before students can be taught communism.

Rather he said the information gathered will include results of local, state and national studies as well as laws and practices of school boards governing instruction in American democracy and other forms of government.

Monroe said the objectives of his proposal are to gather information from throughout the nation so "we will be in position to respond to various pressures that will be brought to the board."

The board took final action to revoke two school charters, postponed the cases of nine others and for the first time dropped revocation proceedings against a high school.

The unprecedent dismissal was in the case of Ottoville High School in Putnam county. A re-examination of the school showed it no longer has minimum standards violations.

The two schools which lost their charters were Savannah and Union high schools in Richland County.

The postponed actions are for one year because district consolidations had been completed or are contemplated. Delayed until June 30, 1963, were charter revocations for Monroe, Darby, Williamsport - Atlanta and Jackson Twp., all of Pickaway County: Cumberland-Rushsylvania in Logan County, and Bladensburg in Knox County.

The 23-member board lost one member Monday with the resignation of Eric V. Weber of Cincinnati. Gov. Michael V. DiSalle is required by law to appoint a successor to fill the vacancy. Weber's term expires Dec. 31, 1963.

First steps were taken to revoke the teaching certificates of two teachers who pleaded guilty to morals charges. The board was informed that James R. Burton of Summit County had committed an offense in California and that his California teaching certificate had been revoked. Floyd C. Dickman of Mercer County was the second teacher. Board hearings for both men were set for April 16.

In other actions, the board:

Approved for submission to voters 20 local board bond issues which would exceed 6 per cent of the local tax duplicate but come within the 9 per cent legal ceiling.

Adopted a resolution commending astronaut John Glenn for his courage and inspiration to Ohio school children. It was pointed out that Glenn's father had been a longtime member of the New Concord school board and served as president for four years.

Judge's Decision Due On Billboard Issue

LIMA, Ohio (AP)—The decision of Common Pleas Court Judge Donald Davison on the constitutionality of Ohio's ban on billboards along interstate highways will apply to both the old and new state laws, the judge said today.

Court action in Allen County began in November 1960 when the old law was in effect. Judge Davison has motions on both laws before him. He said his decision could be expected soon.

Firemen Of Calcutta Will See Fire Truck Demonstration

A new fire truck will be demonstrated Sunday by the Ward-LaFrance Co. for Calcutta volunteer firemen, it was announced when firemen met Monday night in the station.

Calcutta firemen have invited representatives from local departments to the demonstration from 7 to 8 p. m. at the Calcutta fire hall.

Firemen have raised over $8,000 — about half of the cost of a new truck — and are making plans for the annual fund-raising campaign for 1962.

Administration of the oral polio vaccine will be held in the fire hall March 21 and March 24 at 7 p. m., it was announced.

A committee, Dale Horger, Robert White and Clarence Dick, was commended by Chief Laverne Seckman for painting the interior of the auditorium at the fire hall. Six colors were used.

Norman Neal, president, who was injured badly in a fall from a roof sometime ago, visited the fire hall Saturday. Neal is undergoing treatment at St. Francis Hospital in Pittsburgh and is home only on weekends. He is able to walk with the aid of canes, firemen reported.

It was announced the Tri-State Firemen's Association will meet in Calcutta March 30.

Next meeting is March 19 with officers to be nominated. The election will be March 26. Dale Horger, vice president, presided.

Six More Volunteers Aid In Fund Campaign

Six additional workers for the Residential Division of the local Red Cross campaign have been announced by Mrs. Myer Alpern, divisional chairman.

They are Mrs. Karl Reed, captain, and Mrs. Demaree Burns and Miss Karlene Reed, workers, in the Westfield District, and Miss Cheryl Green, Miss Jill Salsberry and Miss Christine Carmichael in the Pleasant Heights District.

County Draft Board Sends 7 For Induction

LISBON — Seven men were sent to Cleveland Monday afternoon for induction by Columbiana County Draft Board 16.

The inductees are William E. Dunlap, Carl L. Westlake, William D. Betz, Gary L. Perkins, Edwin A. Orr, Hugh A. Springer and James A. Burgess.

The board will forward 23 to Cleveland next Monday for pre-induction physical examinations, according to Mrs. Elaine Griffith, clerk.

Hearing Slated At Warren On Taxpayers' Suit

WARREN, Ohio (AP)—A hearing on a taxpayers' suit seeking to halt payments to contractors of a multi-million - dollar sewer project is set for Thursday.

The suit was filed by Warren attorneys Mark J. Williams and Allan Larmi shortly after work on the $4.5 million sewage treatment plant was halted in December.

The contractors are the Ferrera and Boam construction companies of Livonia, Mich. They moved some heavy equipment to three sites Monday in preparation for resuming work.

A grand jury investigated the first project shutdown last September and later indicted seven persons on bribery and extortion charges in connection with alleged shakedowns of the contractors.

Three former Warren councilmen are now in prison. Two other persons convicted are free pending the outcome of their appeals. Charges against a seventh were dropped.

Nationwide Puts Life Insurance Within the Reach of Every Family

Quantity Discounts, Bigger Dividends Help Lower Costs

Among Nationwide's most popular features are (a) "quantity discounts," which progressively lower premiums on each $1,000 of life insurance over $4,000, and (b) increased dividends.

In addition to early cash and loan values, young family men particularly like our Guaranteed Insurability Option. This assures the right to buy additional insurance later on, without medical examination, regardless of health.

Also available as optional extras are Double Indemnity, which doubles a policy's face amount in the event of accidental death, and Disability Waiver of Premium, which cancels premiums falling due after a policyholder has been disabled by accident or illness for six months.

With every Nationwide policy you have a broad selection of settlement options. Many of these allow benefits or cash values to be paid in a choice of annuity-type installments.

The above features, and many more, guarantee you *extra* value through flexibility that lets your life insurance keep up-to-date with your changing needs and plans.

Your Nationwide agent, a neighbor in your community, is always at your service. He'll review your insurance program with you regularly to make sure its provisions always match your requirements.

Every family now can afford enough life insurance—thanks to Nationwide. Even fathers who think they're "insurance poor" will benefit from a talk with a Nationwide agent. His skill and experience, his interest in serving you best, and his complete range of modern coverages, will mean more protection and added savings for you.

Progressive Organization Offers Complete New Choice Of Budget-Priced Policies

In keeping with its principle of providing the finest protection at the lowest possible cost, Nationwide Insurance recently streamlined its entire life insurance portfolio. The best features of standard policies have been retained, the range and scope of coverages broadened, new policies developed and set in a rate structure second to none within the insurance industry.

Greater Values and Savings

Result? Budget-conscious families can now buy more of the protection today's cost-of-living demands. Young fathers can now afford the insurance they need during the family's growing years.

Today, through Nationwide, you can choose a plan which matches your exact requirements *and* your resources. Whether it's maximum coverage at lowest cost, systematic savings at a guaranteed rate of interest, or a realistic combination of protection *and* savings, your Nationwide agent has a plan for you. Every family can now have the vital protection they need while they save for retirement.

Expert Assistance Available

Nationwide also offers you—at no charge or obligation—the professional services of highly trained, experienced insurance agents. Since your local Nationwide agent offers a *complete* range of insurance products, he can recommend the life insurance policy which best fits your *total* protection picture. He can provide you with a coordinated, *all-around* protection program, with no dangerous gaps or costly overlaps, no needless waste or extras...all at minimum cost!

For full details, call your nearest Nationwide representative. He's listed in the "Insurance" section of your Yellow Pages.

Nationwide Widely Known As A Company That's Different

Murray D. Lincoln

Murray D. Lincoln, Nationwide's President, is often asked, "What's so different about Nationwide?" His reply usually begins, "Nothing much...if all you want is a company that collects premiums and has the resources to pay claims.

"But," he hastily adds, "if you're looking for something more—the satisfaction, say, of knowing that your premiums are buying insurance designed to protect real people rather than statistics...or if you think it's a healthy idea for policyholders to have a real voice in their company's operation—then Nationwide *is* different.

"This organization was started thirty-five years ago by people in search of low-cost insurance. We grew, expanded our coverages, were invited into neighboring states, because our kind of insurance was *needed*.

"Nationwide continues to build on the fundamental principle that whenever we're confronted with new problems, all of us, working together, can find new and better solutions to these problems."

Outstanding Values In Business Life Insurance

More and more executives, too, are selecting Nationwide plans for their companies' business life insurance coverage—including key man, sole proprietorship, partnership, and close corporation insurance. Individual-policy pension trust plans are also offered.

Especially advantageous to businessmen is Nationwide's Executive Equity Plan, which features rapidly accumulating cash values resulting in minimum net cost to the purchaser.

A complete range of flexible, low-cost plans is also offered on a group basis, customarily combined with group health coverage in a complete employee benefit program, often partnered with a funded retirement or pension program. Featured among Nationwide's Group coverages are those especially designed for smaller organizations. Available in most states are: MINI-GROUP, a top-benefit plan for firms having 10-49 employees, and EFP (EMPLOYEE FAMILY PLAN), a "big company" employee-and-dependents program for groups as small as *three*.

Also noteworthy is our small-company Retirement Security Plan (RSP), which can provide stockholder-employees with up to $96,000 cash—or $670 per month—at retirement, with all rates and benefits guaranteed for life.

All Nationwide agents are authorized to offer business life insurance protection, and all are backed by experienced Nationwide technical specialists, both at the Home Office and in the field.

Nationwide Life Insurance Plans Are Designed to Meet Every Need

Whatever your age, earnings and family circumstances, your Nationwide agent will recommend the plan—or combination of plans—that will do the best job for you. Here are just a few of the new Nationwide coverages offered:

For Young Families

For young fathers with limited budgets there's the MODIFIED 3 TO 10 PLAN. Especially designed for the "getting started" years, it offers sharply reduced premiums during the plan's first 10 years. Later, regular premiums are offset by higher dividends and accumulated cash values.

Also for young family men is Nationwide's FAMILY INCOME PLAN, which provides maximum protection during children's dependent years. Then, after the children are grown, your basic protection continues, but at a lower premium.

Many families, too, prefer the savings offered by Nationwide's all-in-one FAMILY POLICY, which insures all the family in a single plan. Dad has the greatest protection, while Mom and the youngsters are insured for smaller amounts.

For New Homeowners

For the homeowner, there's the low-premium MORTGAGE PROTECTION plan. Its face amount decreases gradually year-by-year, along with your mortgage—but there's always enough insurance to cover your unpaid balance.

Your Nationwide man is also equipped with a full line of streamlined ORDINARY (or WHOLE) LIFE and ENDOWMENT plans, which provide permanent protection plus cash values you may use at retirement. He also offers a choice of low cost TERM (or TEMPORARY) insurance plans, which may be converted later to a permanent plan without medical examination.

Full details on *all* Nationwide plans are available through your local Nationwide agent. He has only one purpose: to provide you with the best protection at the lowest possible cost.

Your Nationwide Agent

Your neighborhood Nationwide representative is fully licensed under the insurance laws of your state. This means that his qualifications to serve you have been thoroughly examined and approved. In addition, his knowledge of life insurance and how it may best work for you is continually expanded through systematic training and refresher courses by Nationwide. Thus, you'll always find him a sound businessman and a valuable friend—and you may talk with him as you would your family doctor.

Ohio Board Approves

OK Given Study Methods Of Teaching Communism

COLUMBUS, Ohio (AP) — A state study of the methods of teaching communism in schools has been given the go-ahead by the Ohio Board of Education.

The approval of the study, proposed by William T. Monroe of Euclid, came Monday on a 12-8 vote at the board's monthly meeting.

Monroe emphasized that the plan is not to evaluate the state's so-called "Spirit of '76" law. That law requires schools to give instruction in a series of subjects, including state and U. S. history, before students can be taught communism.

Rather he said the information gathered will include results of local, state and national studies as well as laws and practices of school boards governing instruction in American democracy and other forms of government.

Monroe said the objectives of his proposal are to gather information from throughout the nation so "we will be in position to respond to various pressures that will be brought to the board."

The board took final action to revoke two school charters, postponed the cases of nine others and for the first time dropped revocation proceedings against a high school.

The unprecedent dismissal was in the case of Ottoville High School in Putnam county. A reexamination of the school showed it no longer has minimum standards violations.

The two schools which lost their charters were Savannah and Union high schools in Richland County.

The postponed actions are for one year because district consolidations had been completed or are contemplated. Delayed until June 30, 1963, were charter revocations for Monroe, Darby, Williamsport - Atlanta and Jackson Twp., all of Pickaway County: Cumberland-Rushsylvania in Logan County, and Bladensburg in Knox County.

The 23-member board lost one member Monday with the resignation of Eric V. Weber of Cincinnati. Gov. Michael V. DiSalle is required by law to appoint a successor to fill the vacancy. Weber's term expires Dec. 31, 1963.

First steps were taken to revoke the teaching certificates of two teachers who pleaded guilty to morals charges. The board was informed that James R. Burton of Summit County had committed an offense in California and that his California teaching certificate had been revoked. Floyd C. Dickman of Mercer County was the second teacher. Board hearings for both men were set for April 16.

In other actions, the board:

Approved for submission to voters 20 local board bond issues which would exceed 6 per cent of the local tax duplicate but come within the 9 per cent legal ceiling.

Adopted a resolution commending astronaut John Glenn for his courage and inspiration to Ohio school children. It was pointed out that Glenn's father had been a longtime member of the New Concord school board and served as president for four years.

Judge's Decision Due On Billboard Issue

LIMA, Ohio (AP)—The decision of Common Pleas Court Judge Donald Davison on the constitutionality of Ohio's ban on billboards along interstate highways will apply to both the old and new state laws, the judge said today.

Court action in Allen County began in November 1960 when the old law was in effect. Judge Davison has motions on both laws before him. He said his decision could be expected soon.

Firemen Of Calcutta Will See Fire Truck Demonstration

A new fire truck will be demonstrated Sunday by the Ward-LaFrance Co. for Calcutta volunteer firemen, it was announced when firemen met Monday night in the station.

Calcutta firemen have invited representatives from local departments to the demonstration from 7 to 8 p. m. at the Calcutta fire hall.

Firemen have raised over $8,000 — about half of the cost of a new truck — and are making plans for the annual fund-raising campaign for 1962.

Administration of the oral polio vaccine will be held in the fire hall March 21 and March 24 at 7 p. m., it was announced.

A committee, Dale Horger, Robert White and Clarence Dick, was commended by Chief Laverne Seckman for painting the interior of the auditorium at the fire hall. Six colors were used.

Norman Neal, president, who was injured badly in a fall from a roof sometime ago, visited the fire hall Saturday. Neal is undergoing treatment at St. Francis Hospital in Pittsburgh and is home only on weekends. He is able to walk with the aid of canes, firemen reported.

It was announced the Tri-State Firemen's Association will meet in Calcutta March 30.

Next meeting is March 19 with officers to be nominated. The election will be March 26. Dale Horger, vice president, presided.

Six More Volunteers Aid In Fund Campaign

Six additional workers for the Residential Division of the local Red Cross campaign have been announced by Mrs. Myer Alpern, divisional chairman.

They are Mrs. Karl Reed, captain, and Mrs. Demaree Burns and Miss Karlene Reed, workers, in the Westfield District, and Miss Cheryl Green, Miss Jill Salsberry and Miss Christine Carmichael in the Pleasant Heights District.

County Draft Board Sends 7 For Induction

LISBON — Seven men were sent to Cleveland Monday afternoon for induction by Columbiana County Draft Board 16.

The inductees are William E. Dunlap, Carl L. Westlake, William D. Betz, Gary L. Perkins, Edwin A. Orr, Hugh A. Springer and James A. Burgess.

The board will forward 23 to Cleveland next Monday for preinduction physical examinations, according to Mrs. Elaine Griffith, clerk.

Hearing Slated At Warren On Taxpayers' Suit

WARREN, Ohio (AP)—A hearing on a taxpayers' suit seeking to halt payments to contractors of a multi-million - dollar sewer project is set for Thursday.

The suit was filed by Warren attorneys Mark J. Williams and Allan Larmi shortly after work on the $4.5 million sewage treatment plant was halted in December.

The contractors are the Ferrera and Boam construction companies of Livonia, Mich. They moved some heavy equipment to three sites Monday in preparation for resuming work.

A grand jury investigated the first project shutdown last September and later indicted seven persons on bribery and extortion charges in connection with alleged shakedowns of the contractors.

Three former Warren councilmen are now in prison. Two other persons convicted are free pending the outcome of their appeals. Charges against a seventh were dropped.

Nationwide Puts Life Insurance Within the Reach of Every Family

Quantity Discounts, Bigger Dividends Help Lower Costs

Among Nationwide's most popular features are (a) "quantity discounts," which progressively lower premiums on each $1,000 of life insurance over $4,000, and (b) increased dividends.

In addition to early cash and loan values, young family men particularly like our Guaranteed Insurability Option. This assures the right to buy additional insurance later on, without medical examination, regardless of health.

Also available as optional extras are Double Indemnity, which doubles a policy's face amount in the event of accidental death, and Disability Waiver of Premium, which cancels premiums falling due after a policyholder has been disabled by accident or illness for six months.

With every Nationwide policy you have a broad selection of settlement options. Many of these allow benefits or cash values to be paid in a choice of annuity-type installments.

The above features, and many more, guarantee you *extra* value through flexibility that lets your life insurance keep up-to-date with your changing needs and plans.

Your Nationwide agent, a neighbor in your community, is always at your service. He'll review your insurance program with you regularly to make sure its provisions always match your requirements.

Every family now can afford enough life insurance—thanks to Nationwide. Even fathers who think they're "insurance poor" will benefit from a talk with a Nationwide agent. His skill and experience, his interest in serving you best, and his complete range of modern coverages, will mean more protection and added savings for you.
